Metal-Free Transformation of Sulfonyl Oxime Ethers with Amines to Oxime Ethers

Jia-Yuan Zhang,^{†,||} Jinglin Hu,^{†,||} Xiao-Xuan Li^{*,†}, Wei-Ke Tang,[†] and Yi-Si Feng,^{*,†,§}

[†]Anhui Province Key Laboratory of Advance Catalytic Materials and Reaction Engineering, School of Chemistry and Chemical Engineering, Hefei University of Technology, Hefei 230009, P. R. China

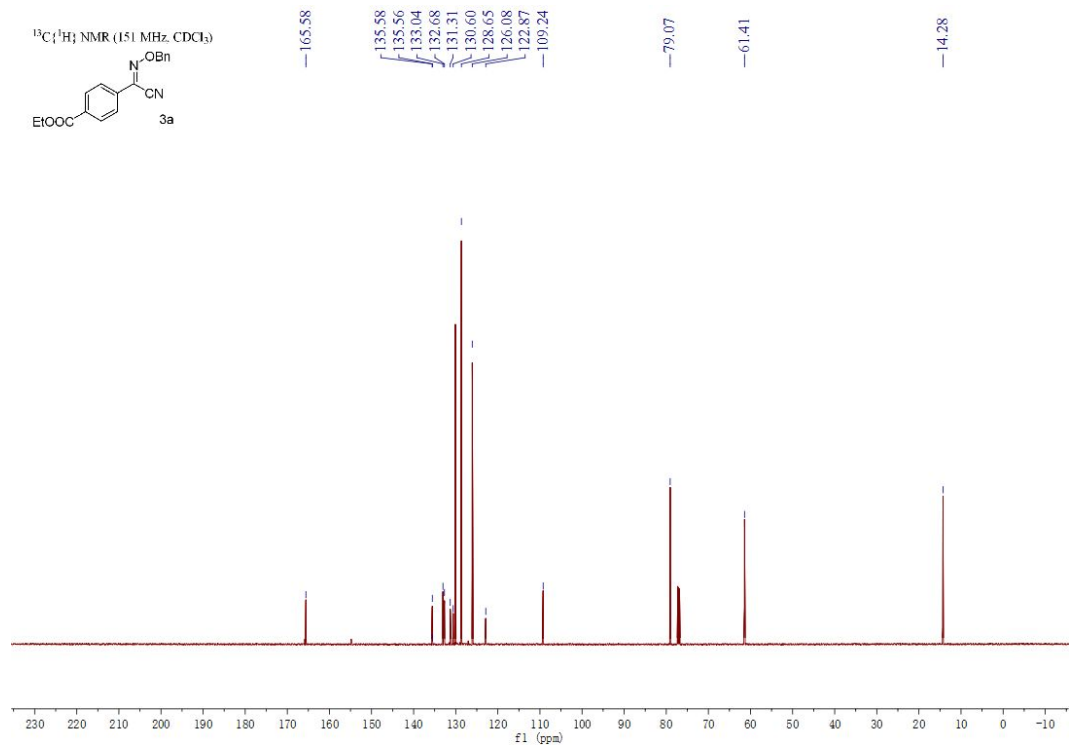

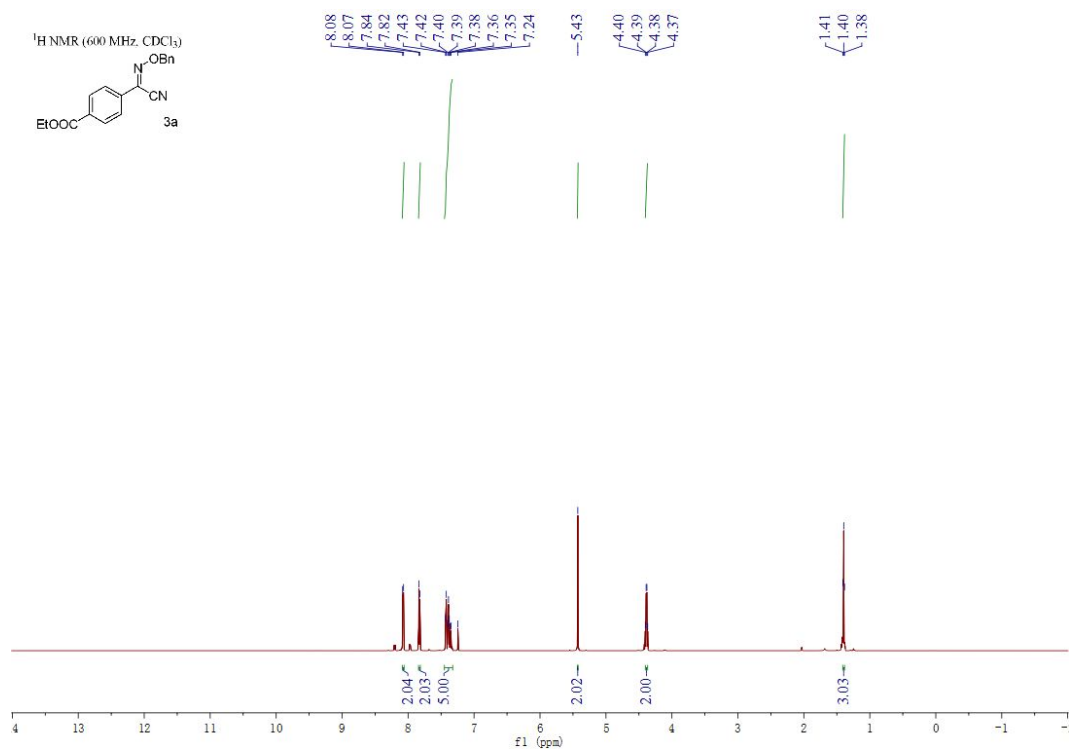

[§]Anhui Provincial Laboratory of Heterocyclic Chemistry, Maanshan 243110, P. R. China

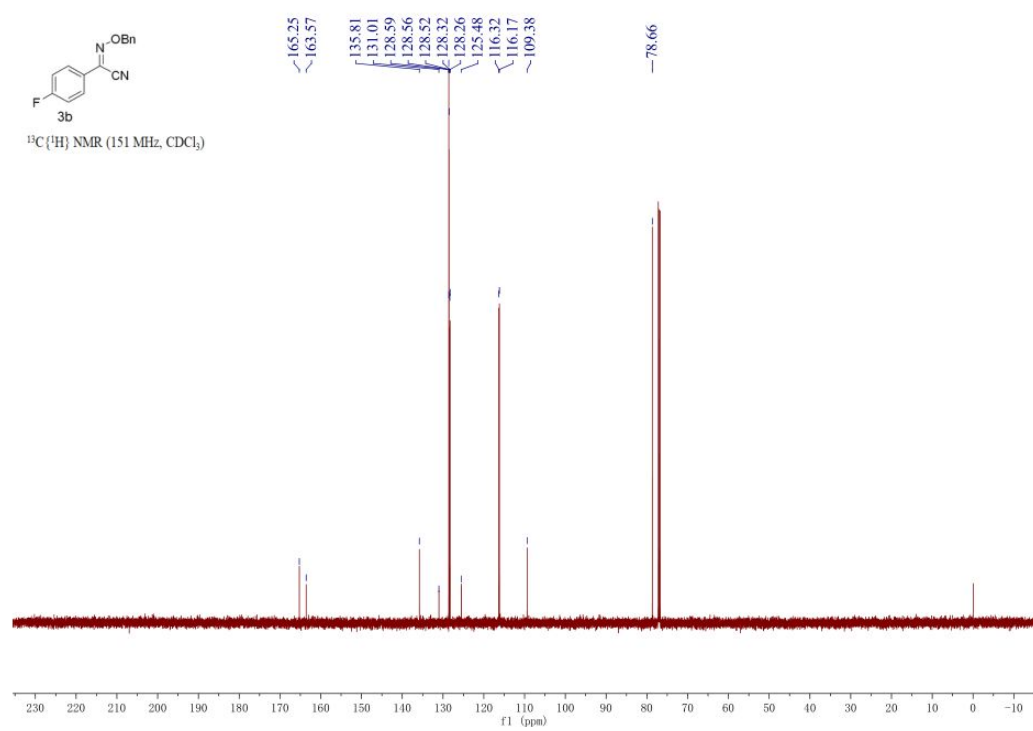

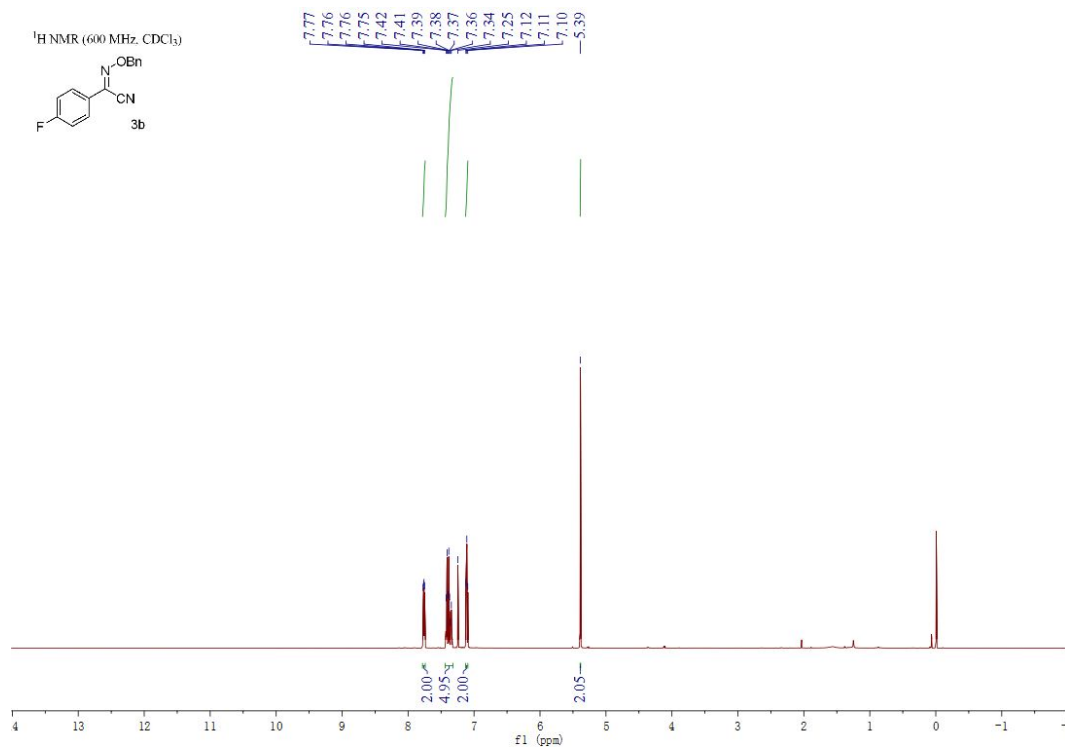

E-mail: fengyisi@hfut.edu.cn

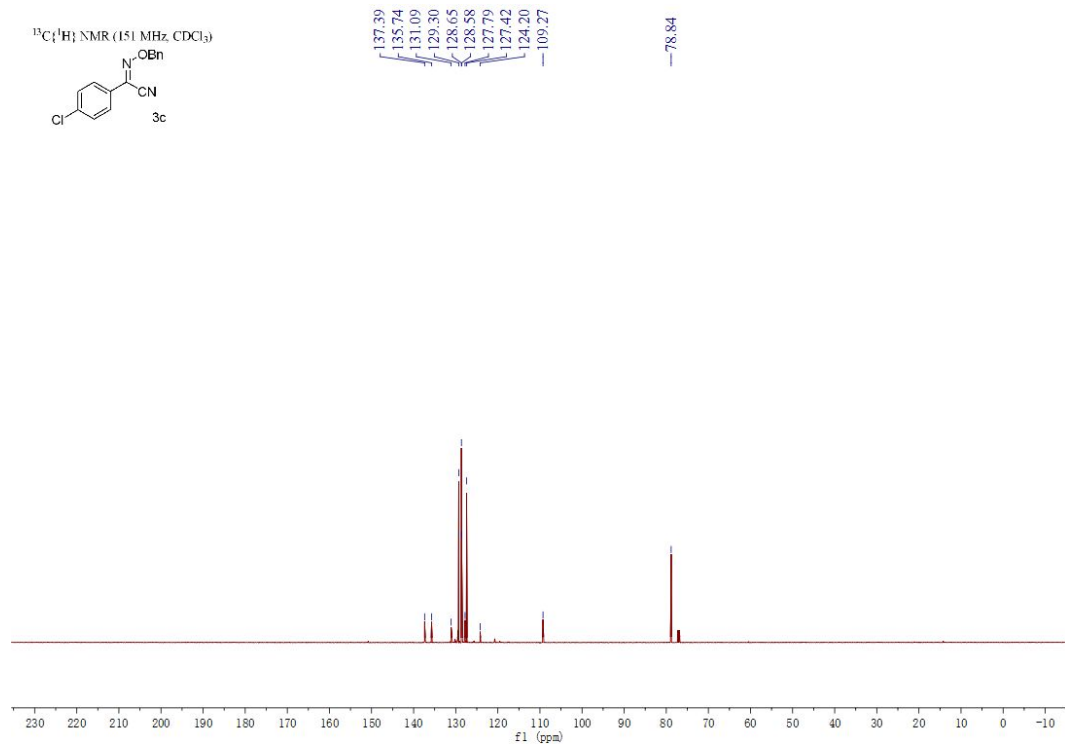

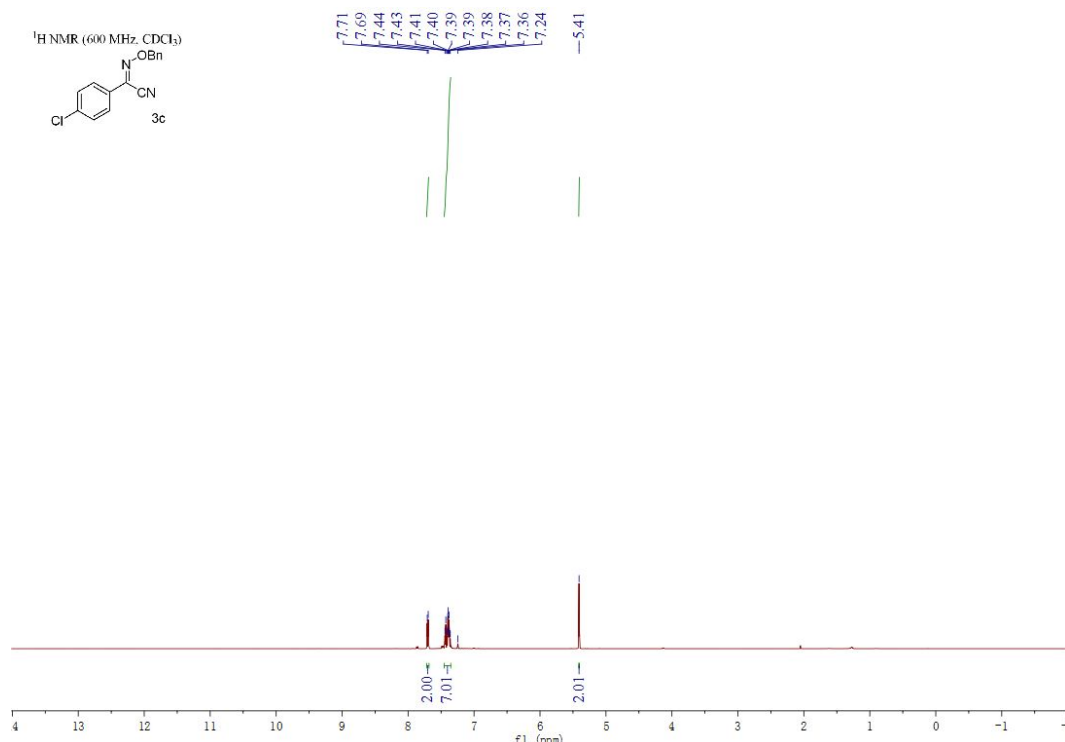

Table of Contents

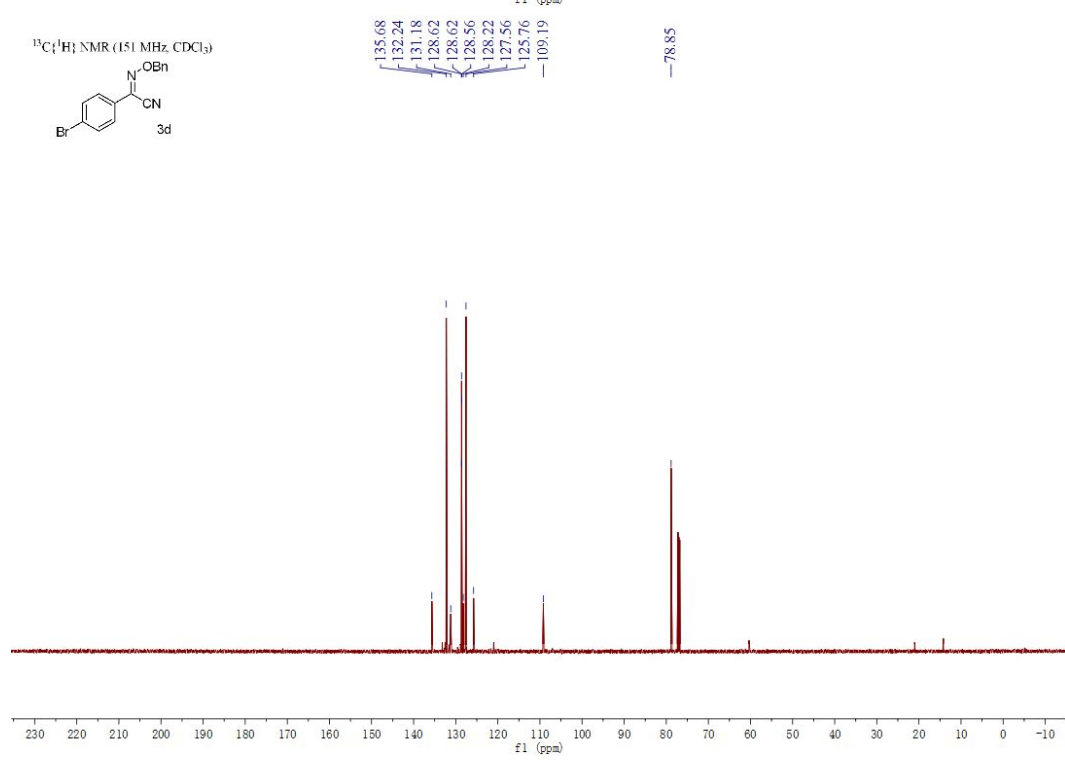

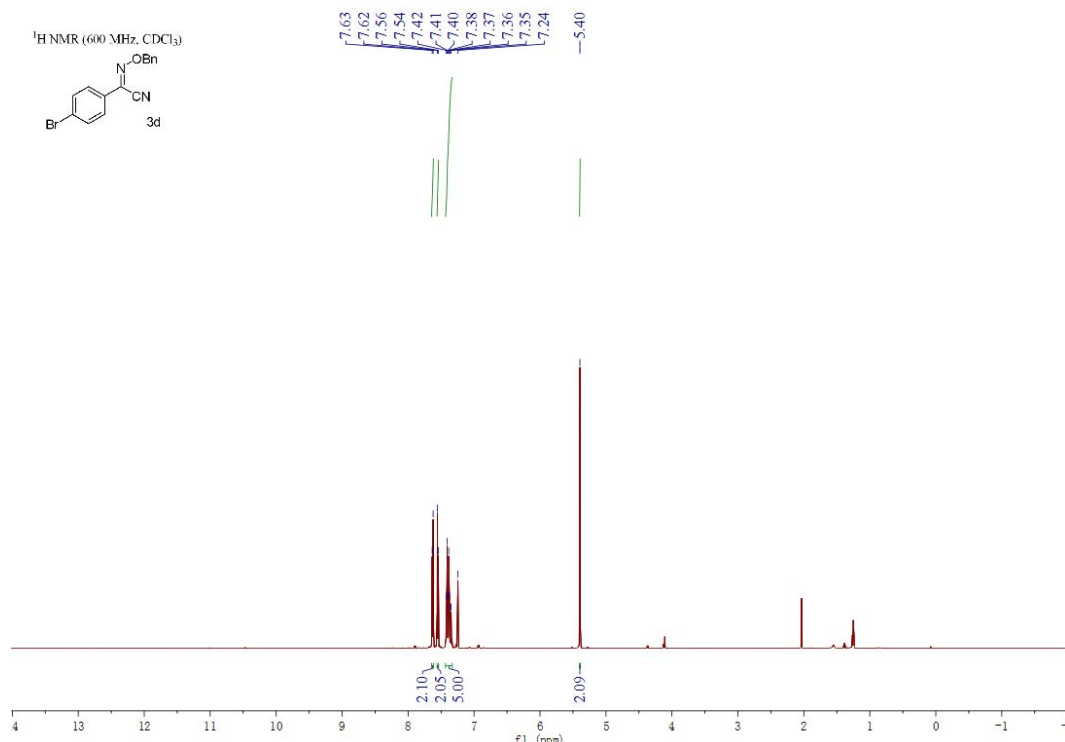

1. ¹ H and ¹³ C{ ¹ H} NMR spectra for products.....	S2
2. GC-MS data spectra of radical capture experiment.....	S36

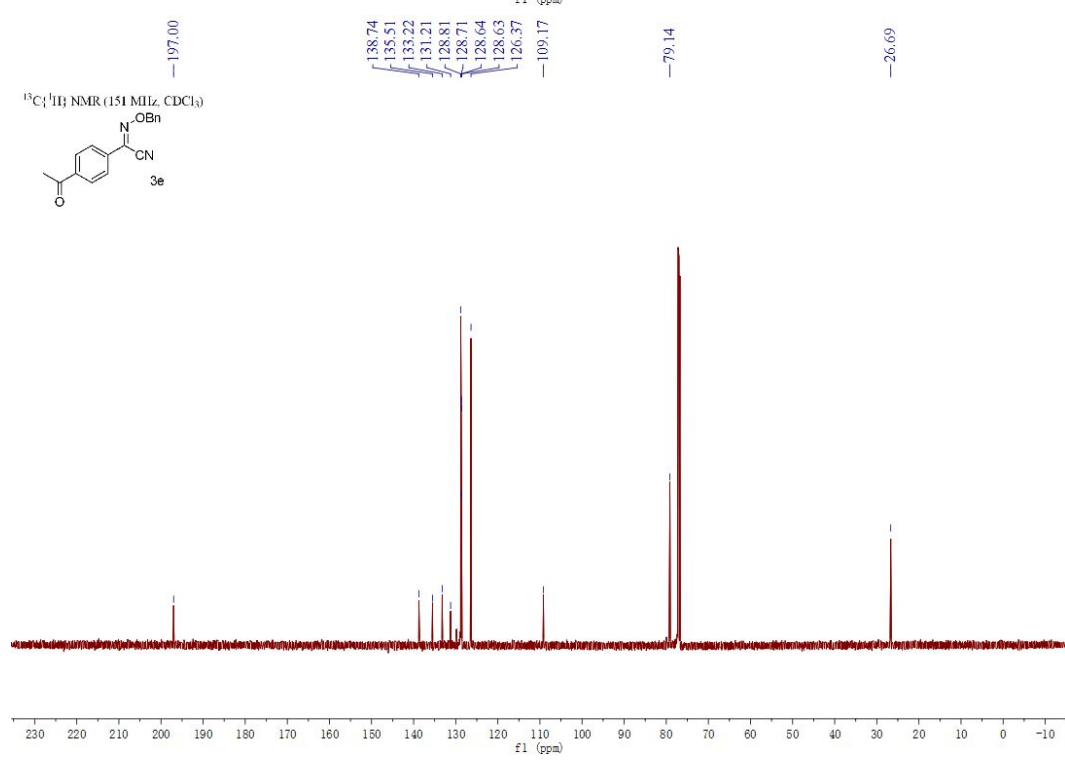

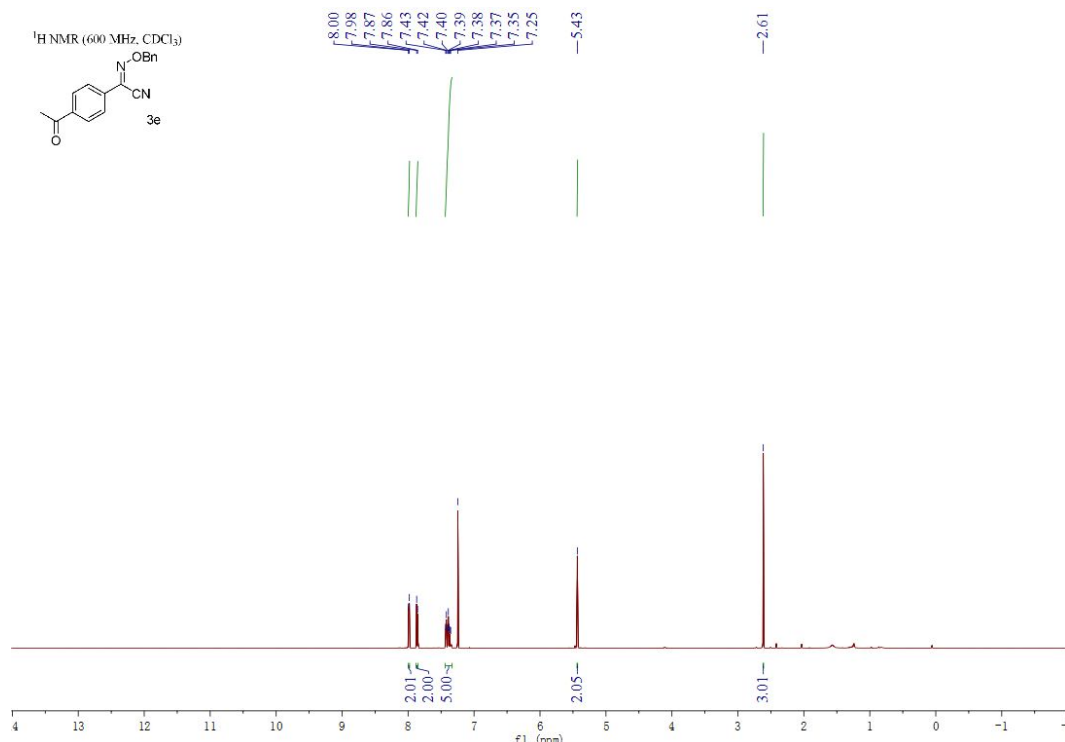

1. ^1H and $^{13}\text{C}\{^1\text{H}\}$ NMR spectra for products.

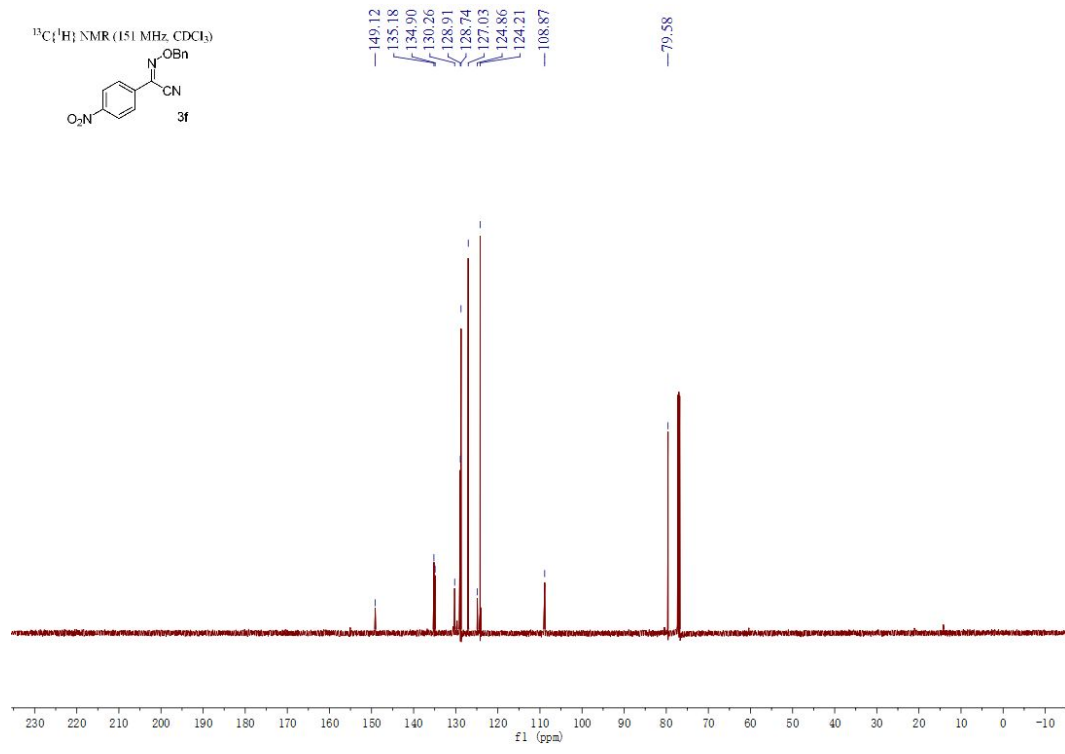

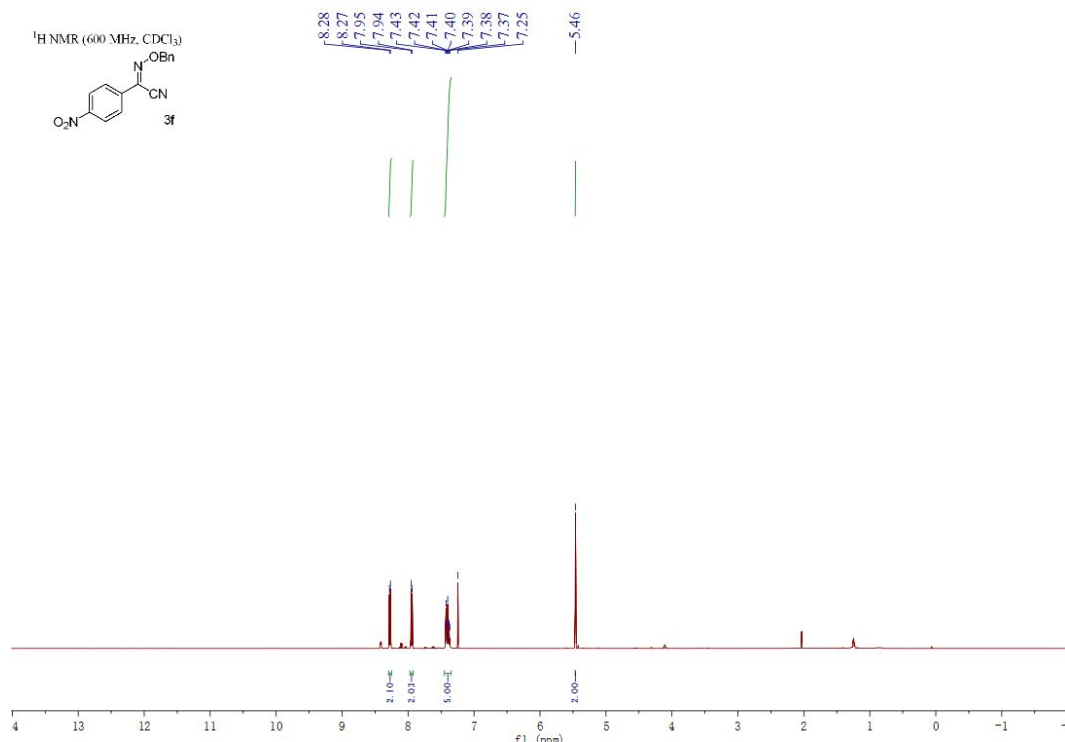

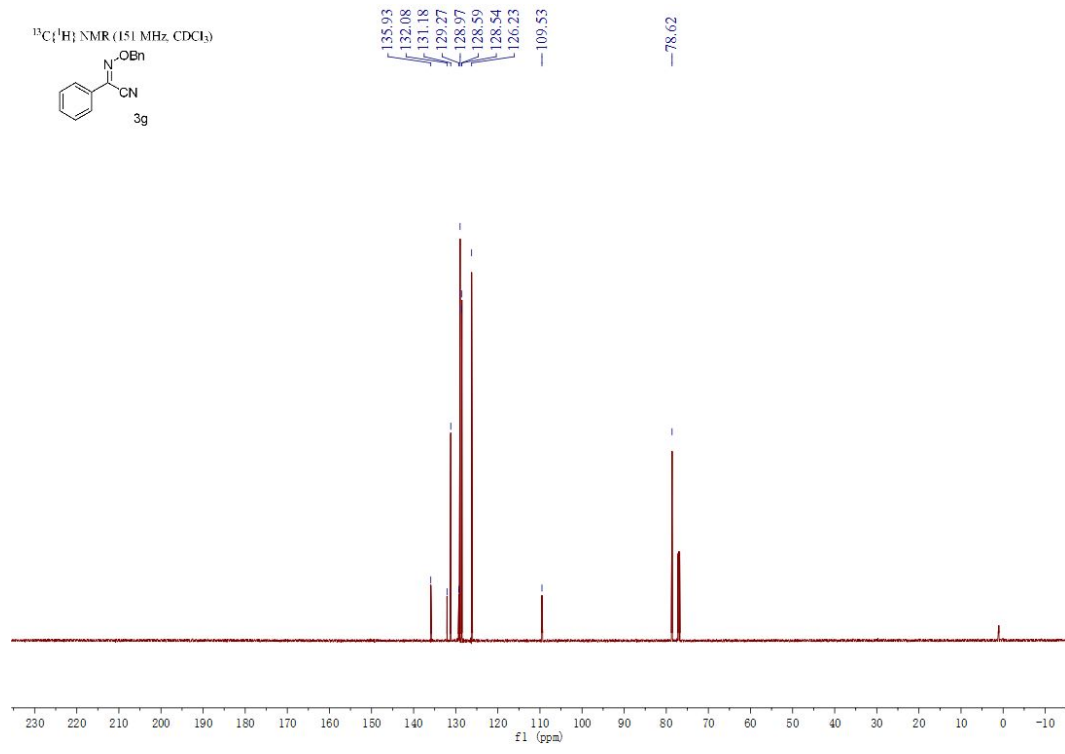

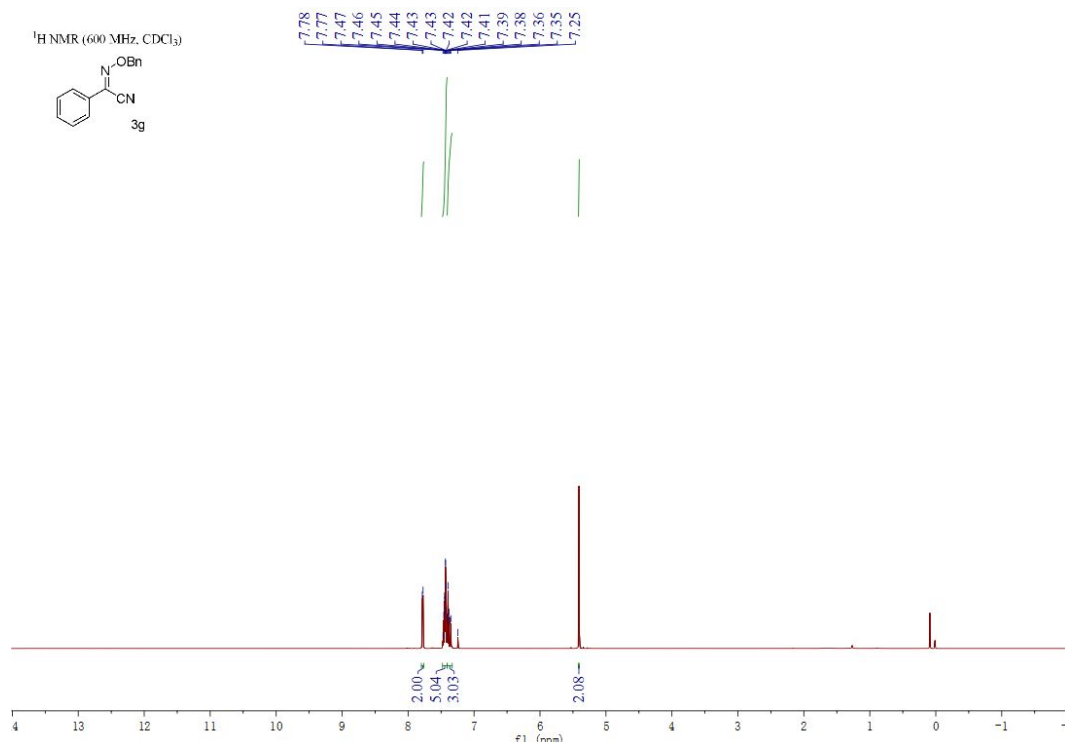

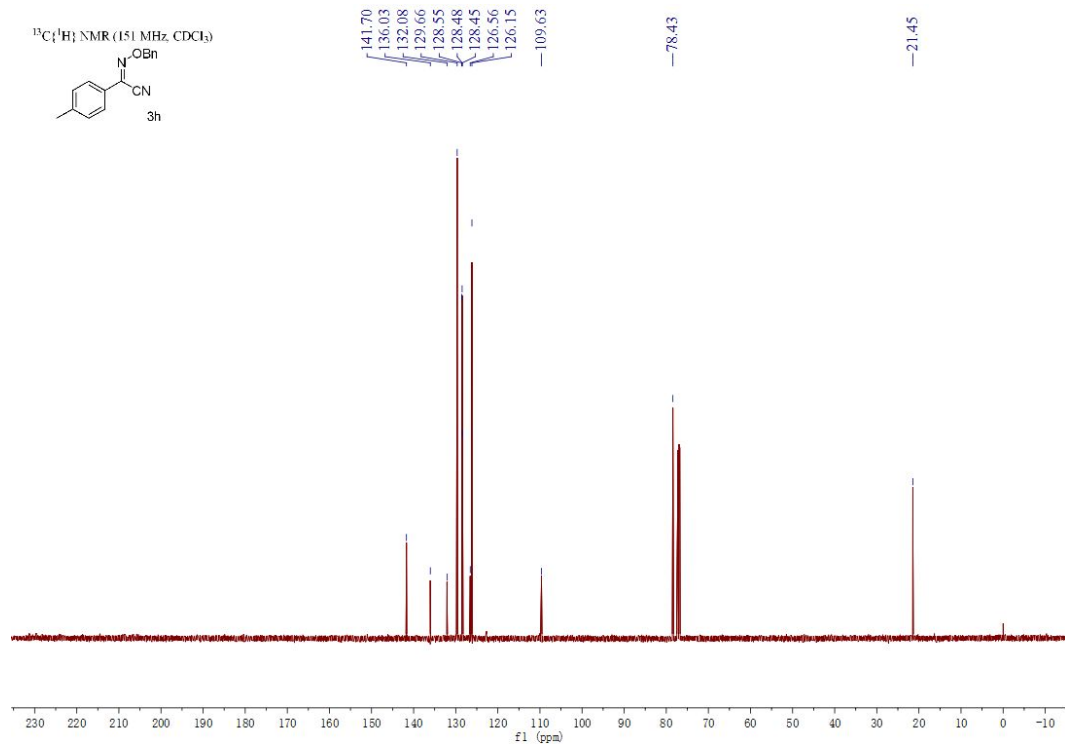

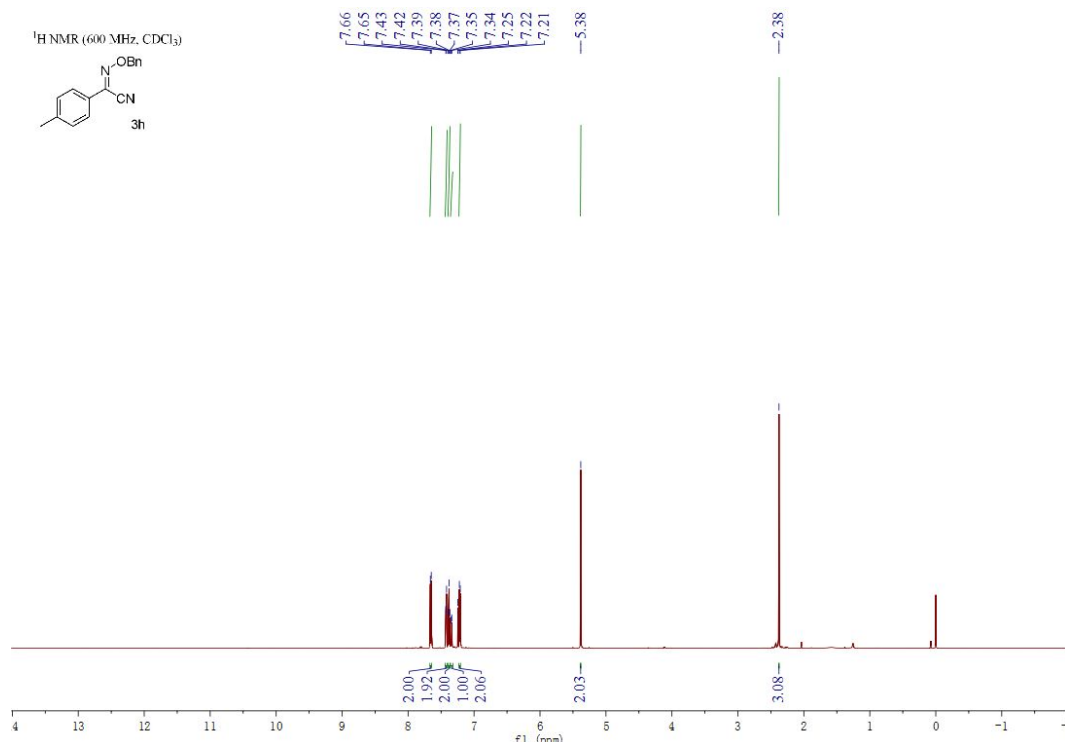

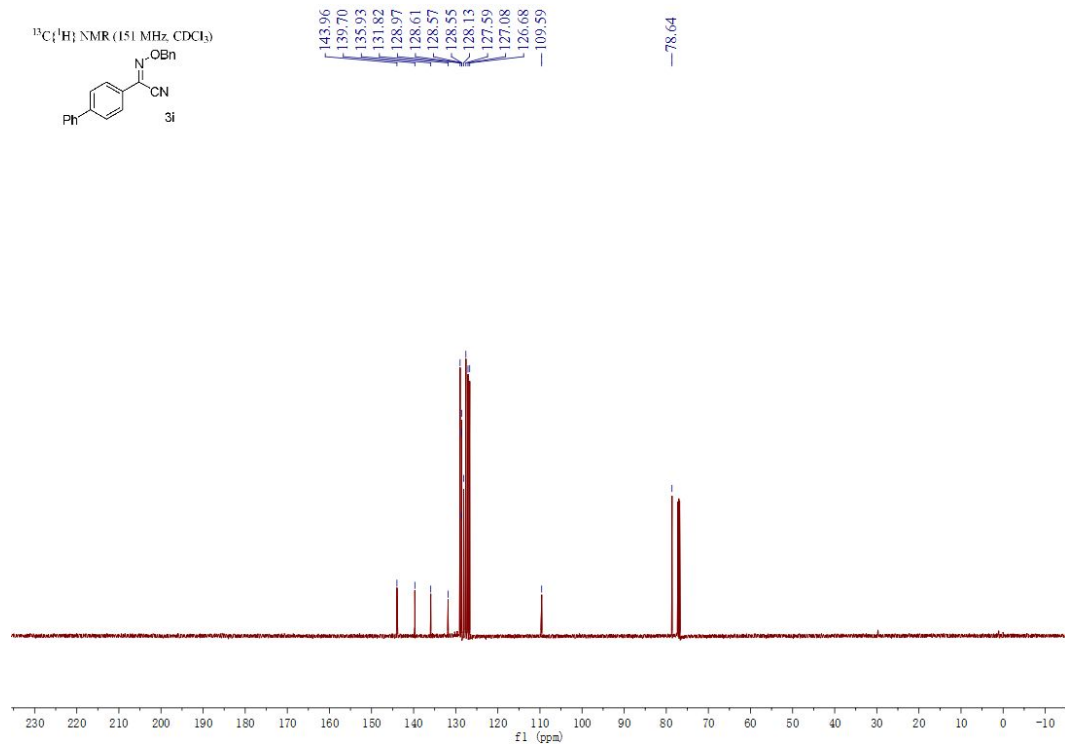

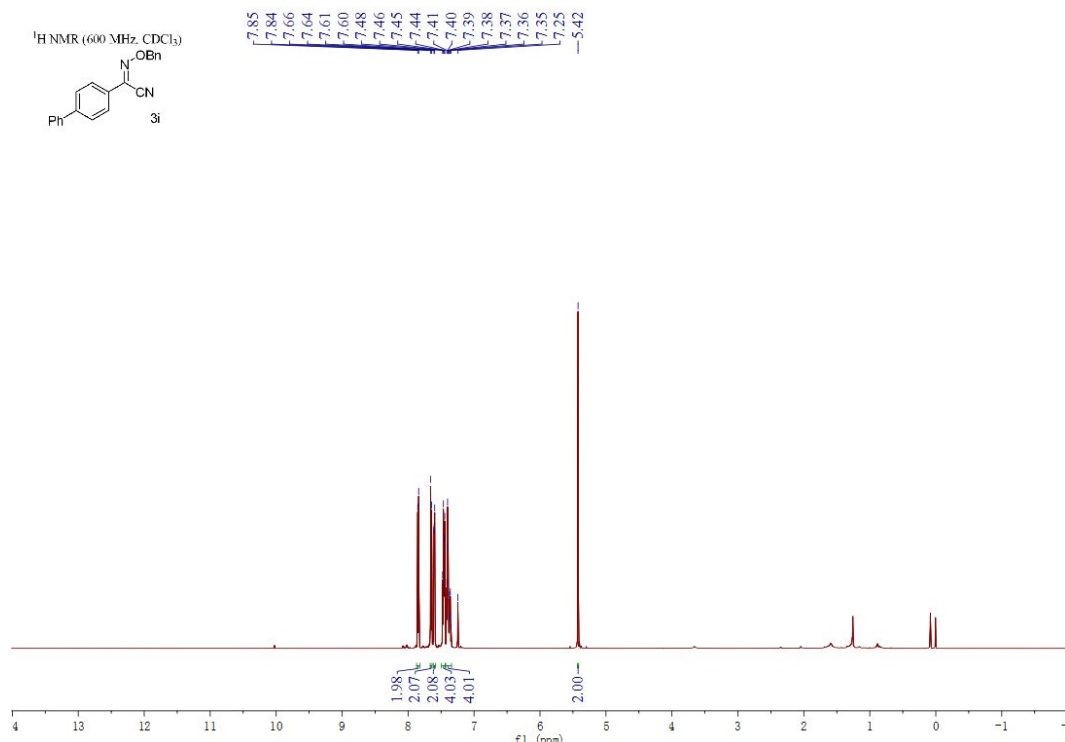

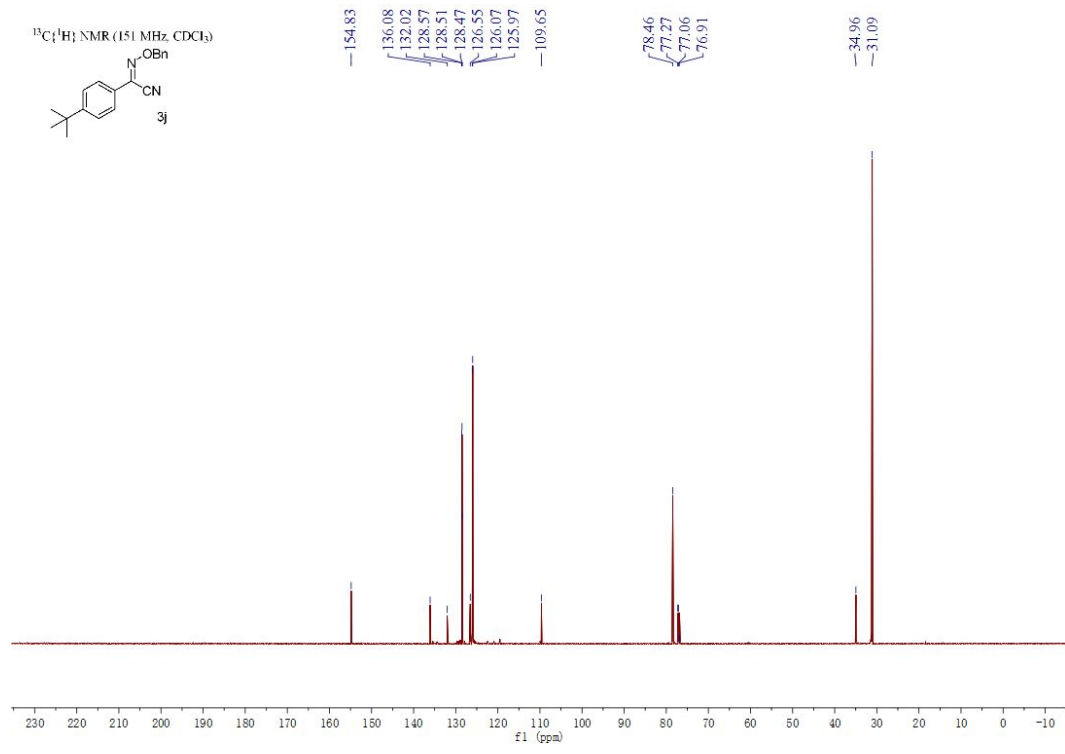

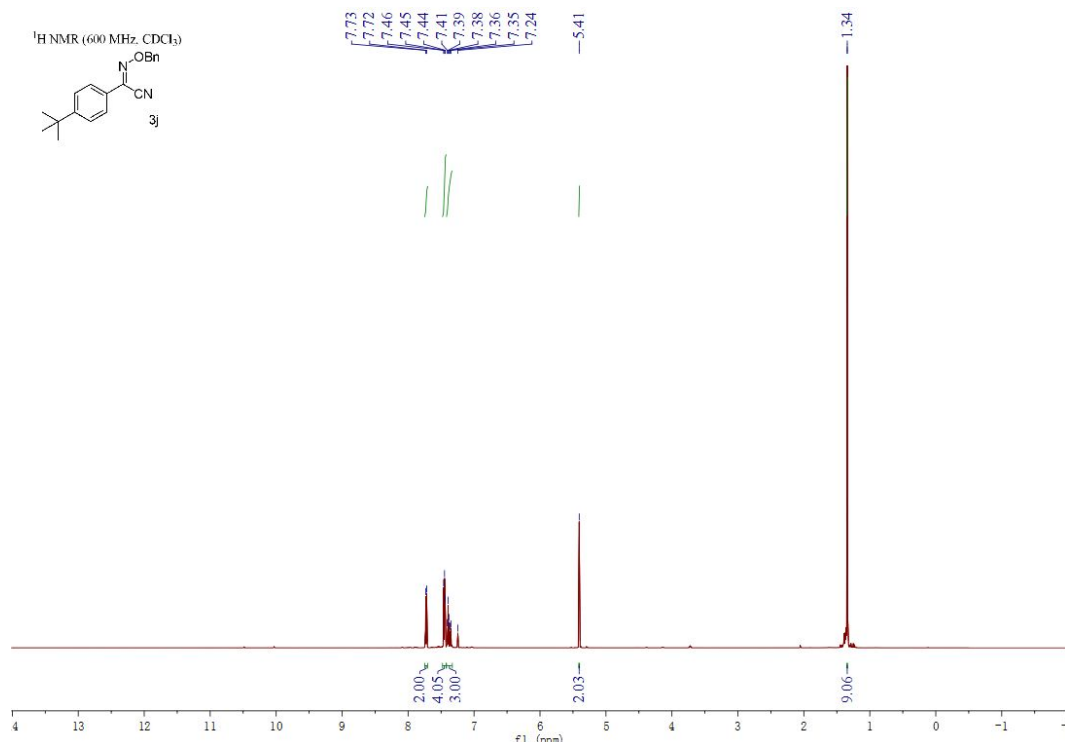

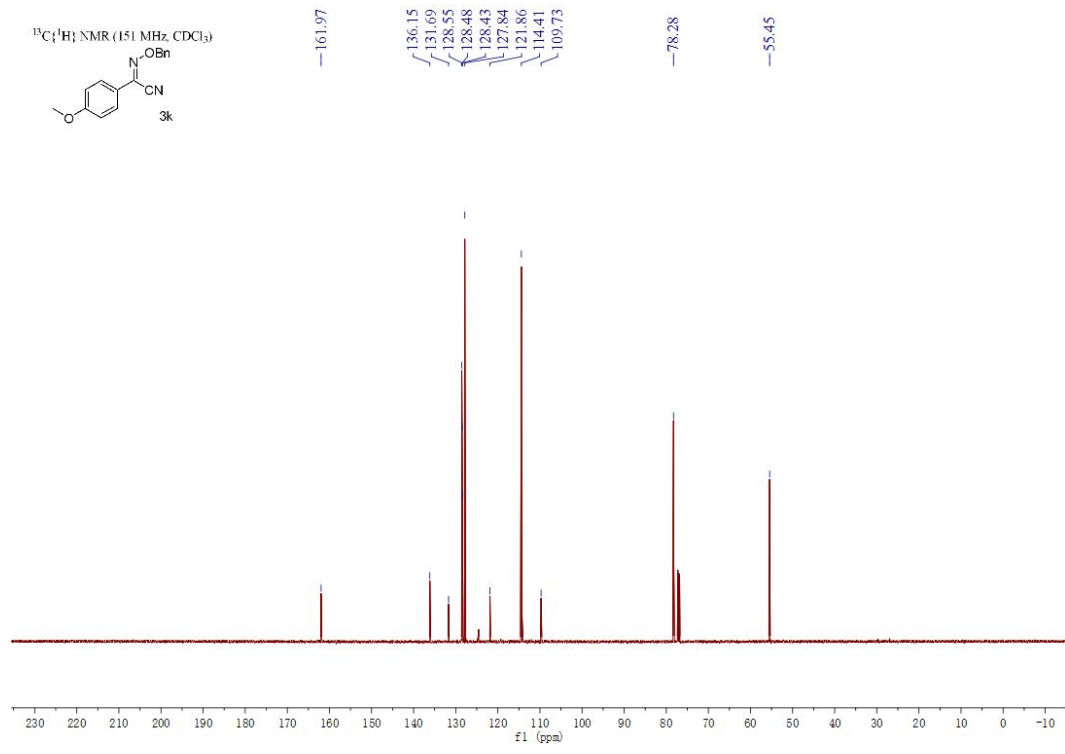

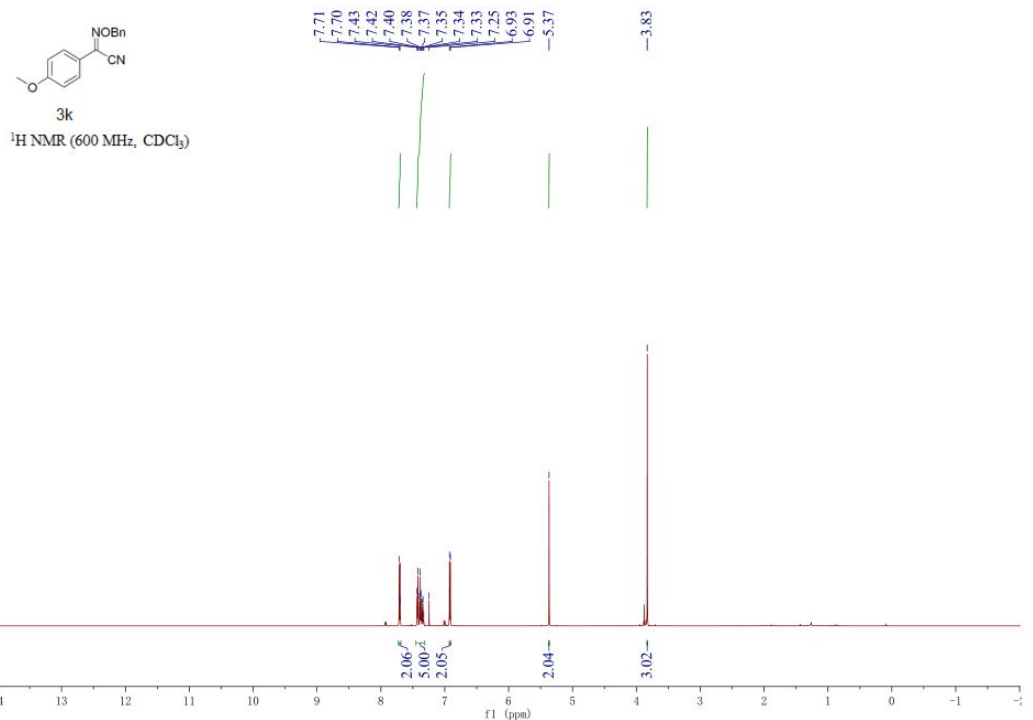

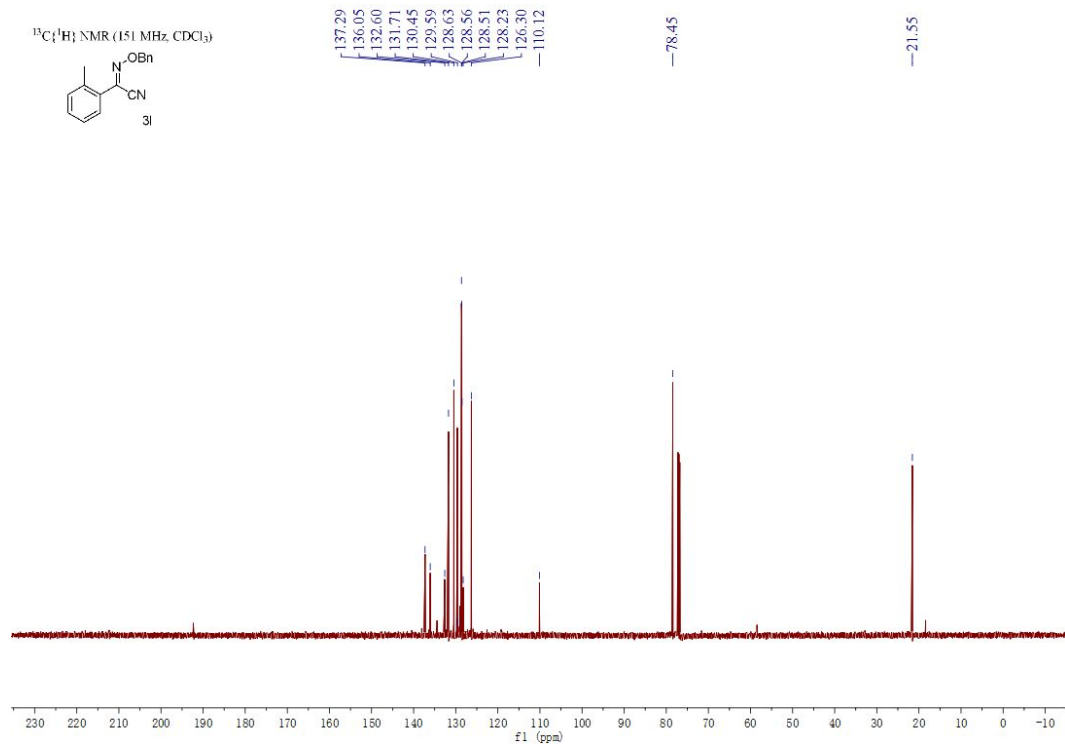

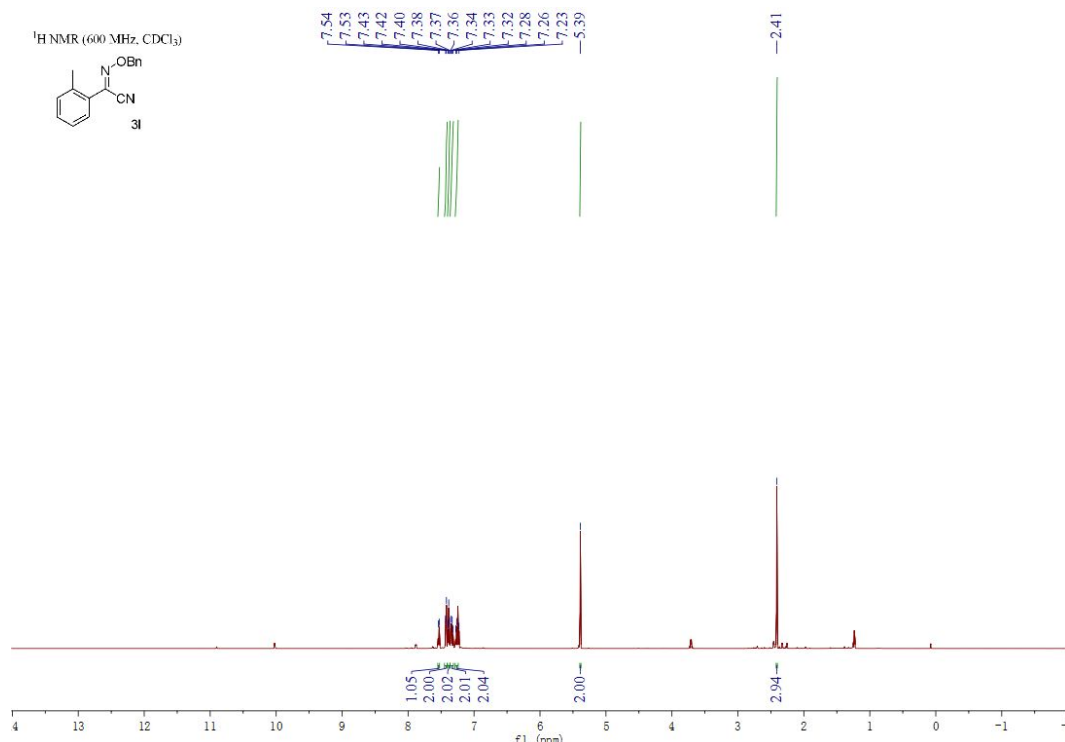

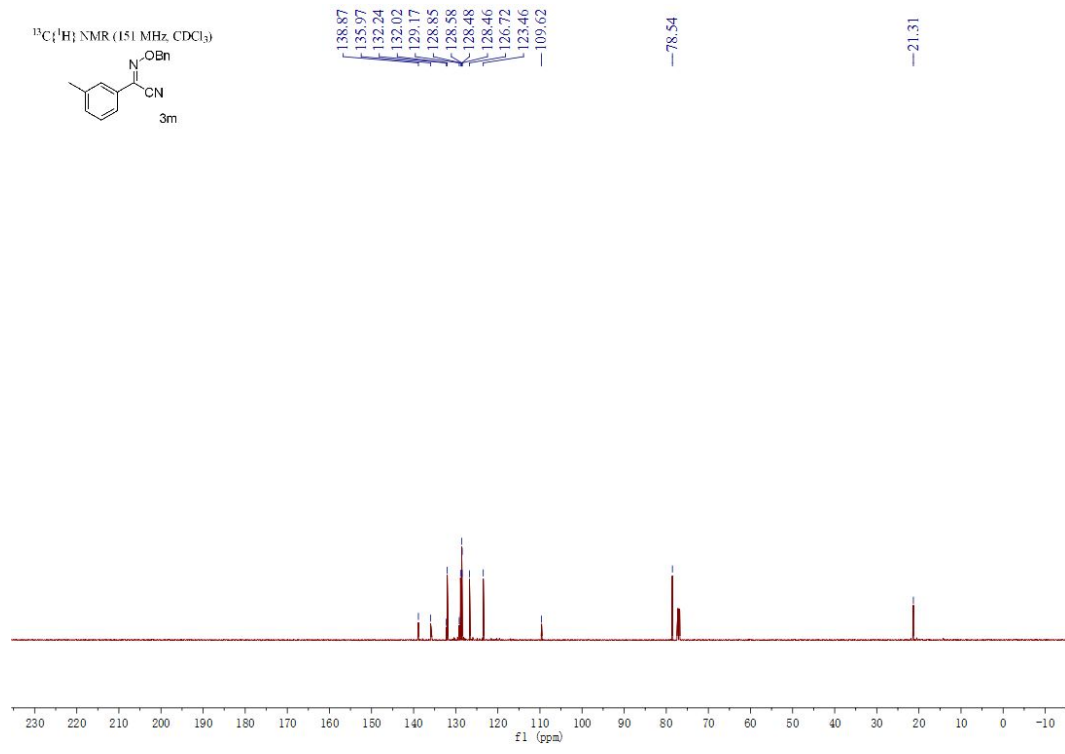

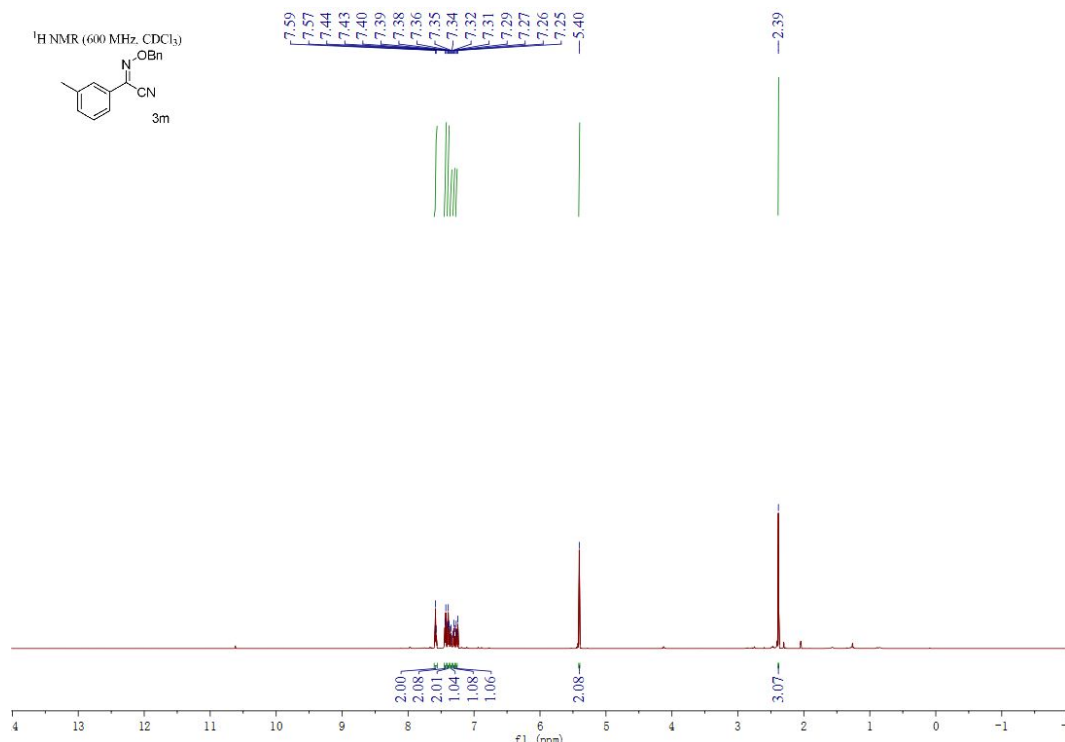

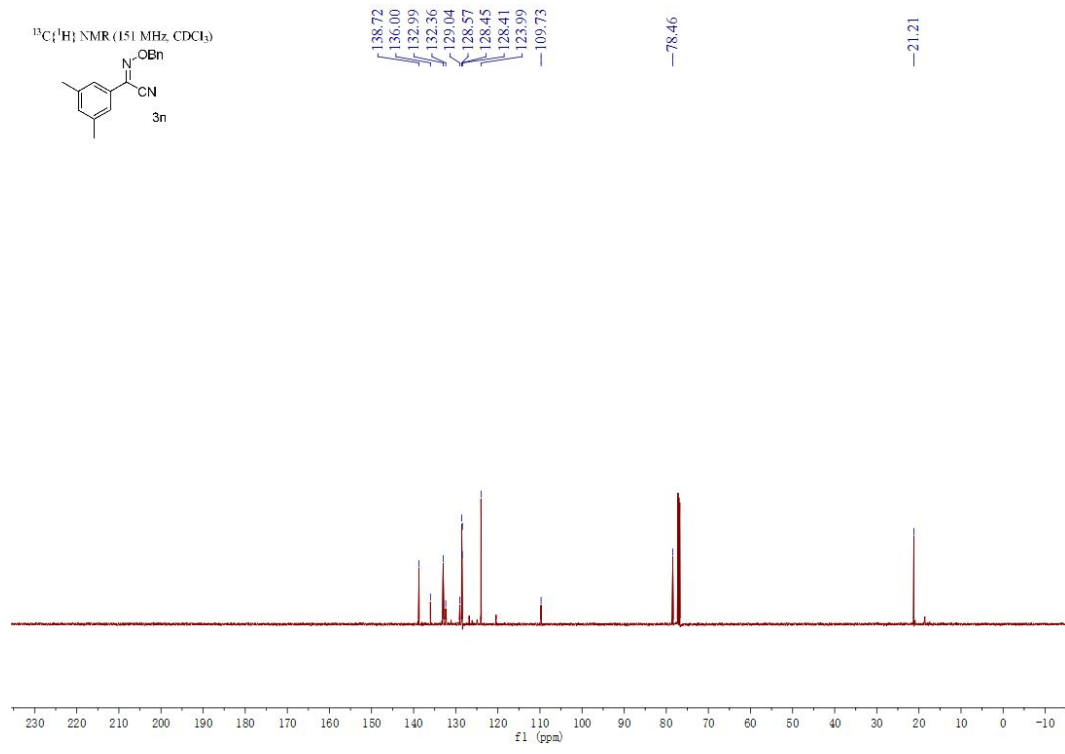

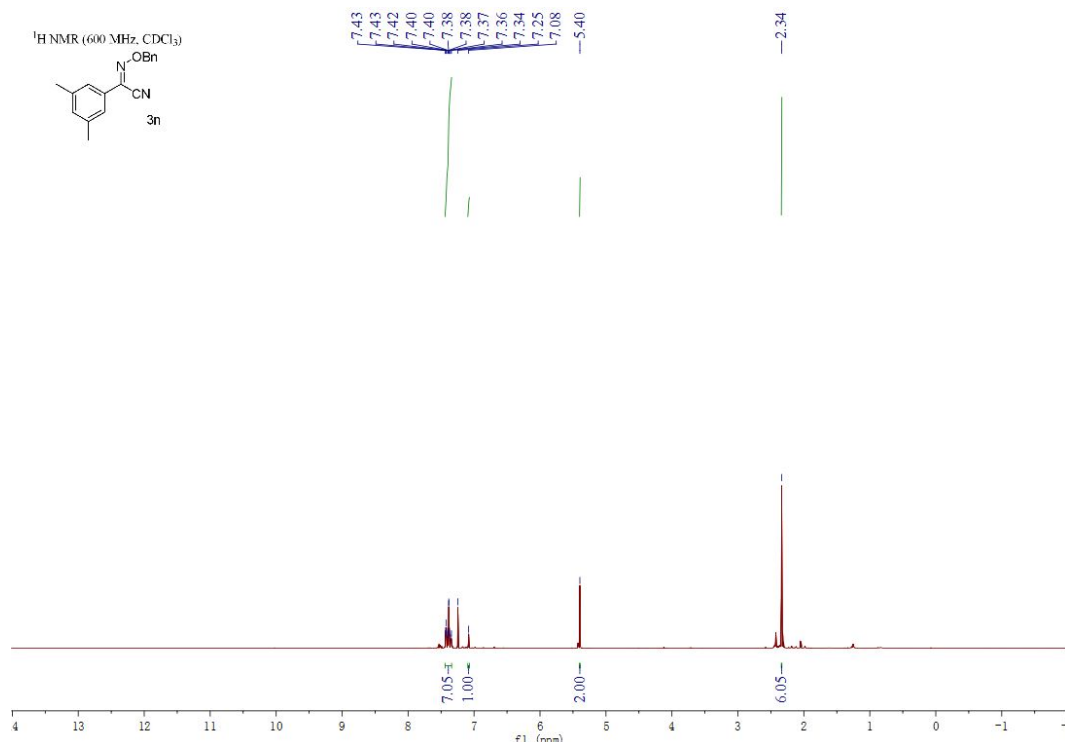

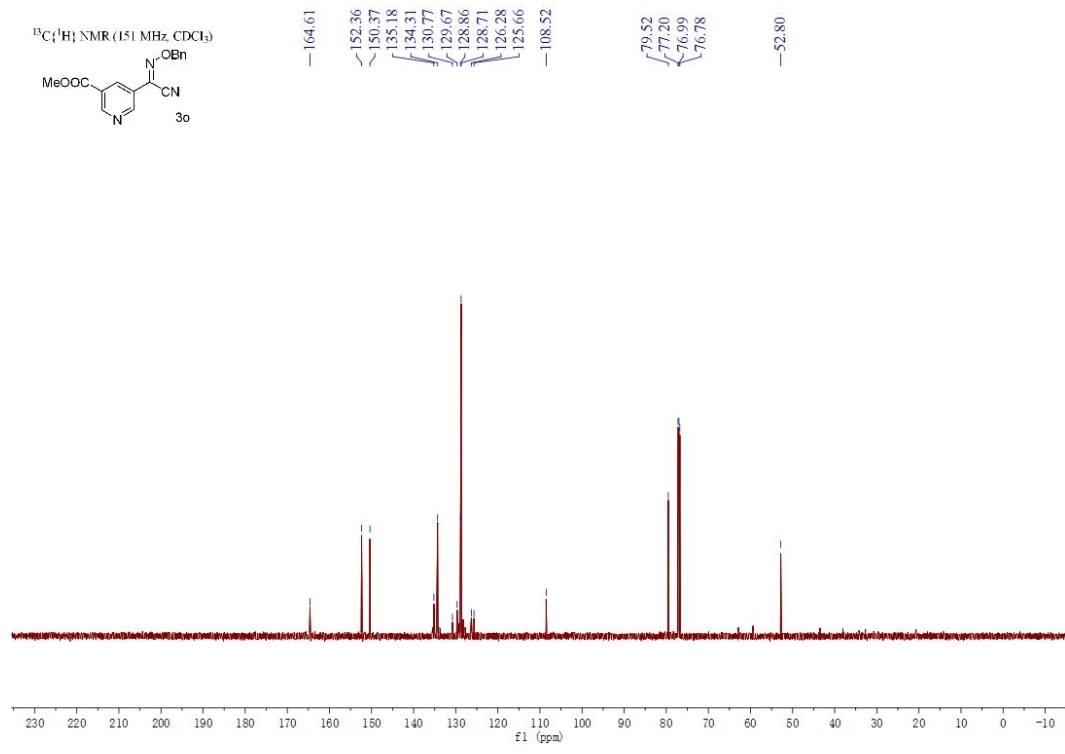

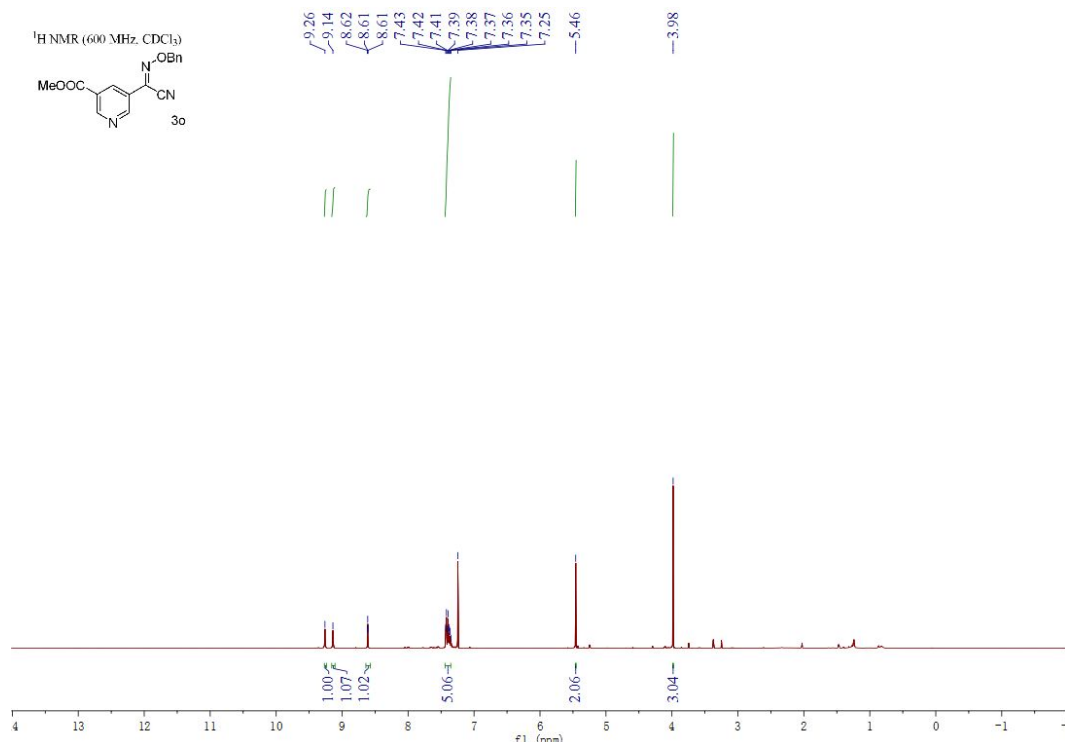

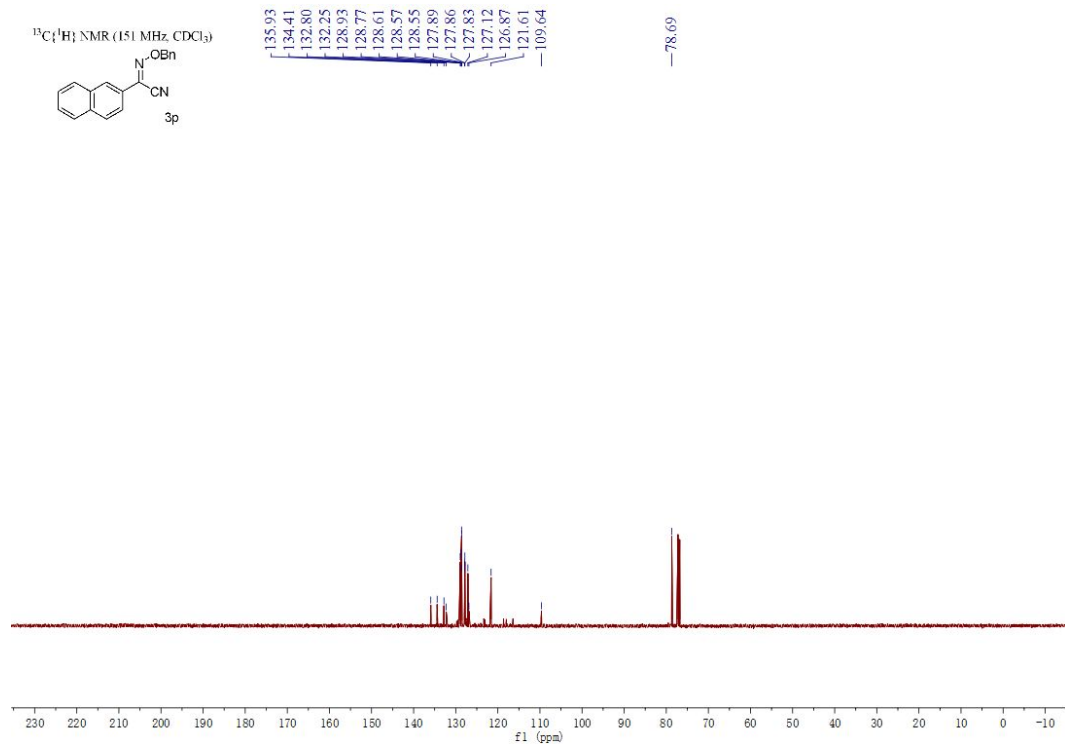

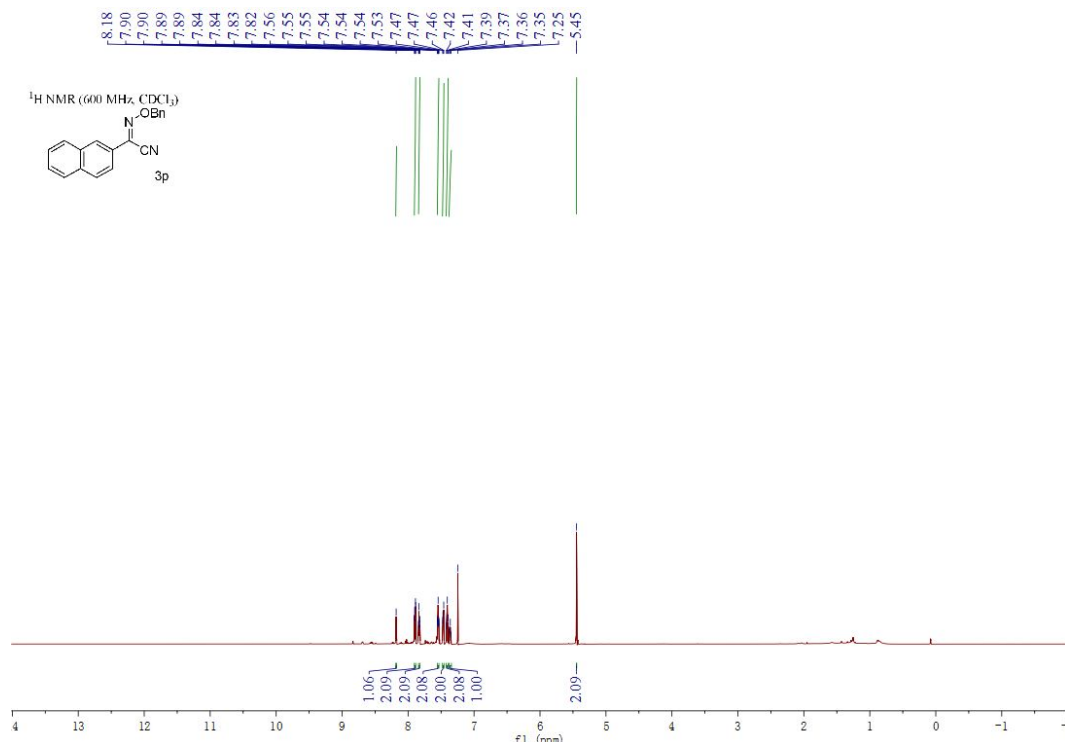

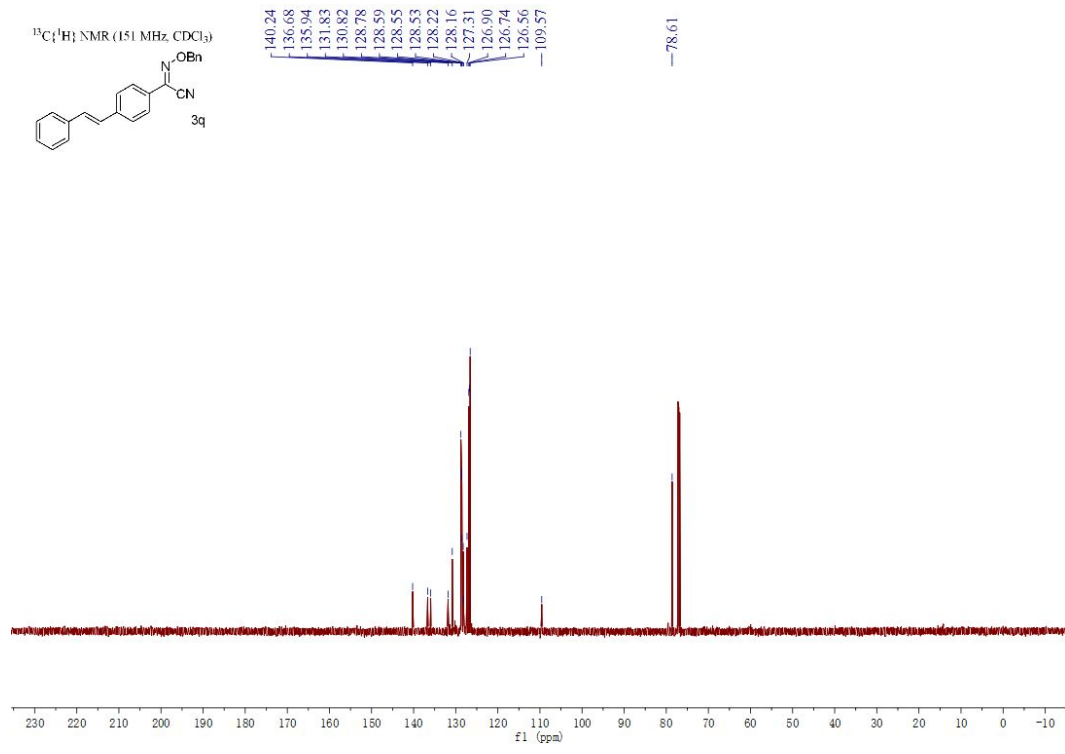

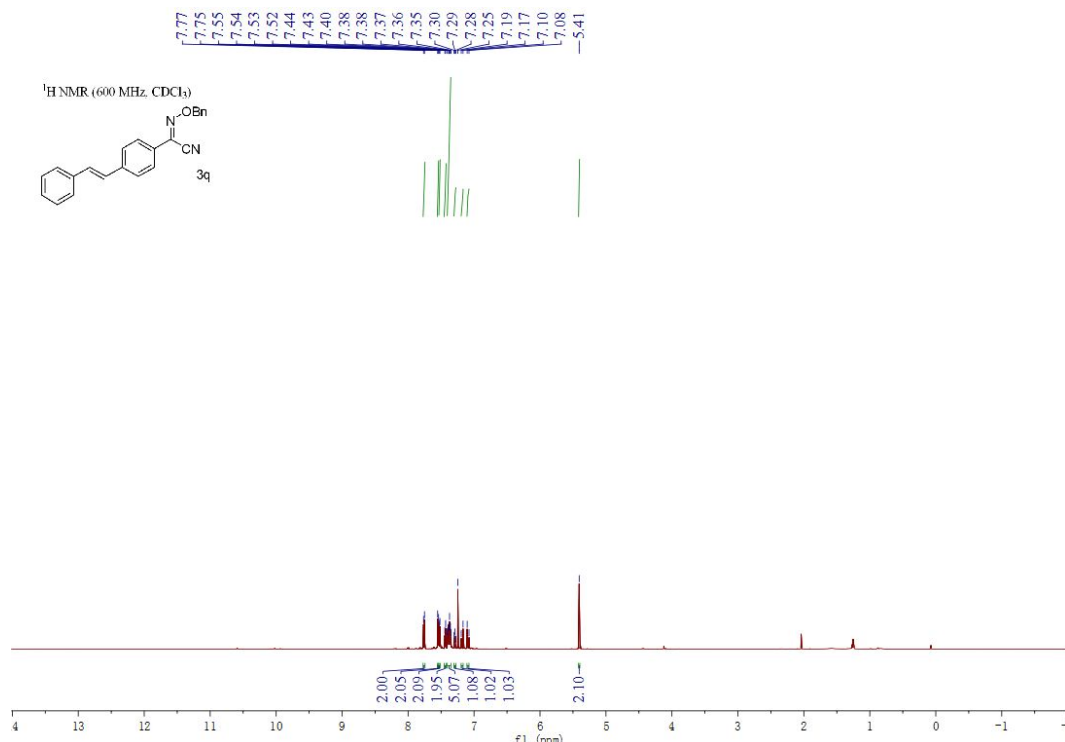

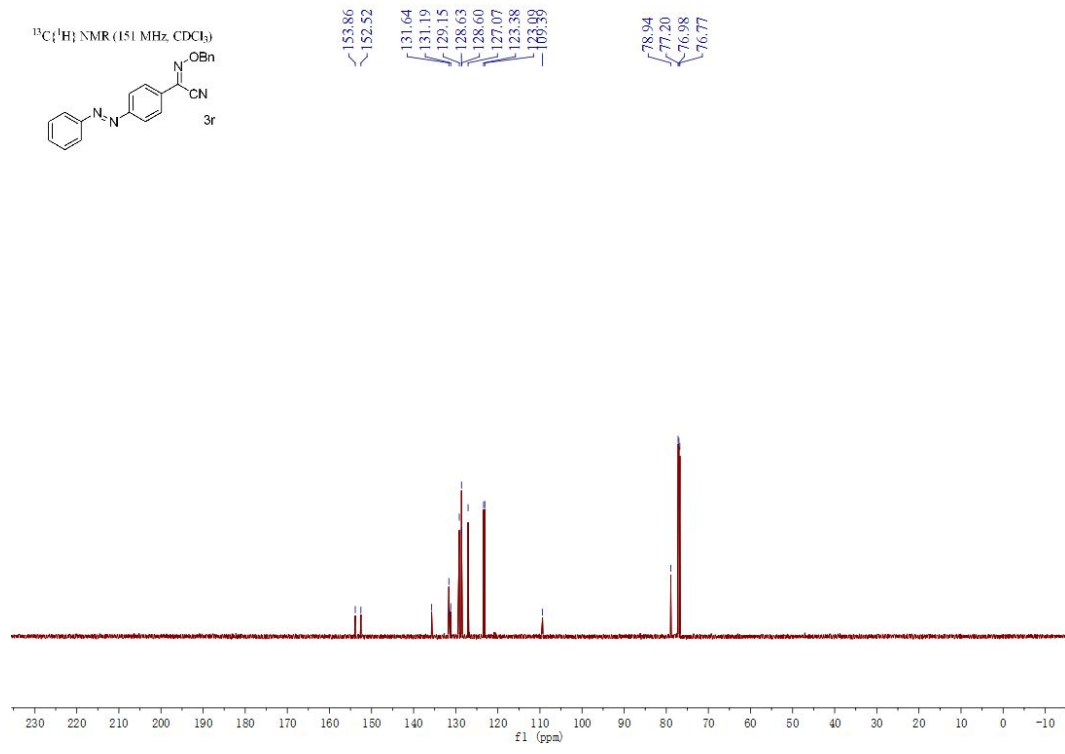

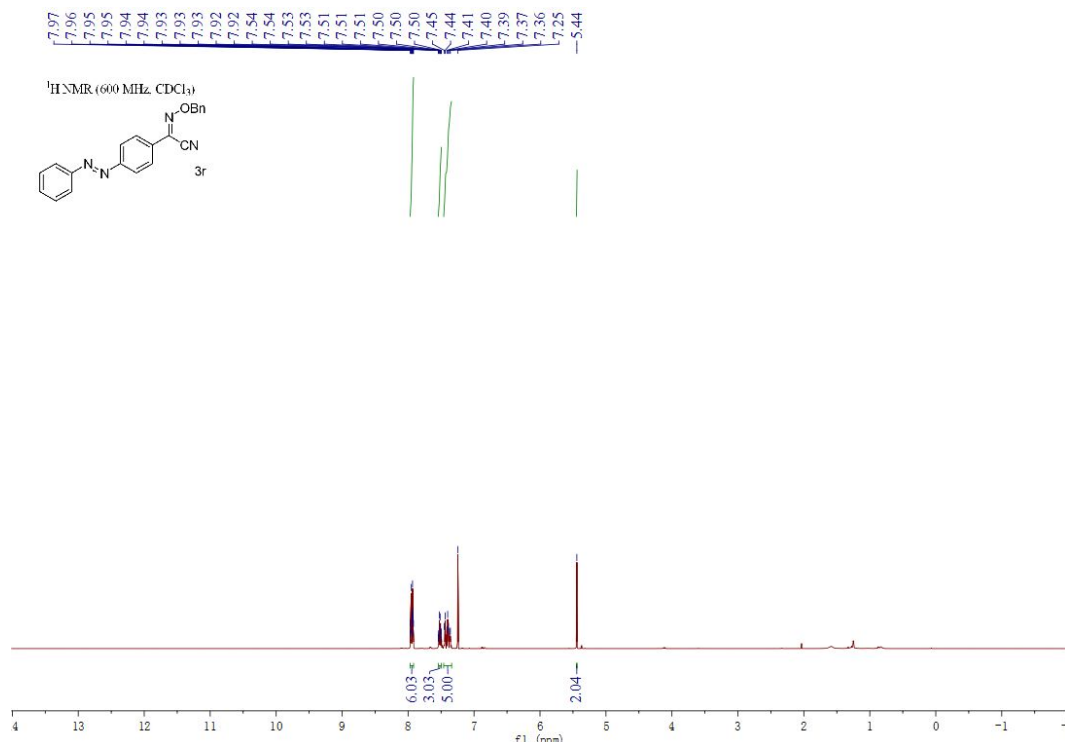

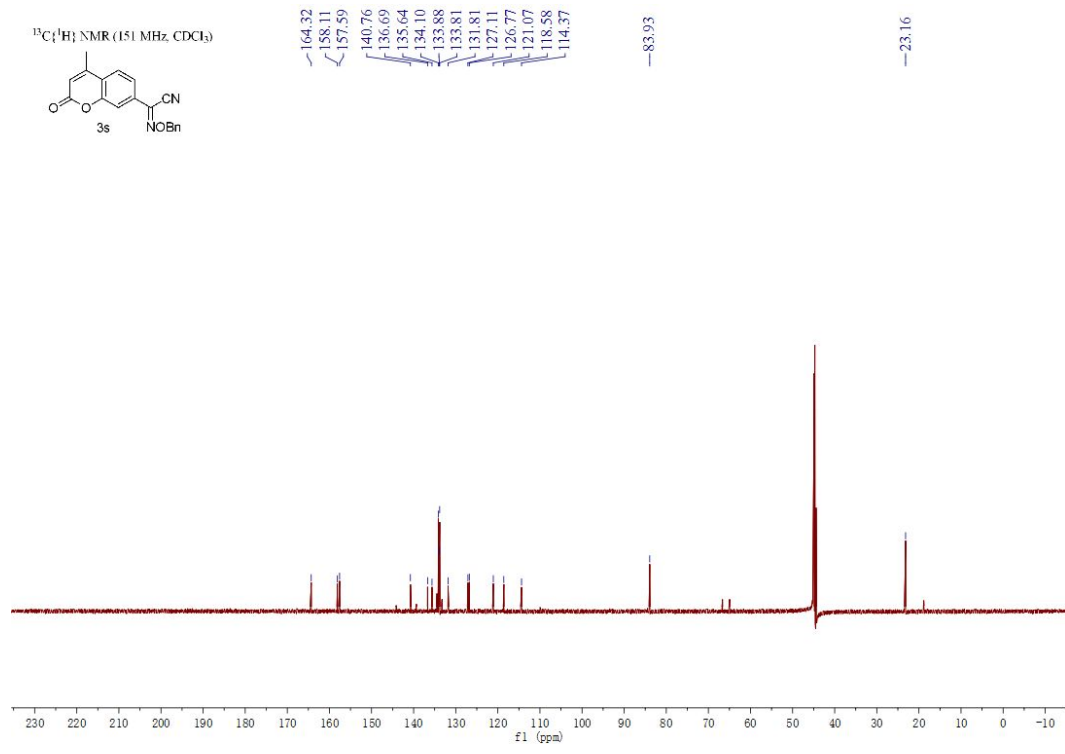

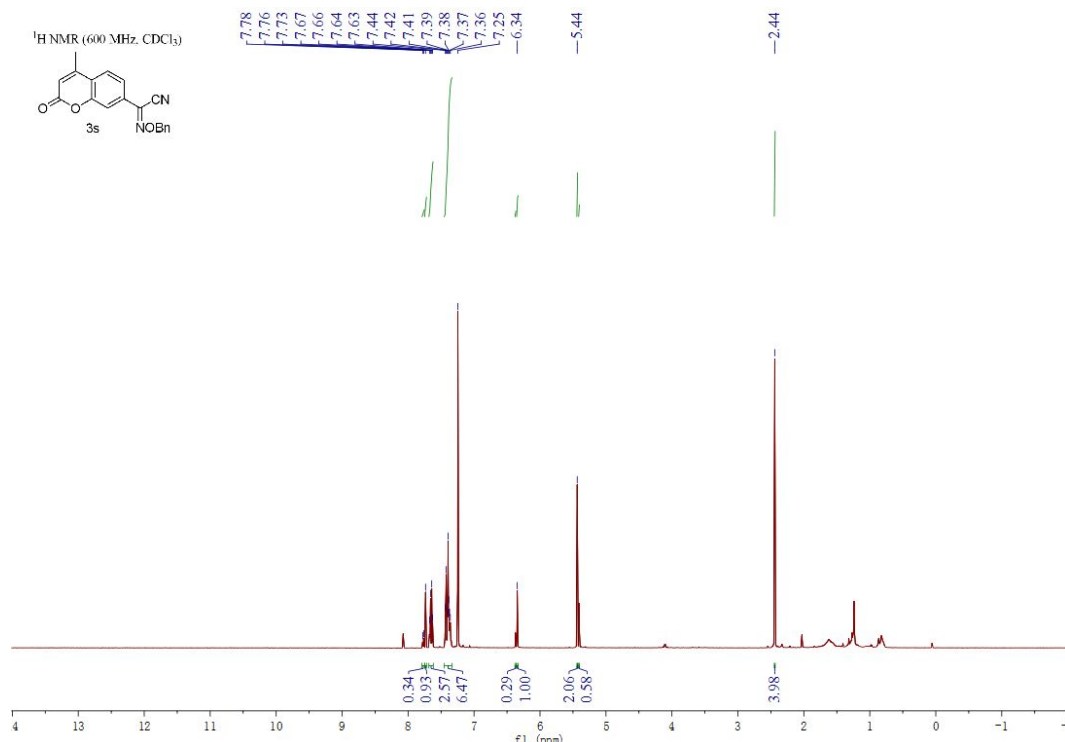

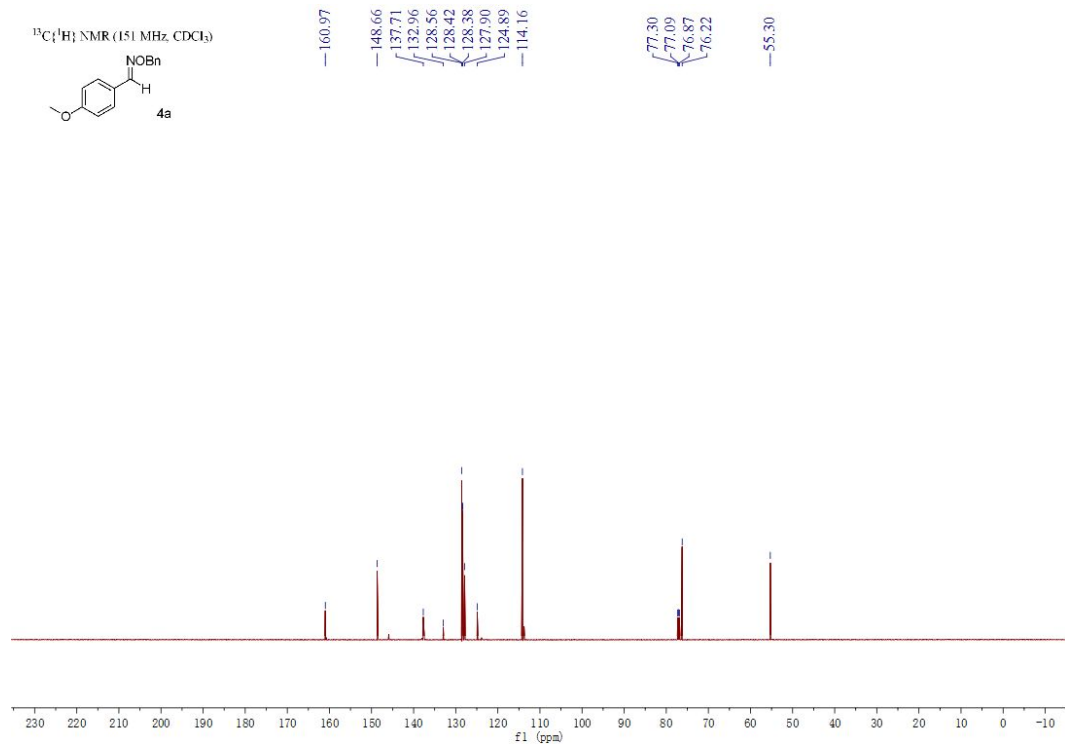

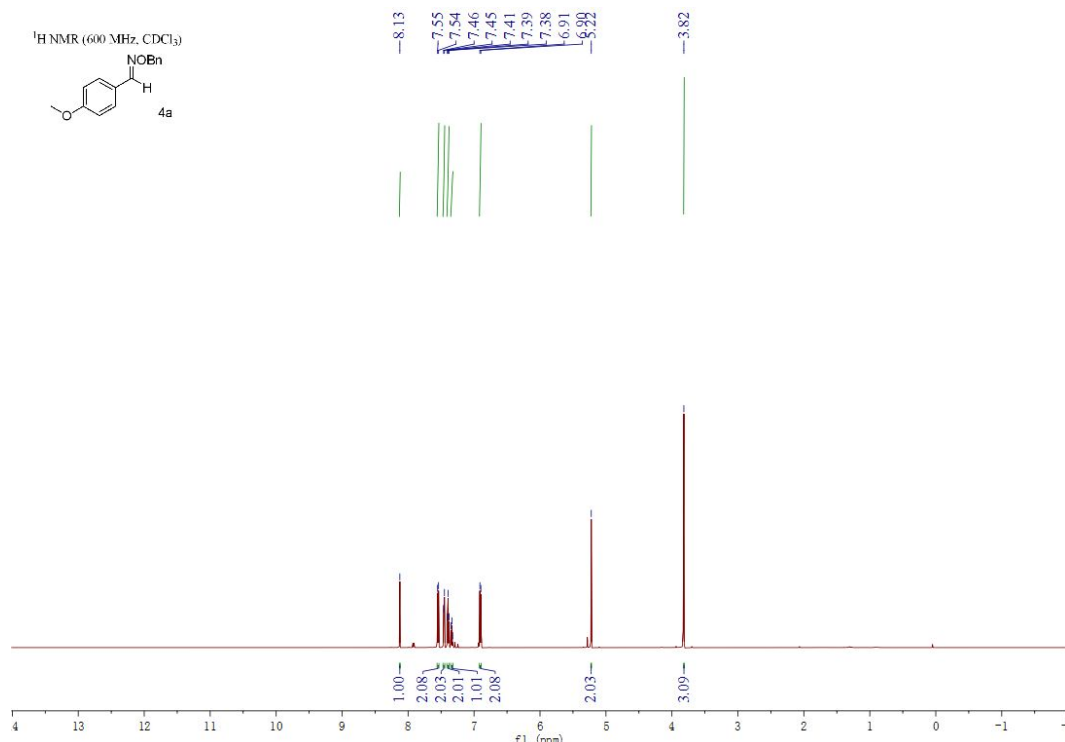

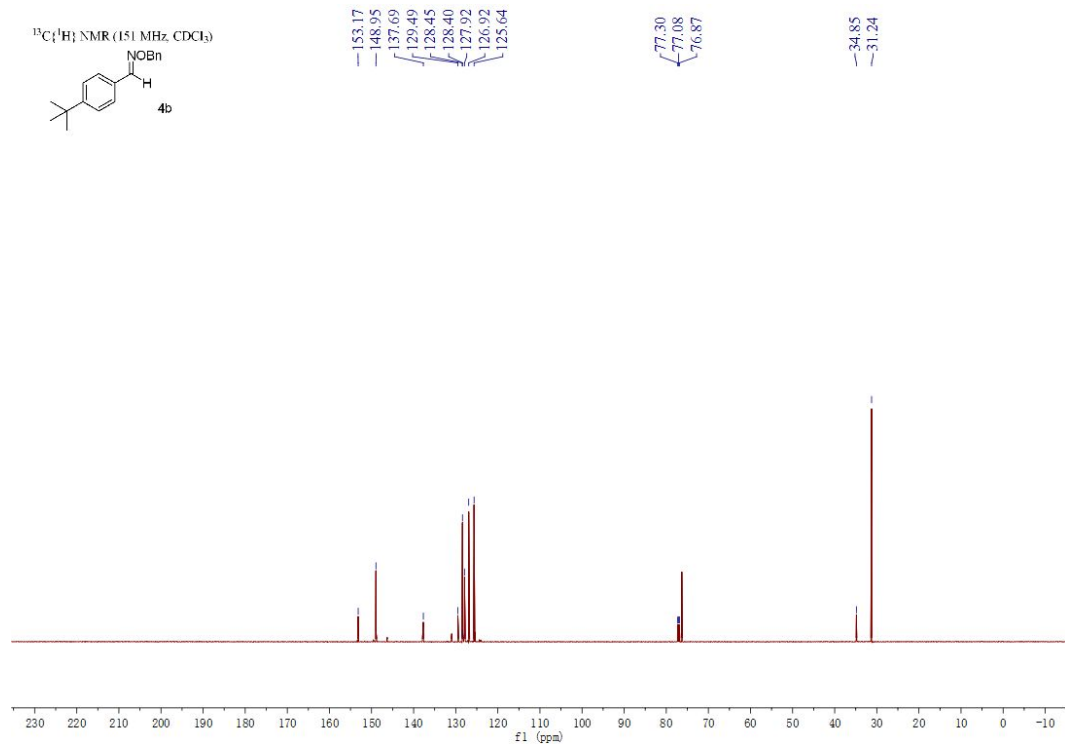

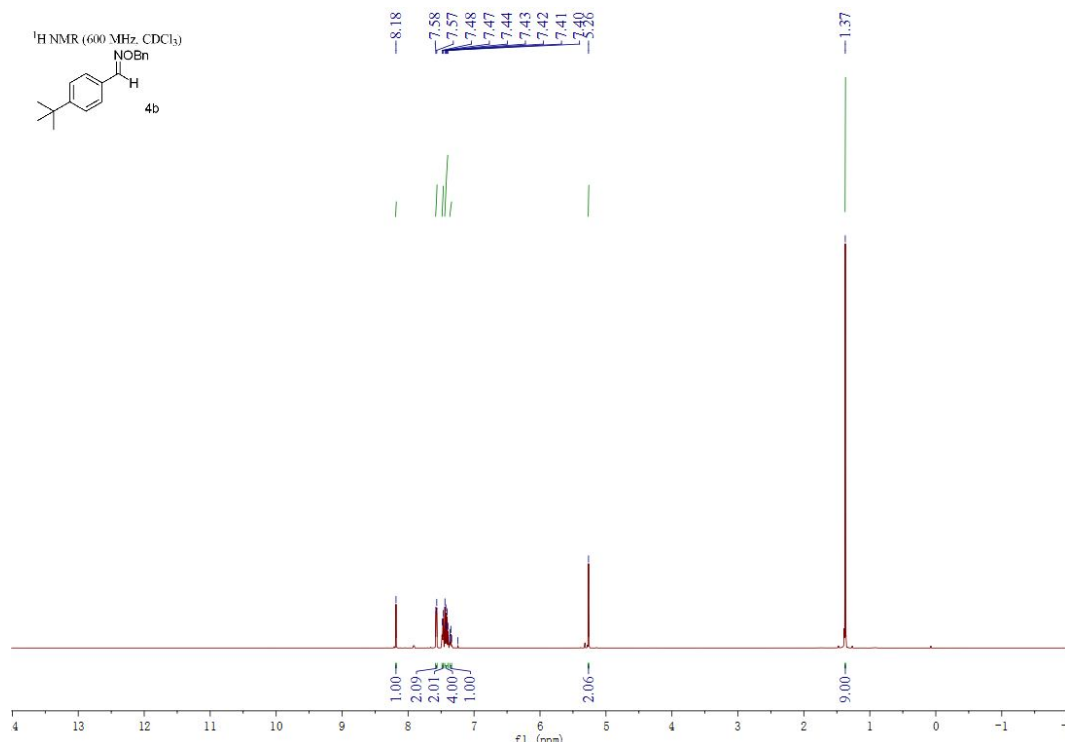

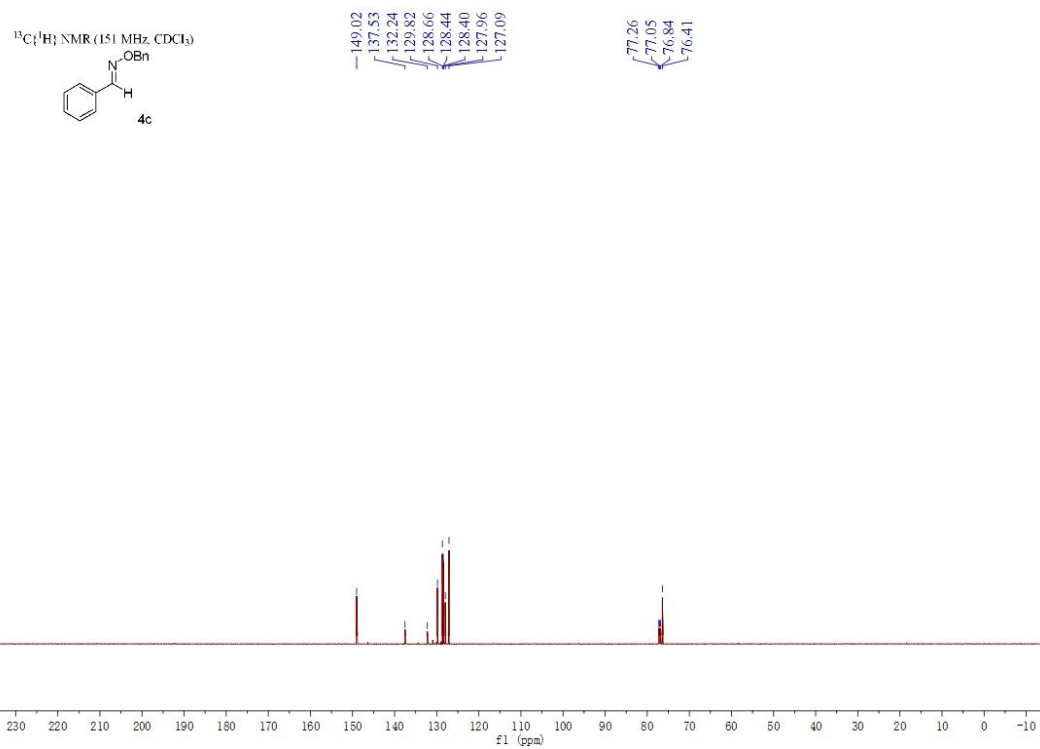

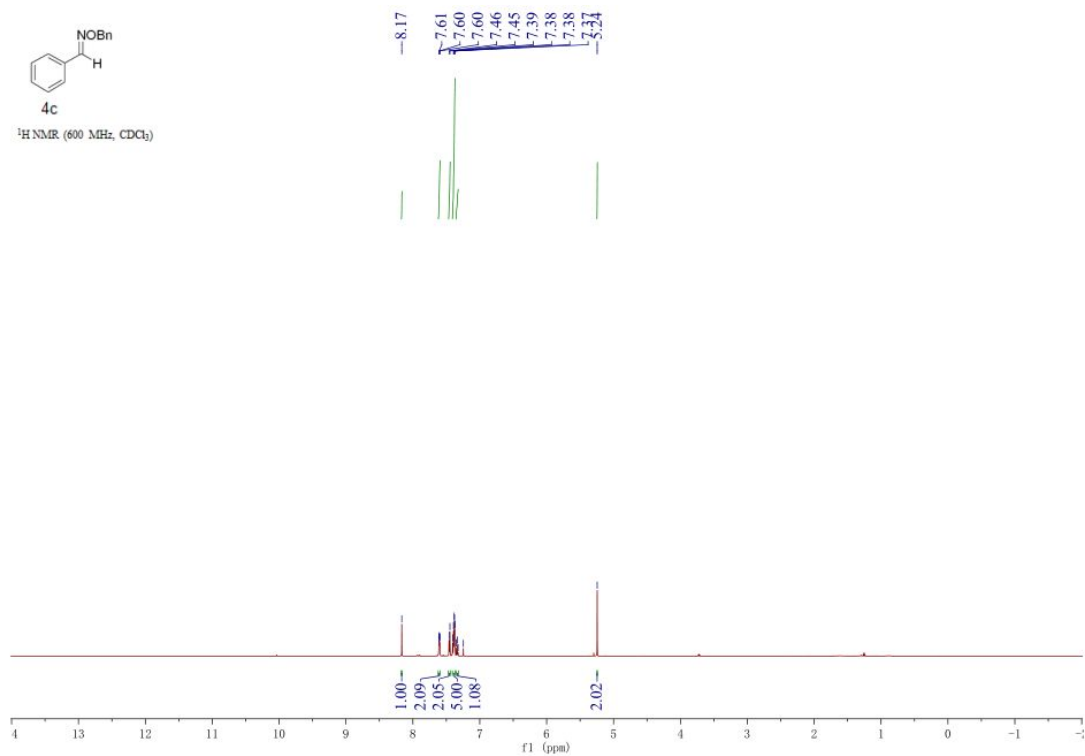

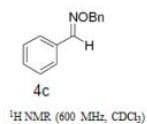

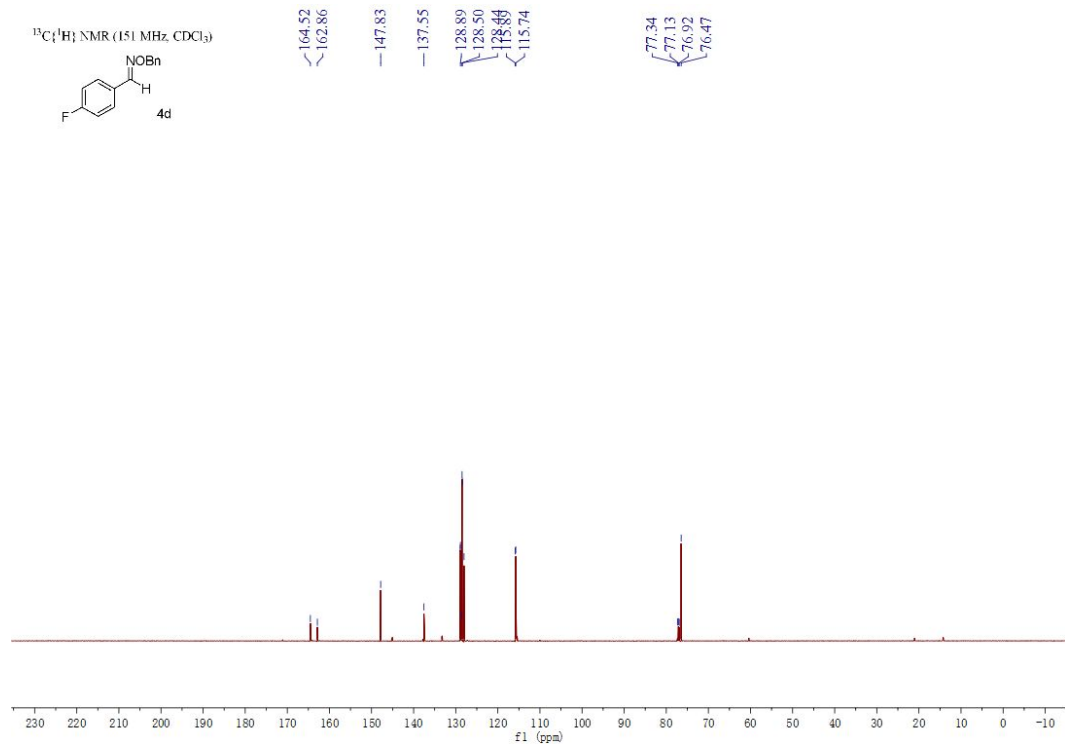

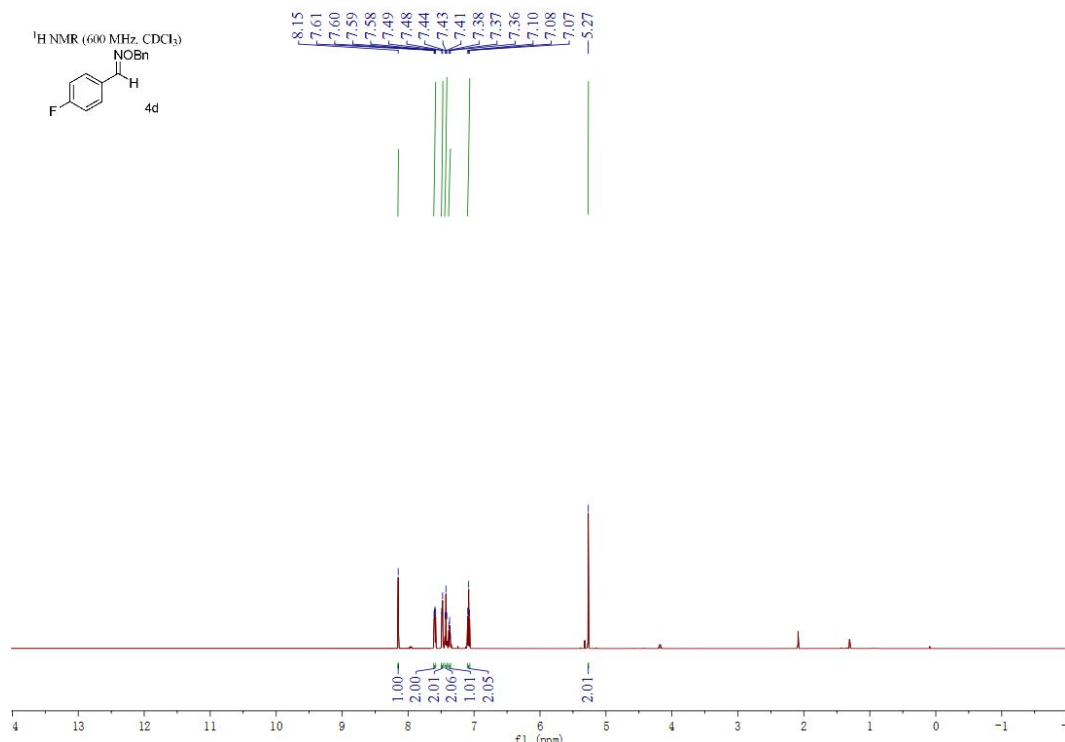

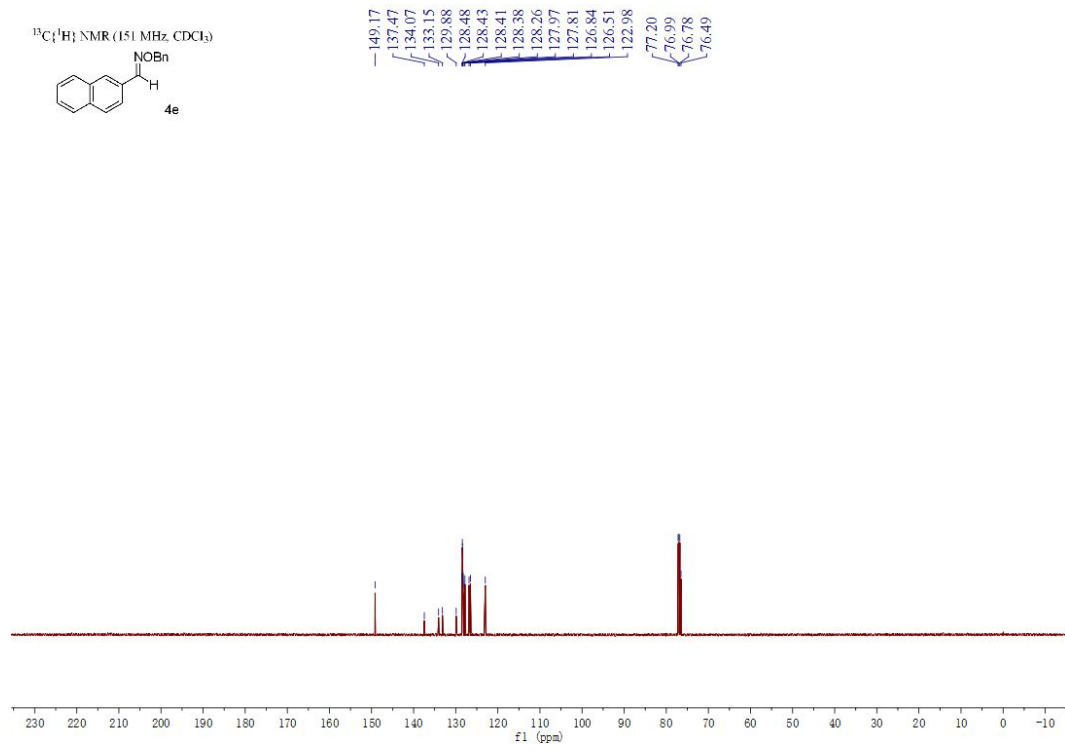

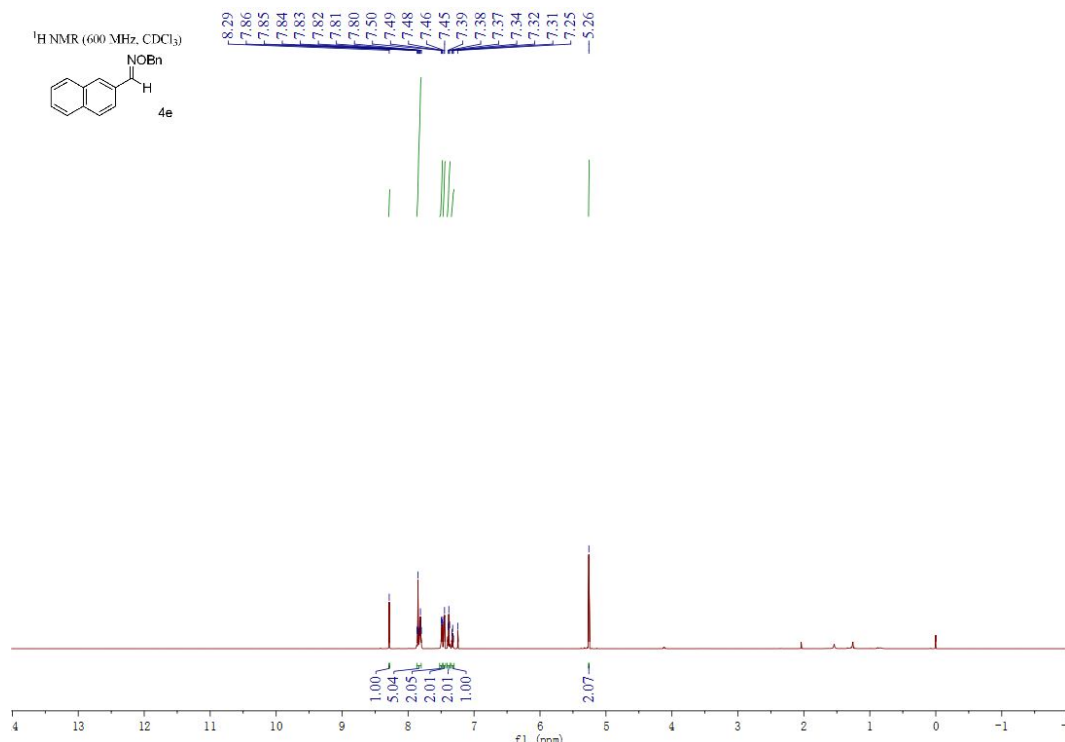

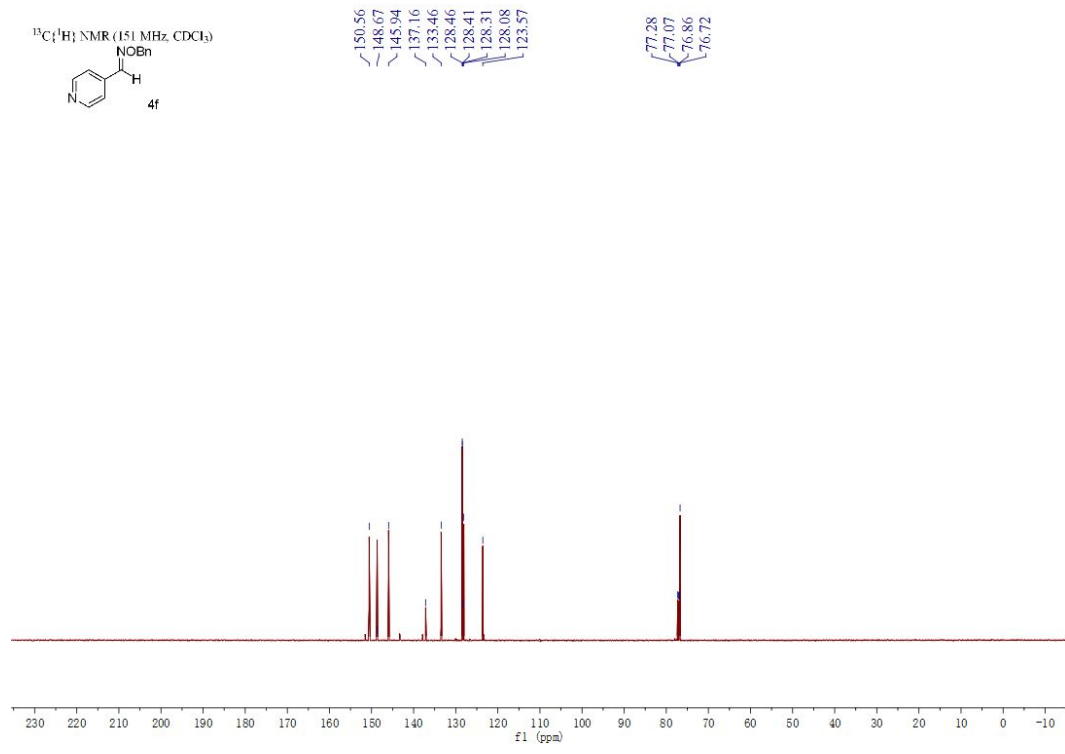

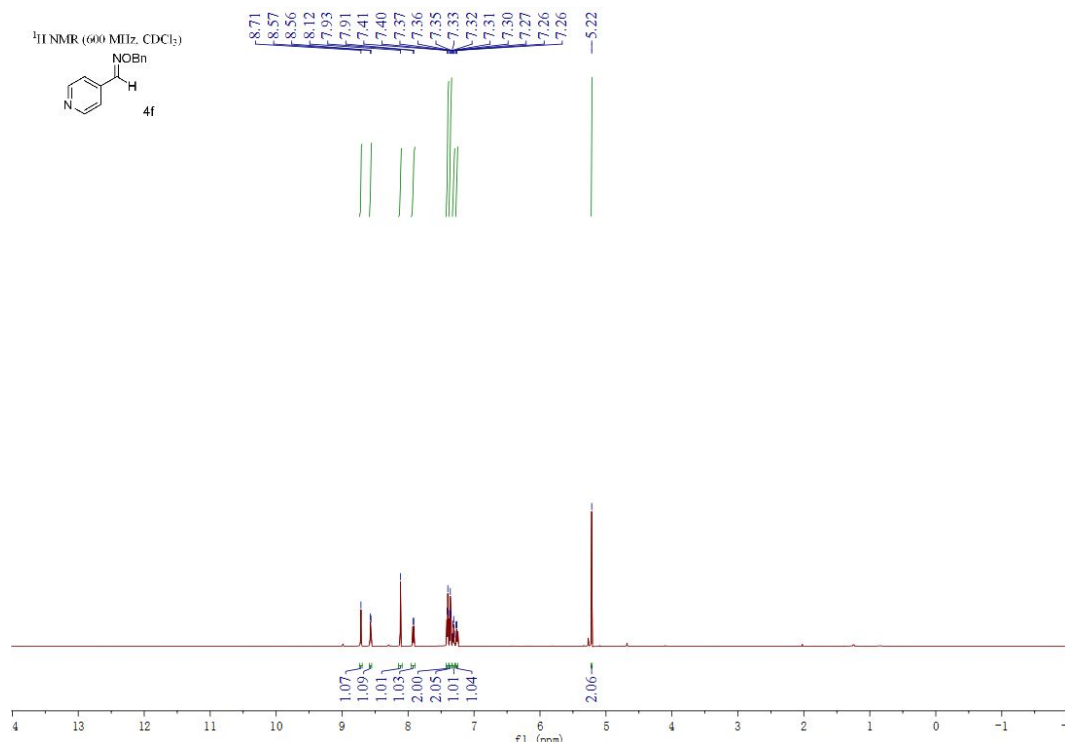

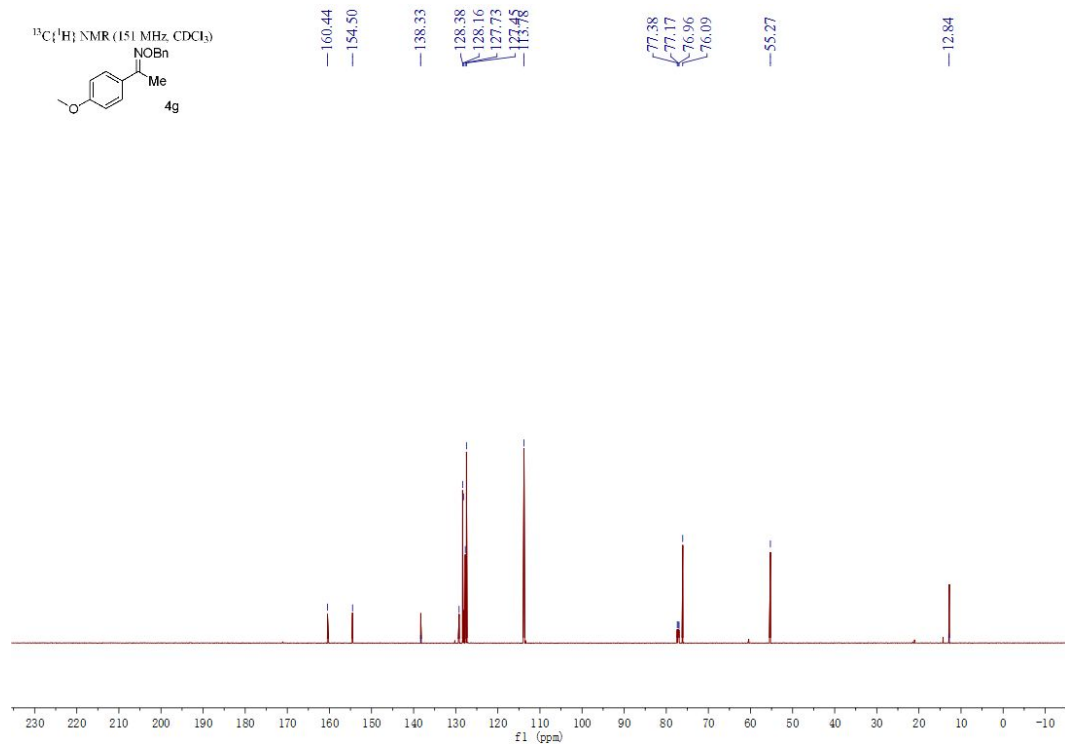

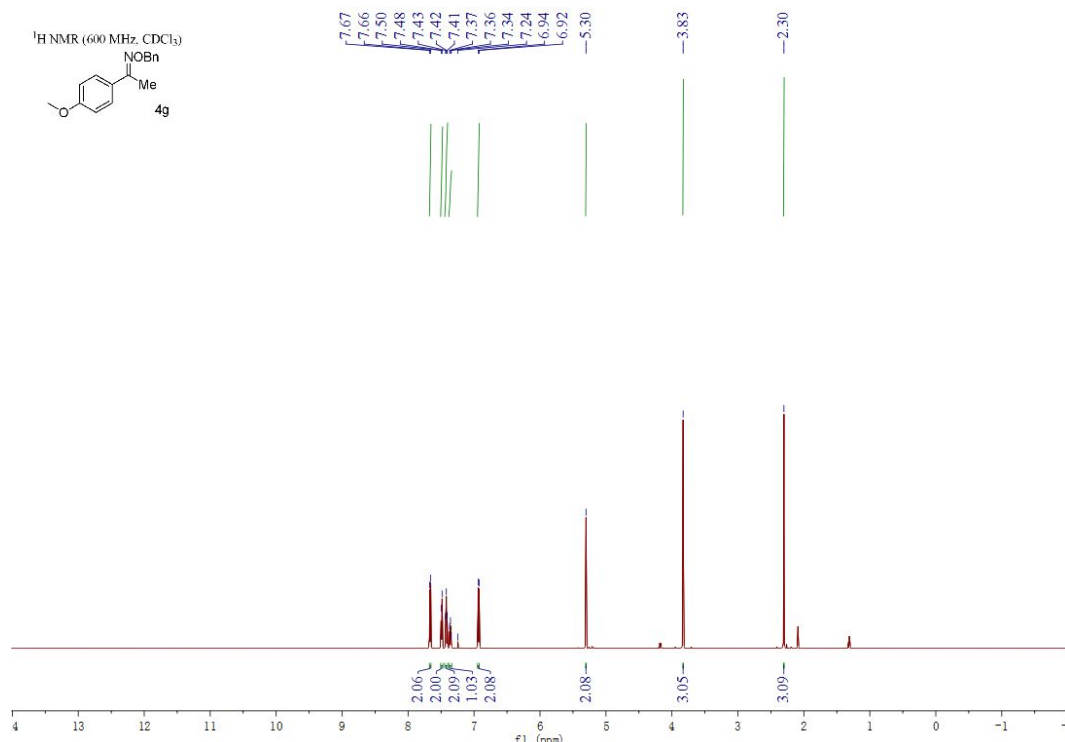

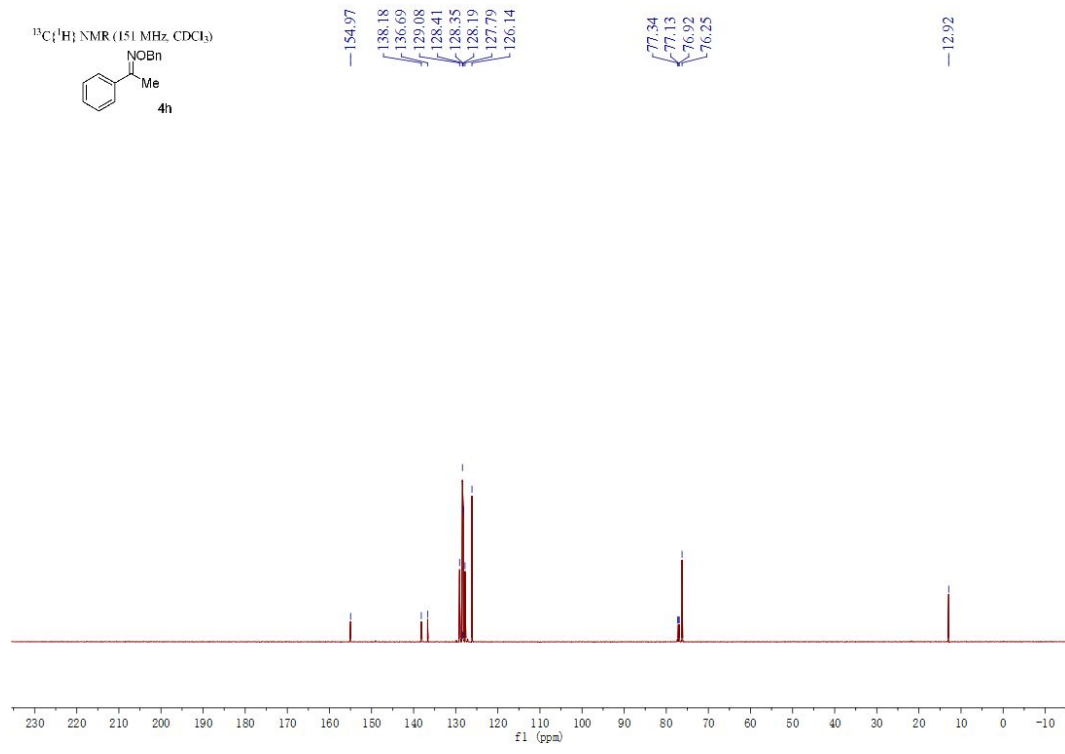

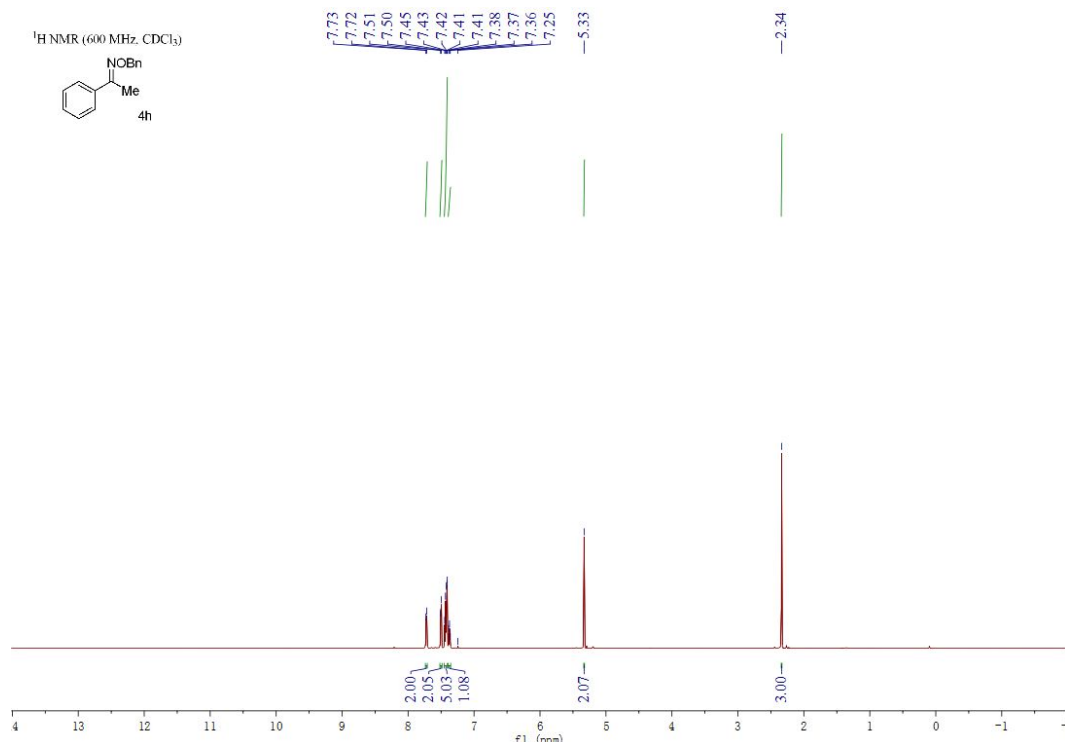

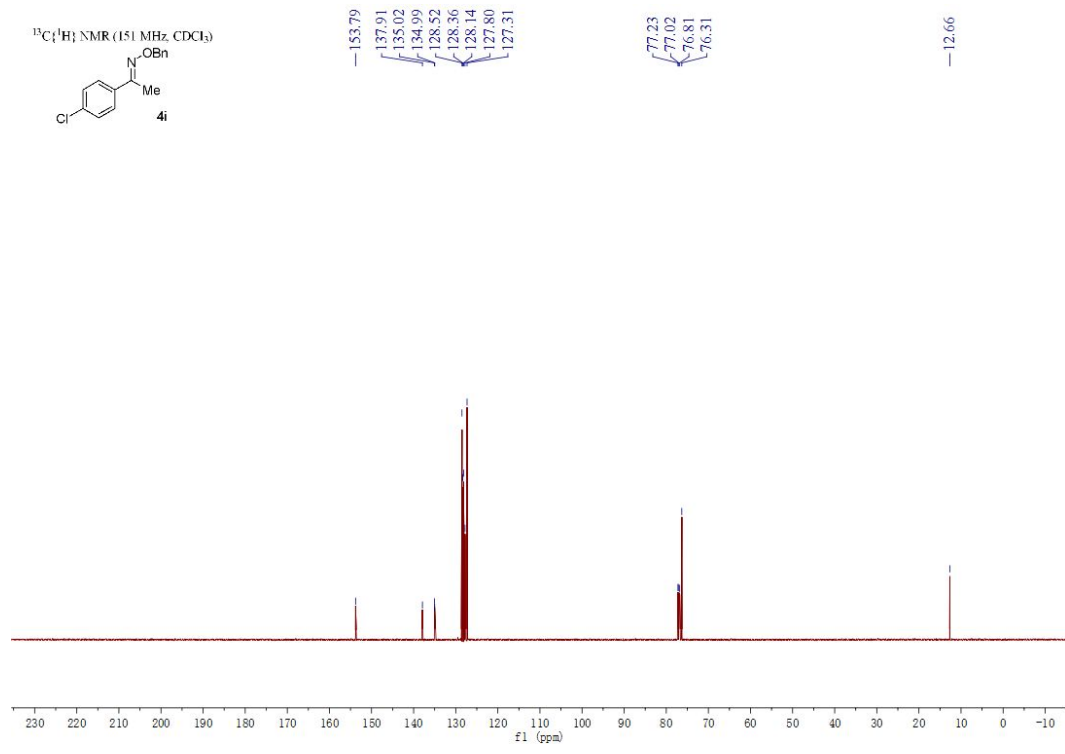

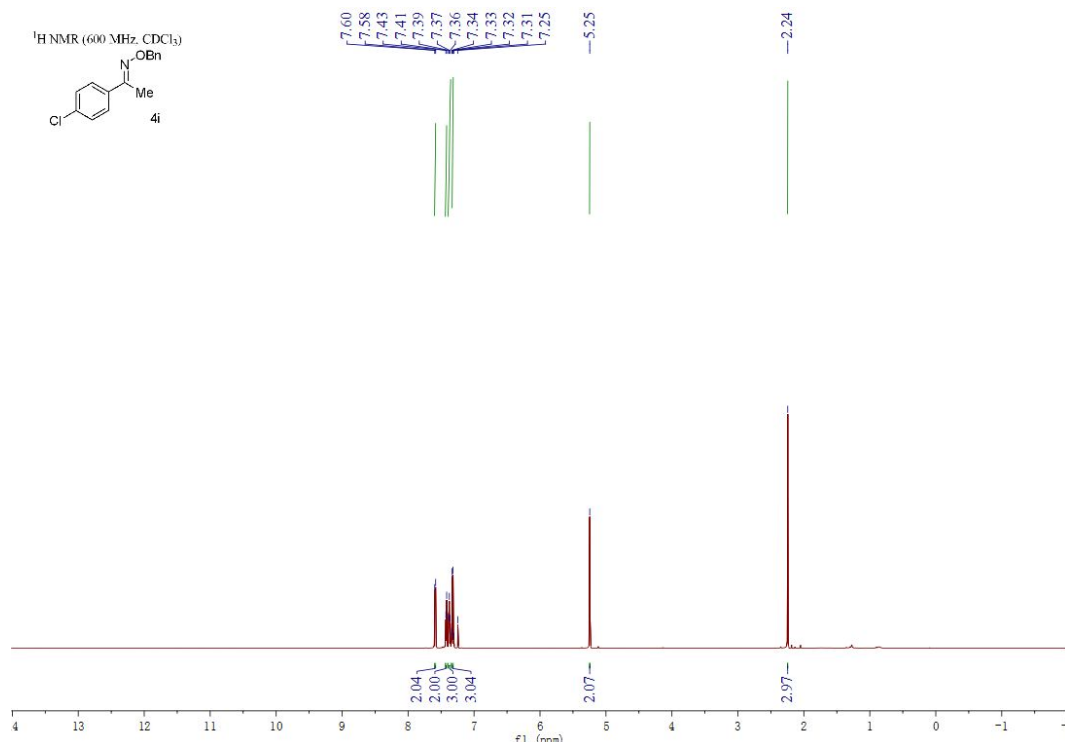

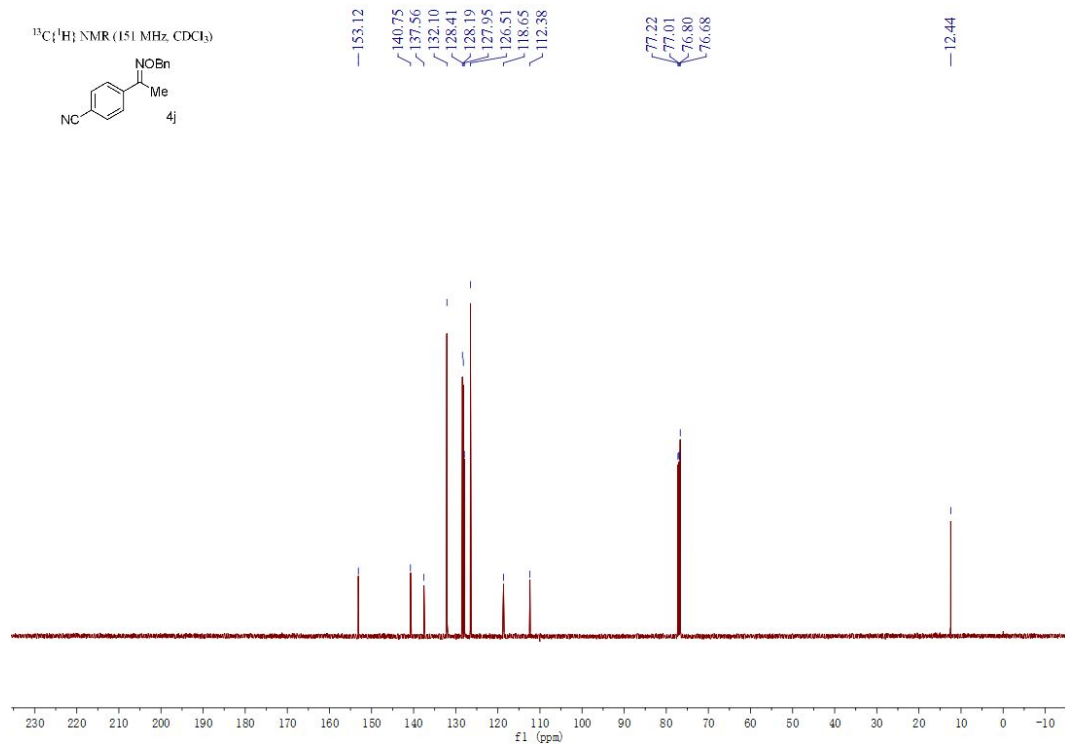

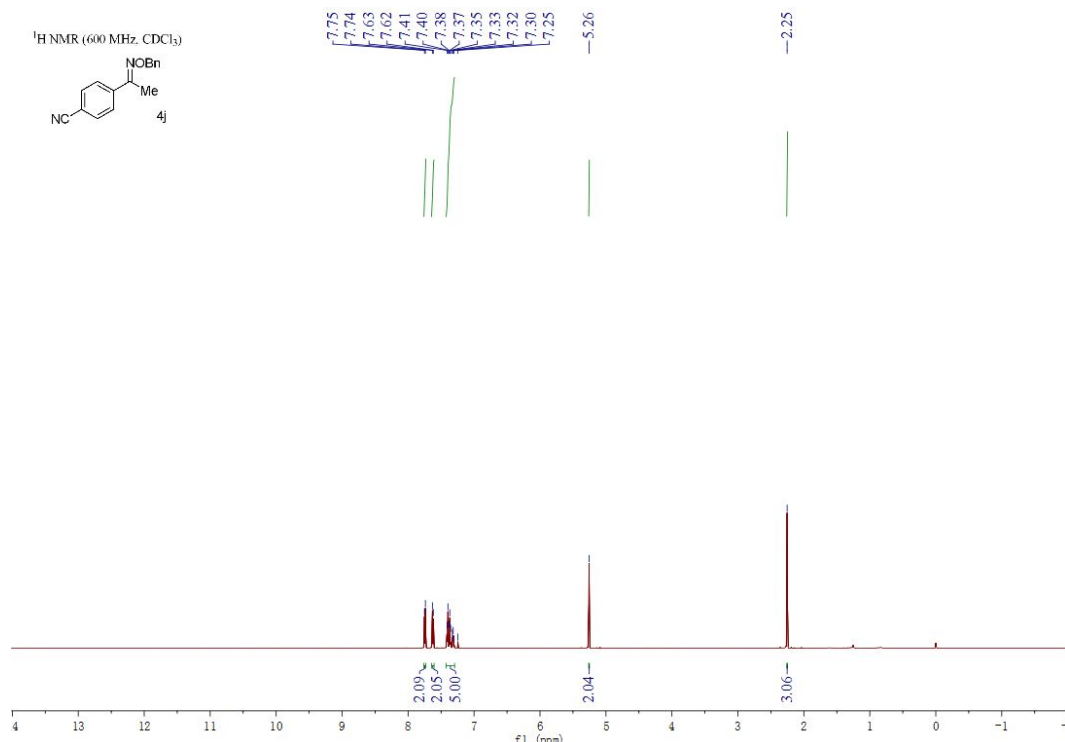

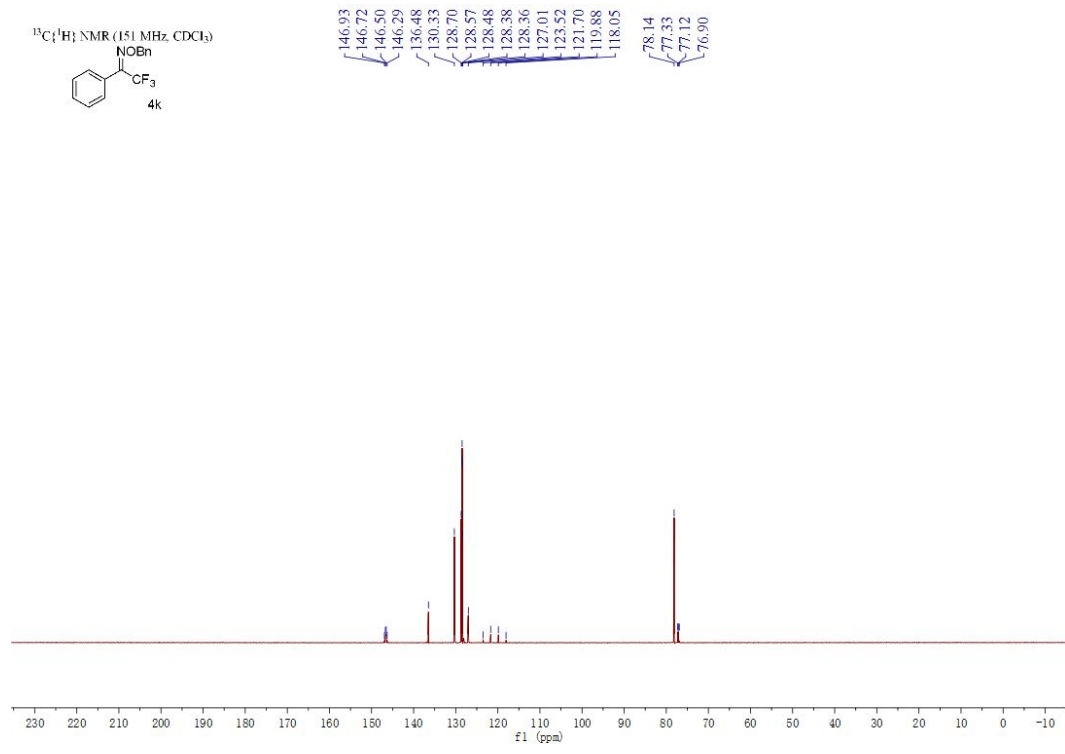

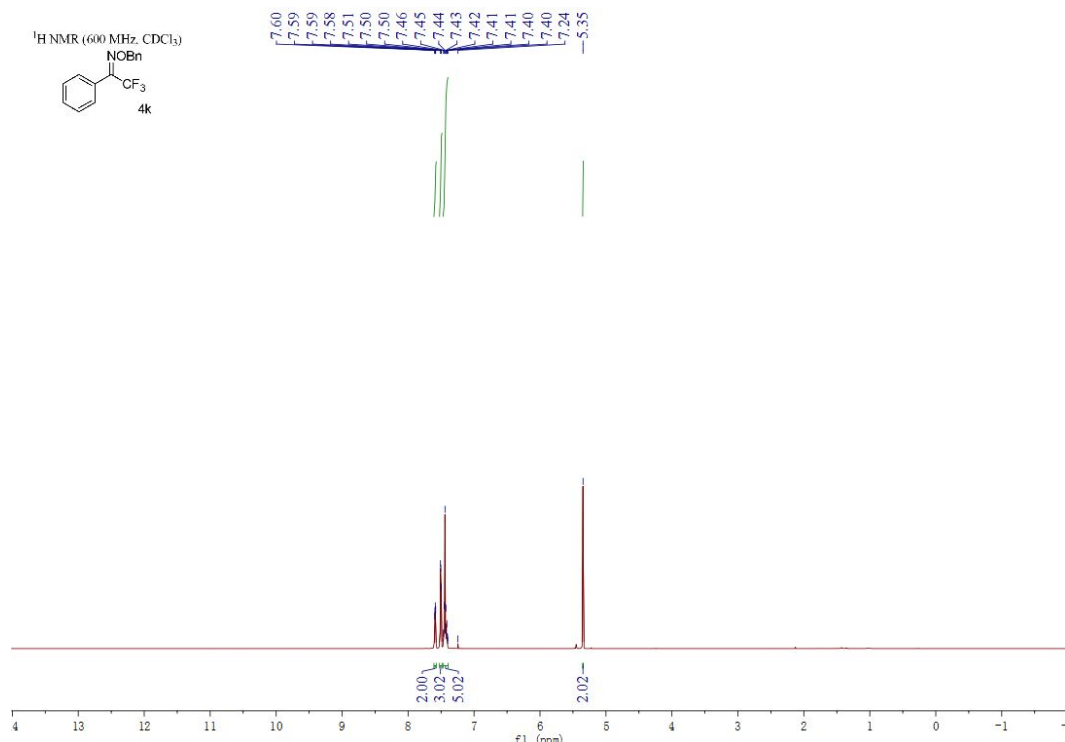

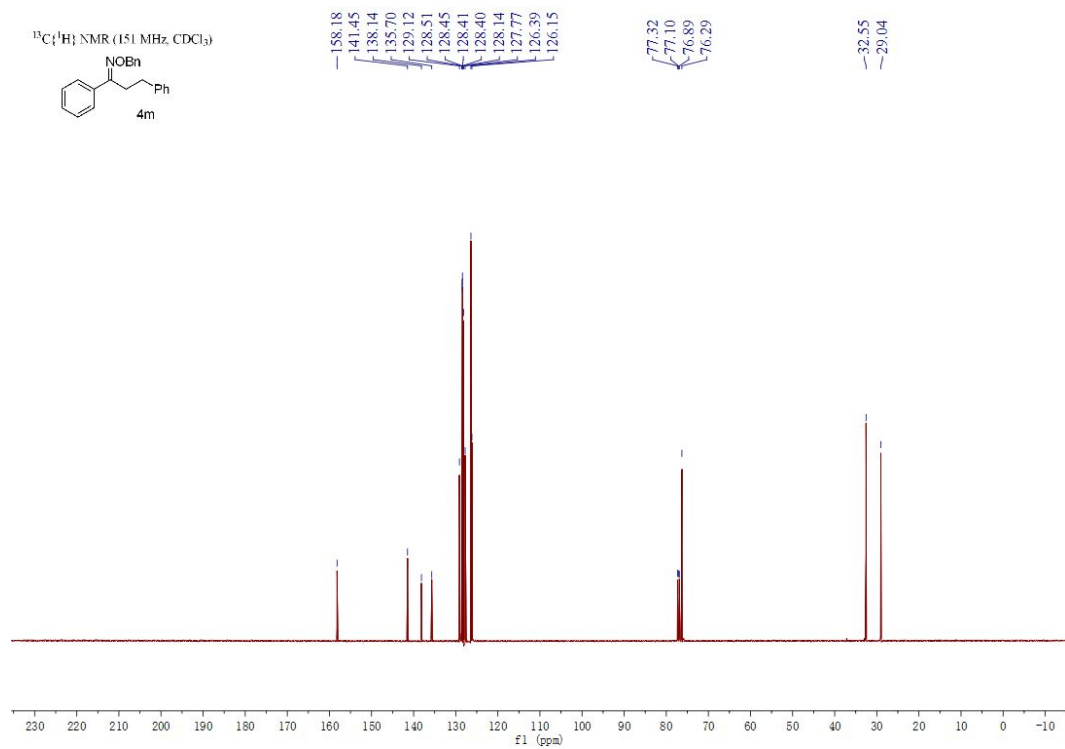

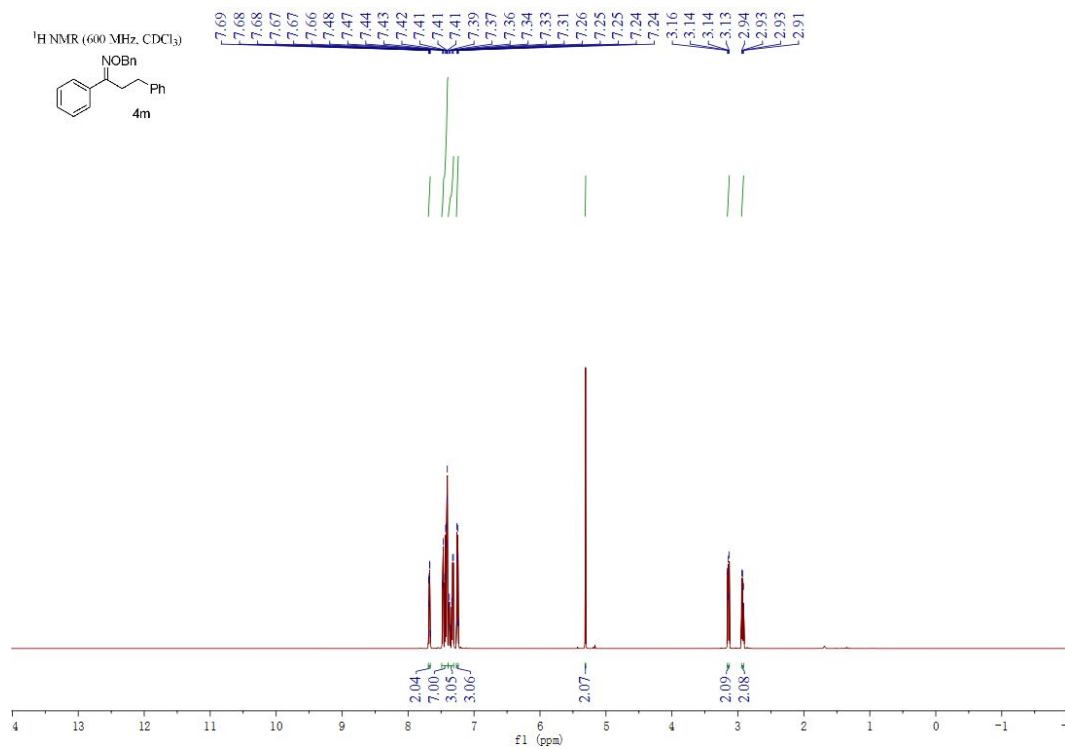

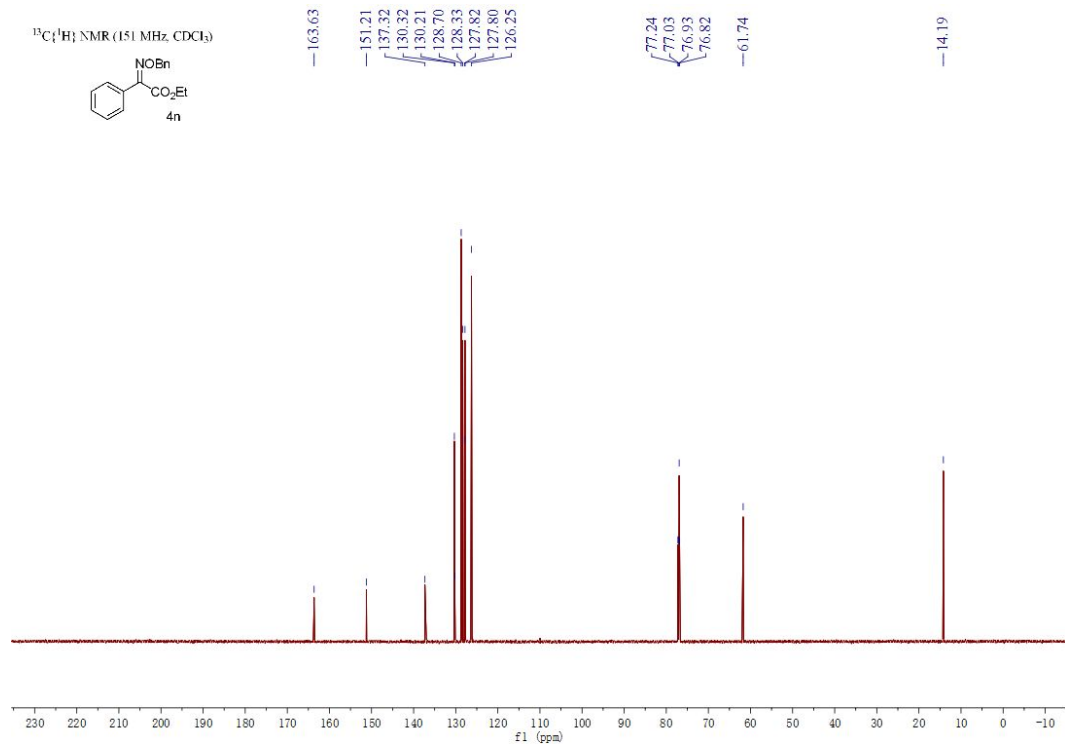

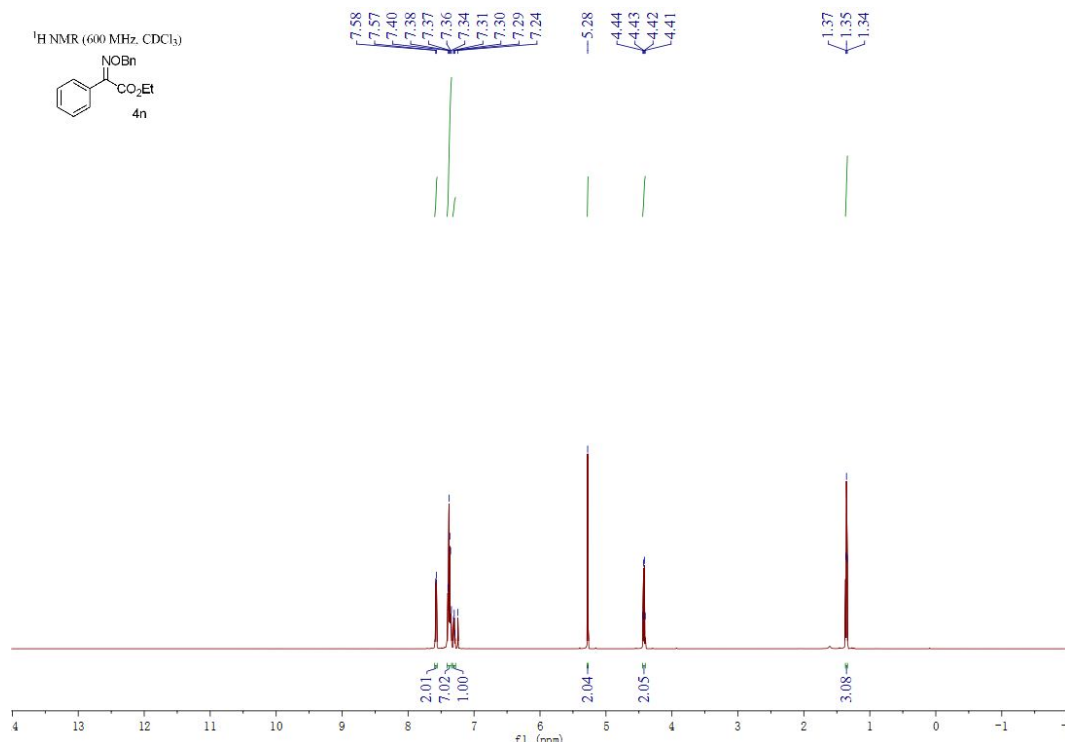

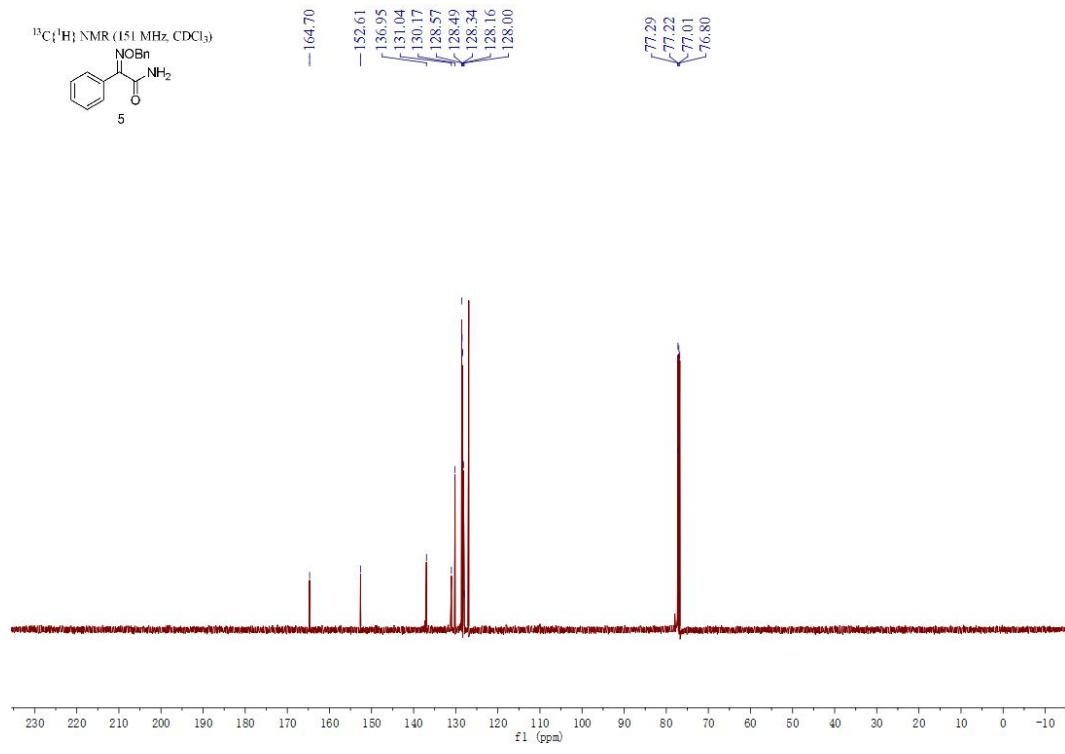

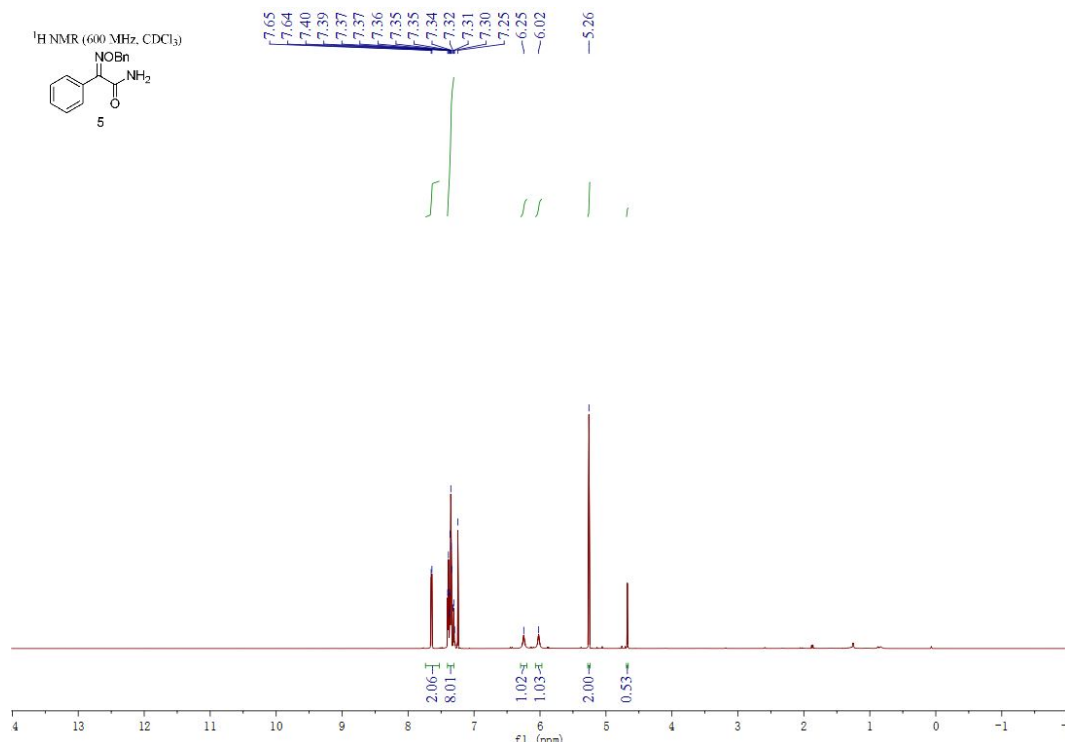

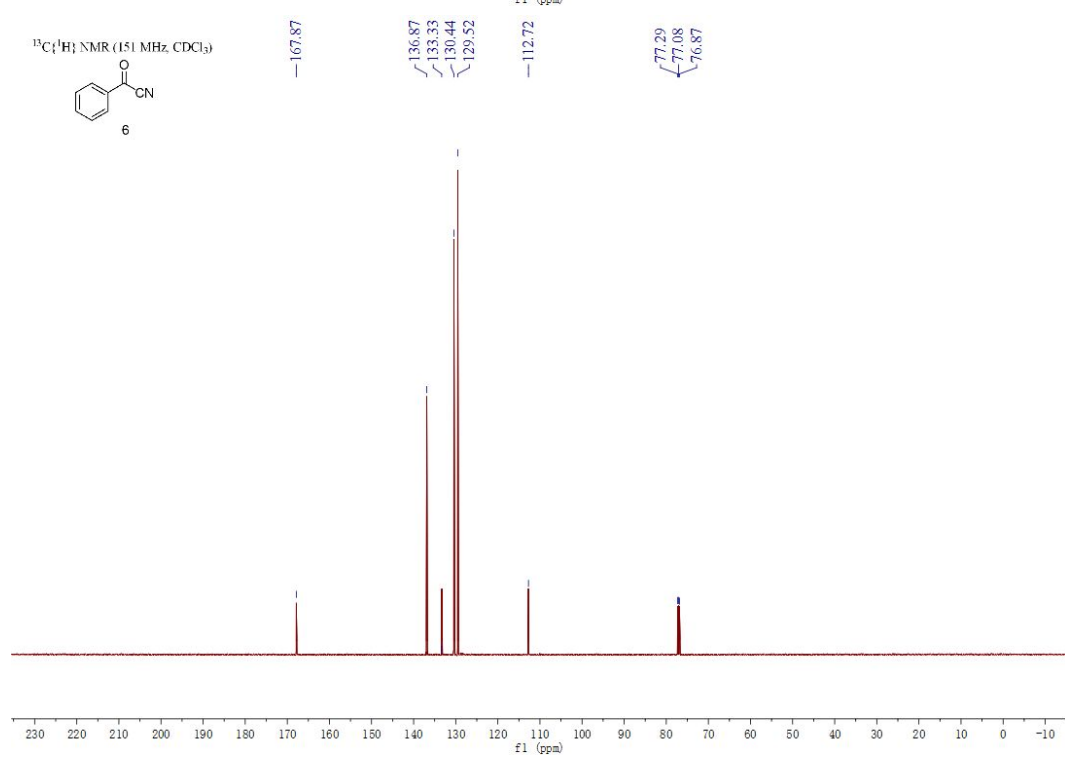

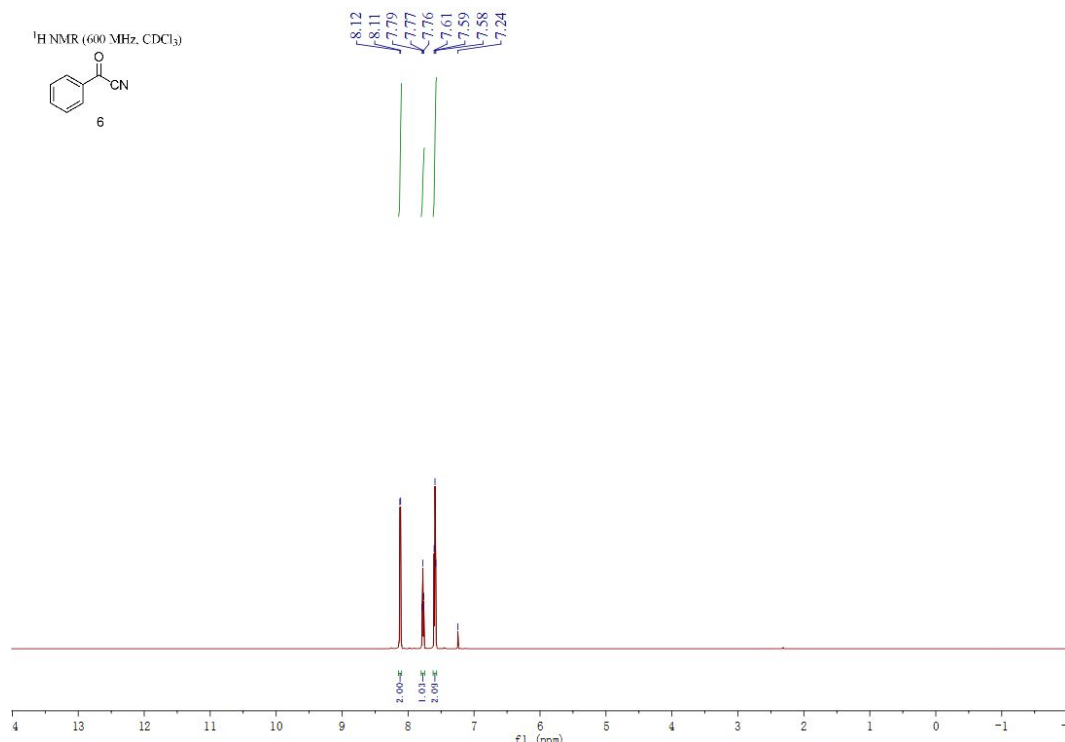

2. GC-MS data spectra of radical capture experiment
