SUPPLEMENTAL TABLES

Paper:

ONE-SIDED ASYMPTOTIC INFERENCES FOR A PROPORTION

Álvarez Hernández, M., Martín Andrés, A. and Herranz Tejedor, I.

Table 1 (complete). Increase in the error $\Delta\alpha$ (first entry) and percentage θ of points in the CR (second entry) for all the methods analyzed ($\alpha=5\%$). The values in bold type indicate that the method “failed”

Table 2 (complete). Increase in the error $\Delta\alpha$ (first entry) and percentage θ of points in the CR (second entry) for the three methods selected.

The values in bold type indicate that the method “failed”. ($\alpha=1\%$)
