Supplementary material for Nilsson M, et al. A study of patients not registered in the Swedish cancer register but reported to the Swedish register of palliative care 2009 as deceased due to cancer. Acta Oncol 2014;53:414–9.

Supplementary Table I. Distribution for age and sex for the 183 cases in the study that should have been reported to the SCR.

Age (years)	Men (n)	Women (n)	Both genders (n)	Both genders (%)
30–40	1	0	1	0.5
40–50	3	0	3	1.5
50–60	3	3	6	3
60–70	16	9	25	14
70–80	26	20	46	25
80–90	42	38	80	44
90–100	9	13	22	12
Total	100	83	183	100

Supplementary Table II. Distribution of department reporting to the SRPC in the 183 cases of cancer not reported to the SCR.

Department reporting to the SRPC	Number of patients	Percent of patients (%)
Nursing home	25	14
Short-time care home	22	12
Hospital ward-not palliative	18	10
Hospice/palliative hospital ward	63	34.5
Specialized palliative home care	40	22
Basal home care	6	3
Primary healthcare unit	3	1.5
Palliative consultant team	6	3
Total	183	100
