Paleogeography of the Taranaki Basin region during the latest Eocene–Early Miocene and implications for the “total drowning” of Zealandia

Strogen D.P., Bland K.J, Nicol A. & King P.R.

Supplementary material:

Set of six full size latest Eocene–Early Miocene paleogeographic maps

Figure S1. Runangan paleogeographic map (c. 35 Ma, Priabonian).

Figure S2. Early Whaingaroan paleogeographic map (c. 33 Ma, Rupelian).

Figure S3. Late Whaingaroan paleogeographic map (c. 30 Ma, late Rupelian-early Chattian).
