

Supplemental File 1

Exercise

exercise
exercise therapy
movement therapy
exercise training
endurance training
physical endurance
physical exercise
aerobic exercise
aerobic capacity
physical activity
physical training
physical conditioning
physical fitness
physical endurance
cardiorespiratory fitness
cardiorespiratory training
VO₂max
VO₂peak
oxygen consumption
peak oxygen uptake
peak oxygen consumption
maximal oxygen uptake
maximal oxygen consumption
CRF (cardiorespiratory)
high-intensity interval training
HIIT
sports
running
jogging
swimming

Eye health

eye
eye health
diabetic retinopathy
diabetes mellitus retinopathy
diabetic retinitis
retinopathia diabetic
retinal blood flow
retinal endothelial function
retinal microvasculature
retinal oxidative stress
diabetic macula(r) edema/oedema
DME
DMO
(Clinically significant) macular
edema/oedema
CSME
CSMO
choroid
choriocapillaris
chorioidea
retinal health
retinal disease
hypertensive retinopathy
retinal Artery Occlusion
retinal degeneration
retinal hemorrhage
retinal neovascularization
retinal vein occlusion
(retinal) drusen
retinal edema
retina maculopathy
retina exudate
retina pigment epitheliopathy
retinal vascular disease
retinopathy
vitreoretinopathy retinal
inflammation
retinitis
ocular/eye/retinal inflammation

Measurement methods

retinal imaging
ophthalmoscopy
ultra wide-angle scanning (laser
ophthalmoscopy)
wide-angle scanning (laser
ophthalmoscopy)
scanning (laser ophthalmoscopy)
angiography
fluorescein angiography
fluorescence photography
fundus photography
optical coherence
tomography/angiography
oct tomography
oct angiography
OCTA
OCT
LSFG
fundus autofluorescence
FAF
laser doppler flowmetry
laser doppler velocimetry
color doppler imaging
color doppler ultrasonography
retinal vessel analyzer
laser speckle flowgraphy
Adaptive optics scanning light
ophthalmoscopy
AOSLO
tear sample,
tear cytokines
