

Workflows in RDM

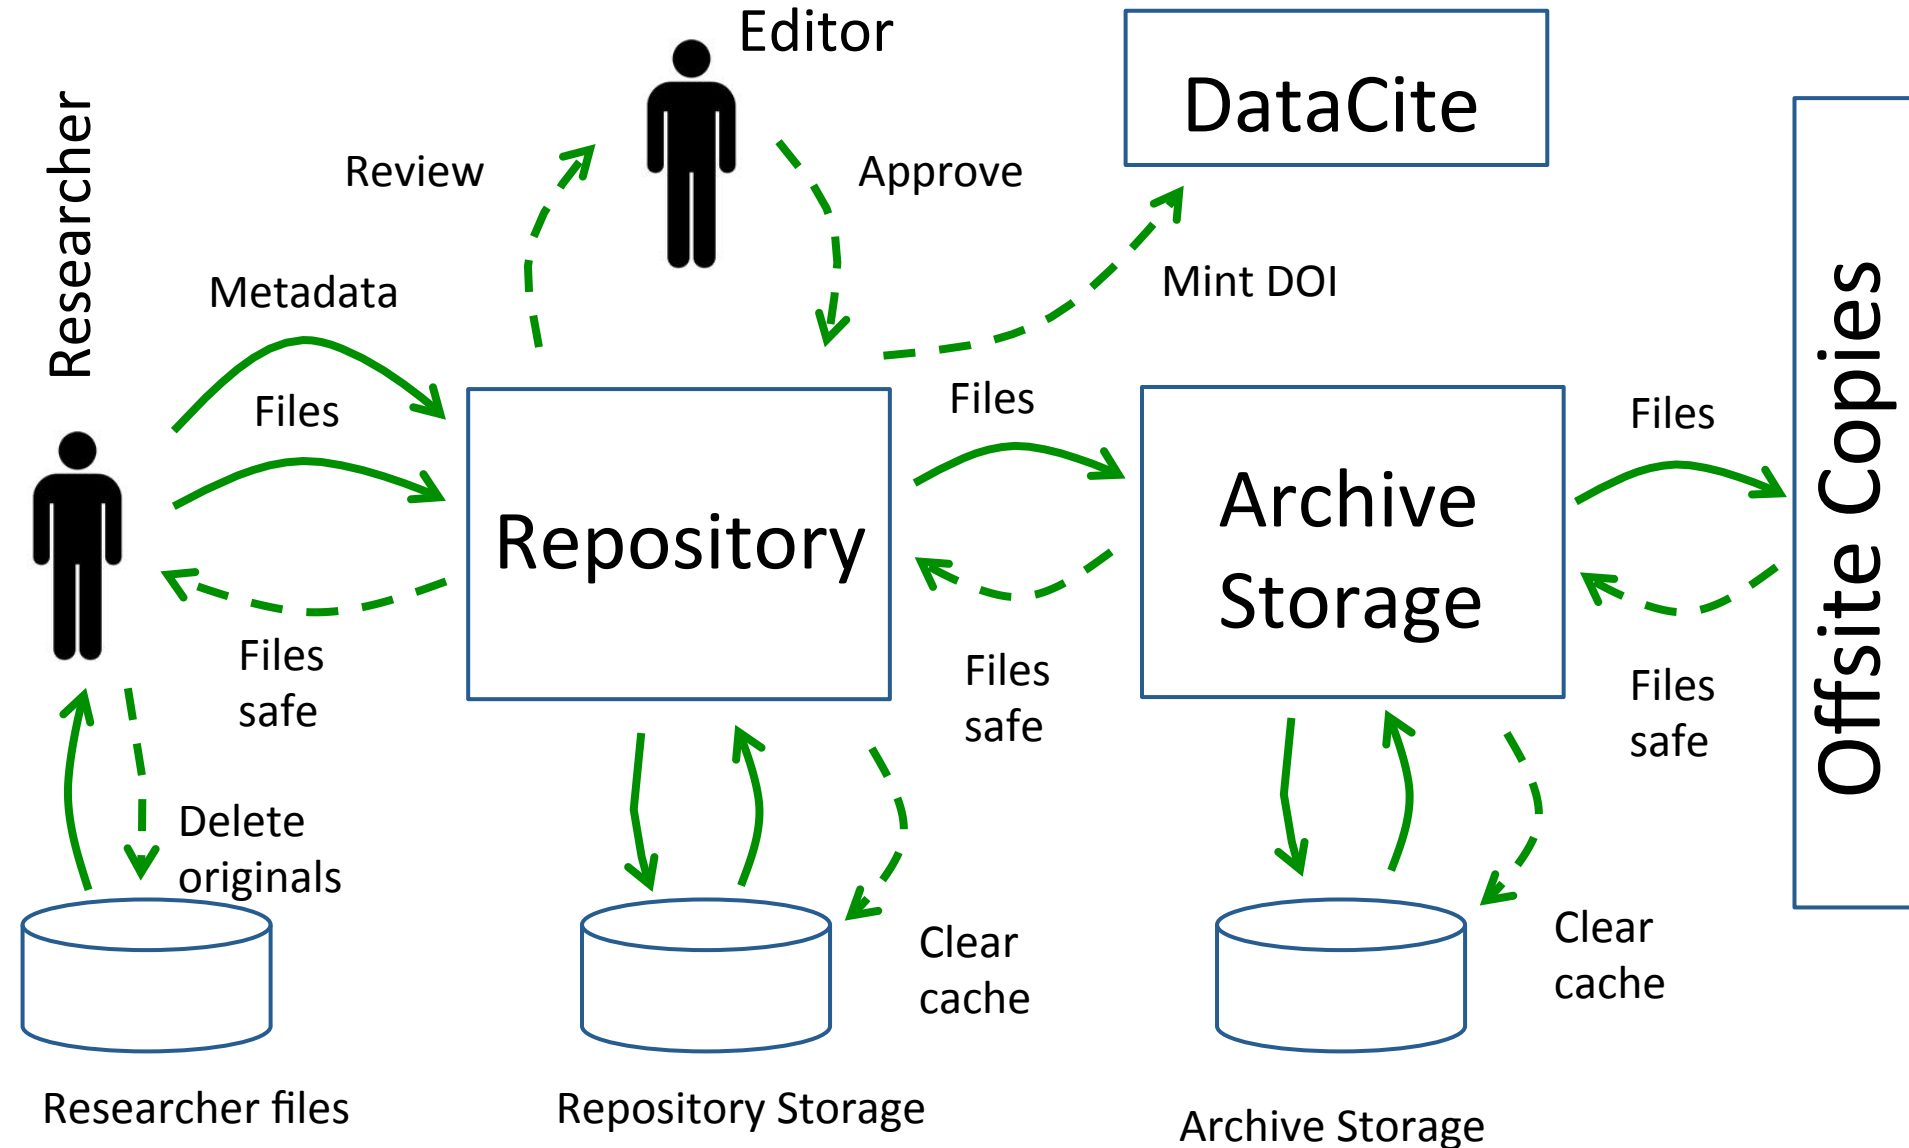

Matthew Addis
Arkivum

Part of the report “RDM workflows and integrations for HEIs using
hosted services”

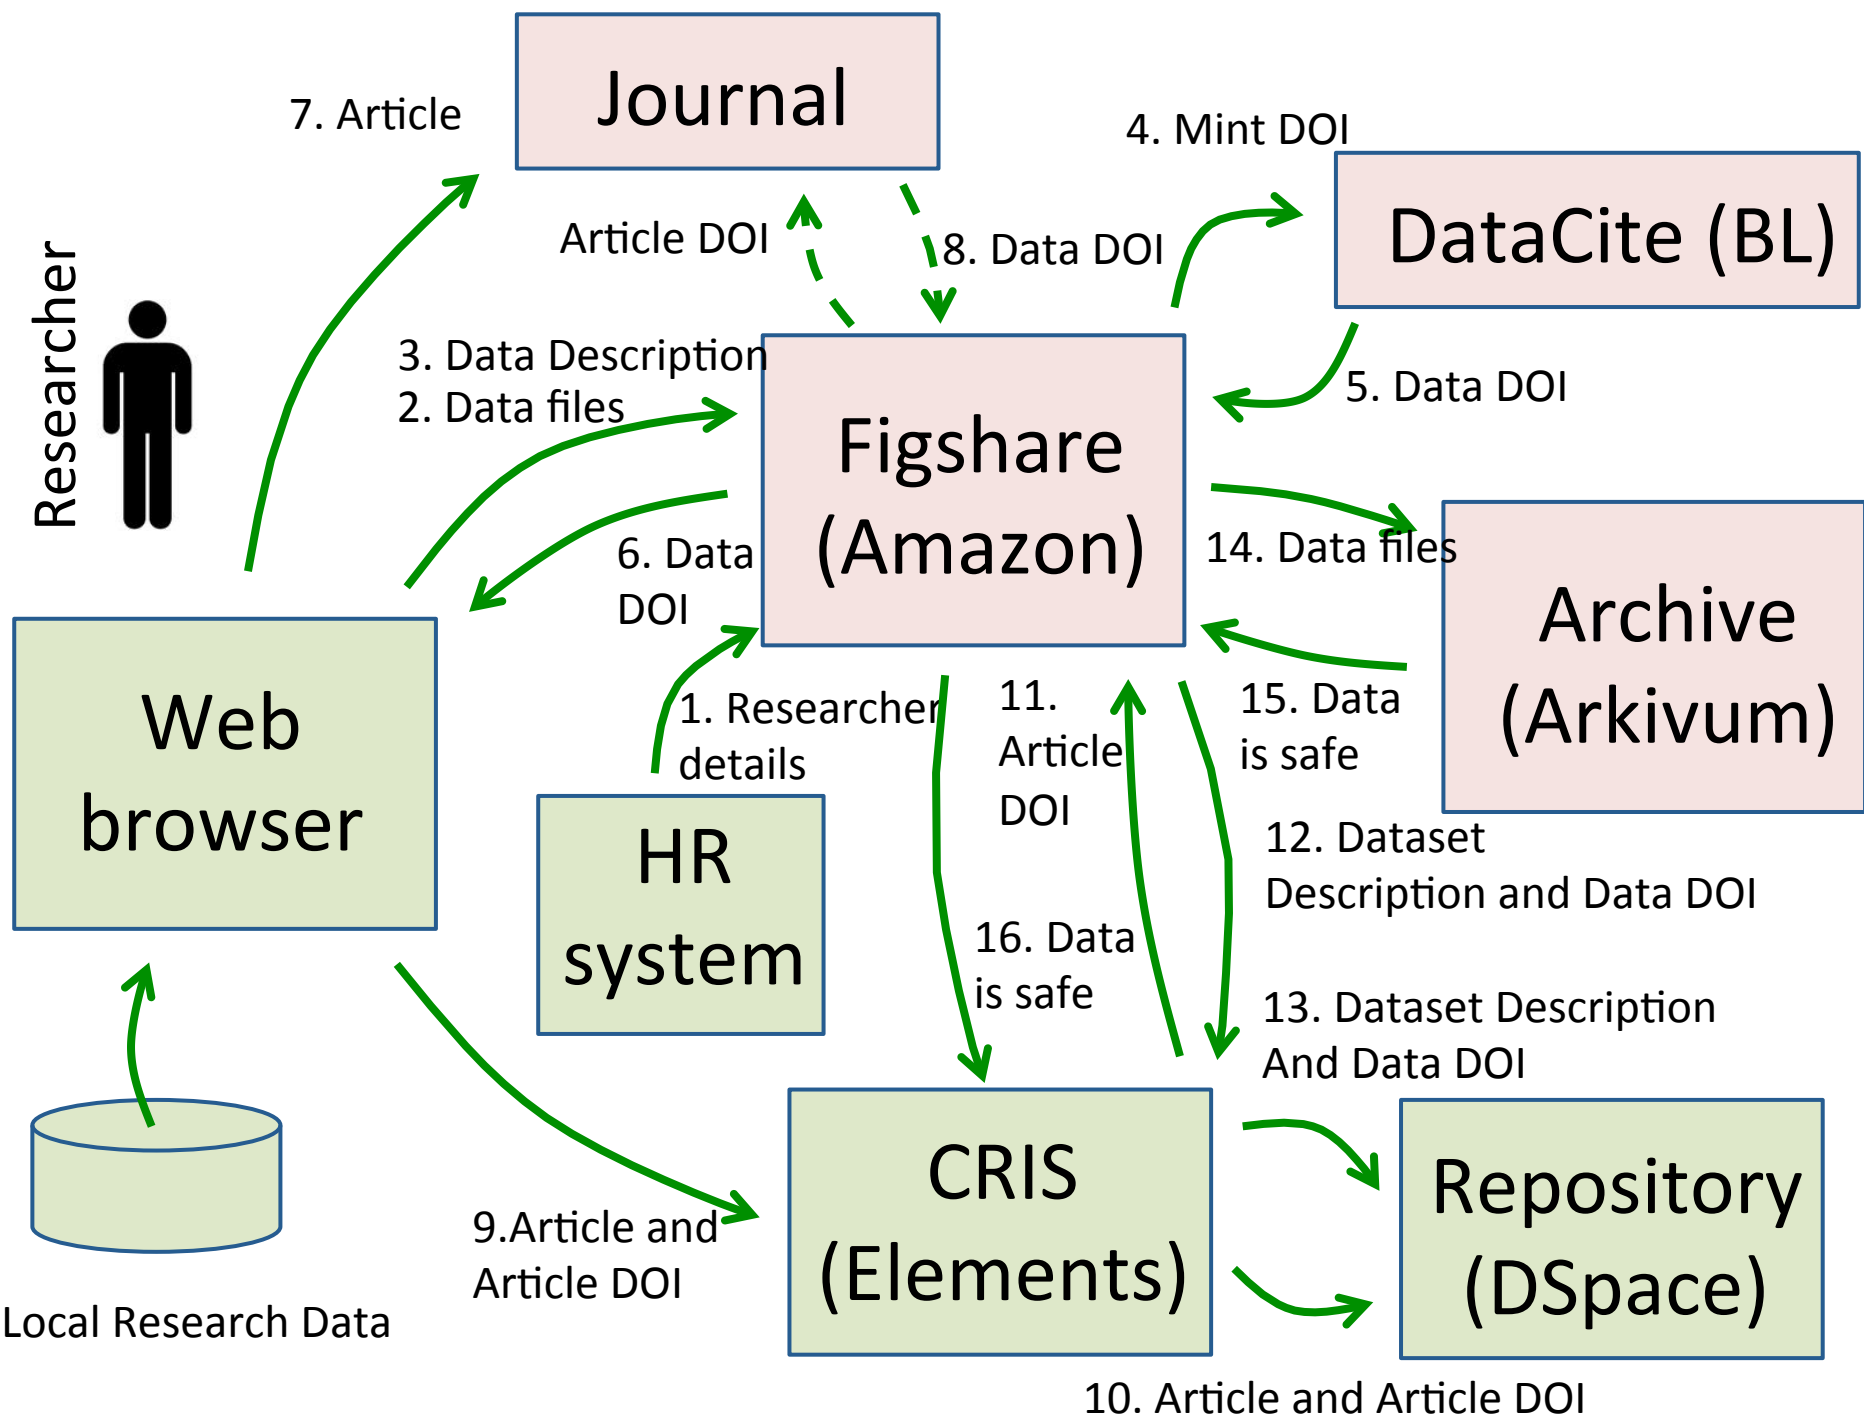

DOI: [10.6084/m9.figshare.1476832](https://doi.org/10.6084/m9.figshare.1476832)

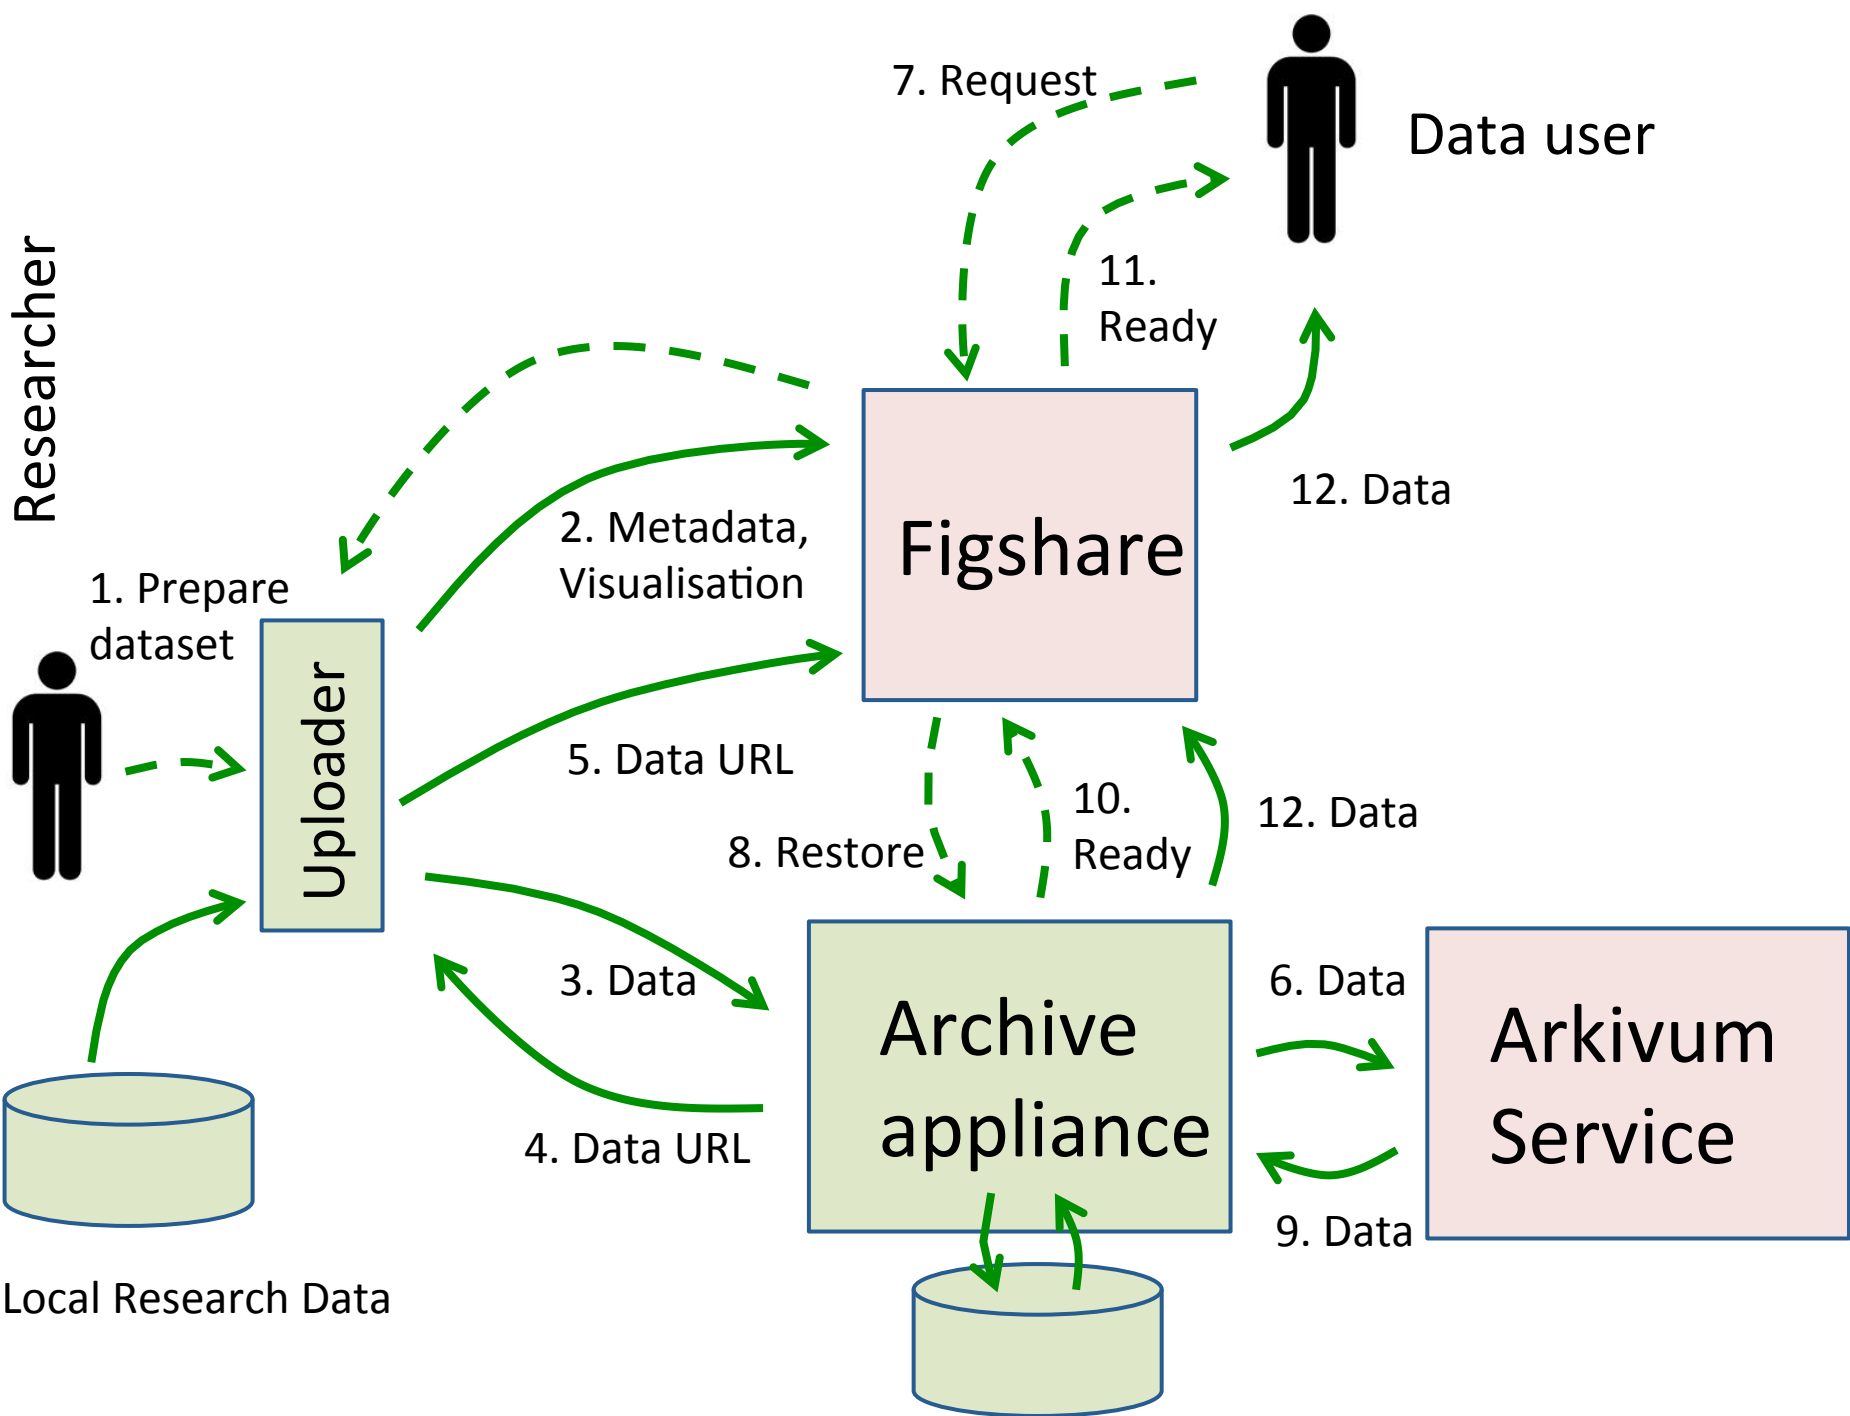

GENERIC ARCHIVE WORKFLOW

Generic deposit workflow

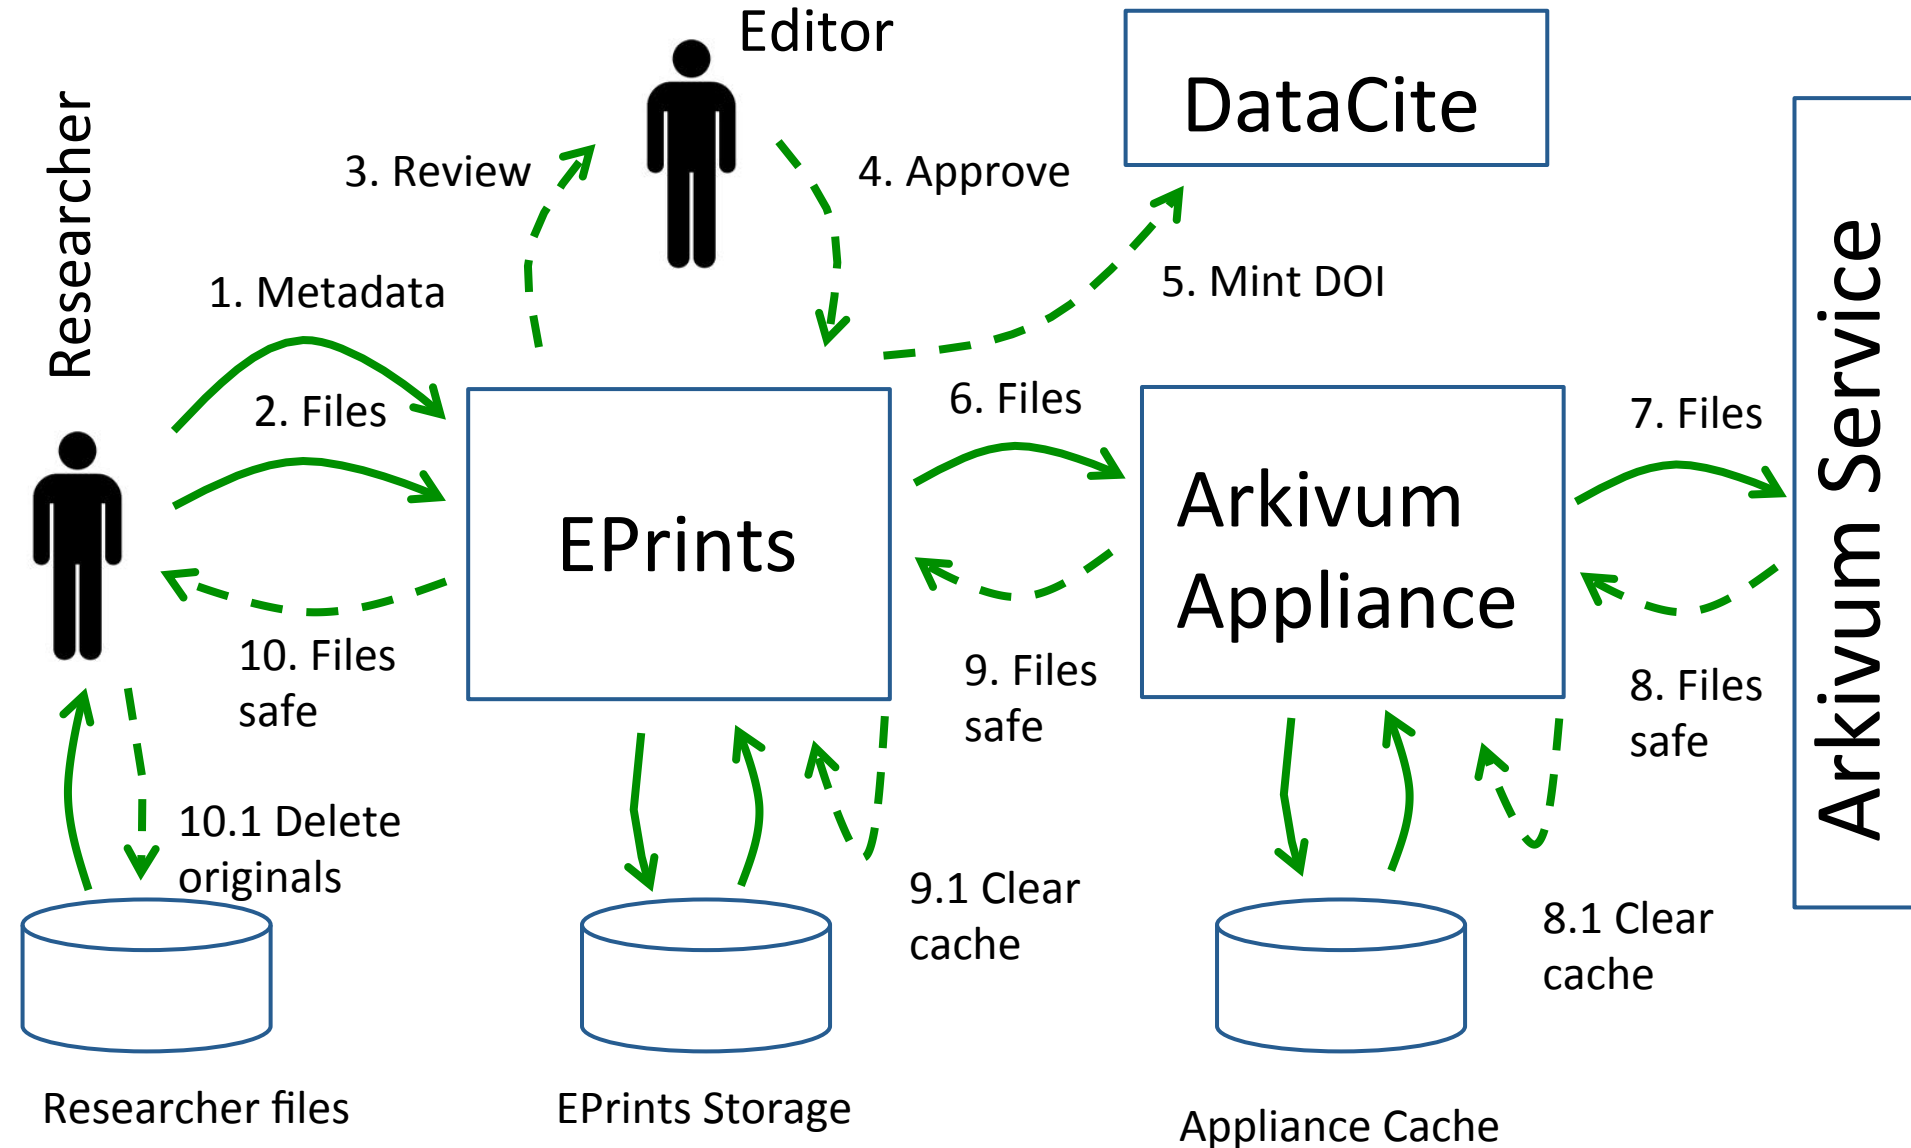

FIGSHARE WORKFLOWS

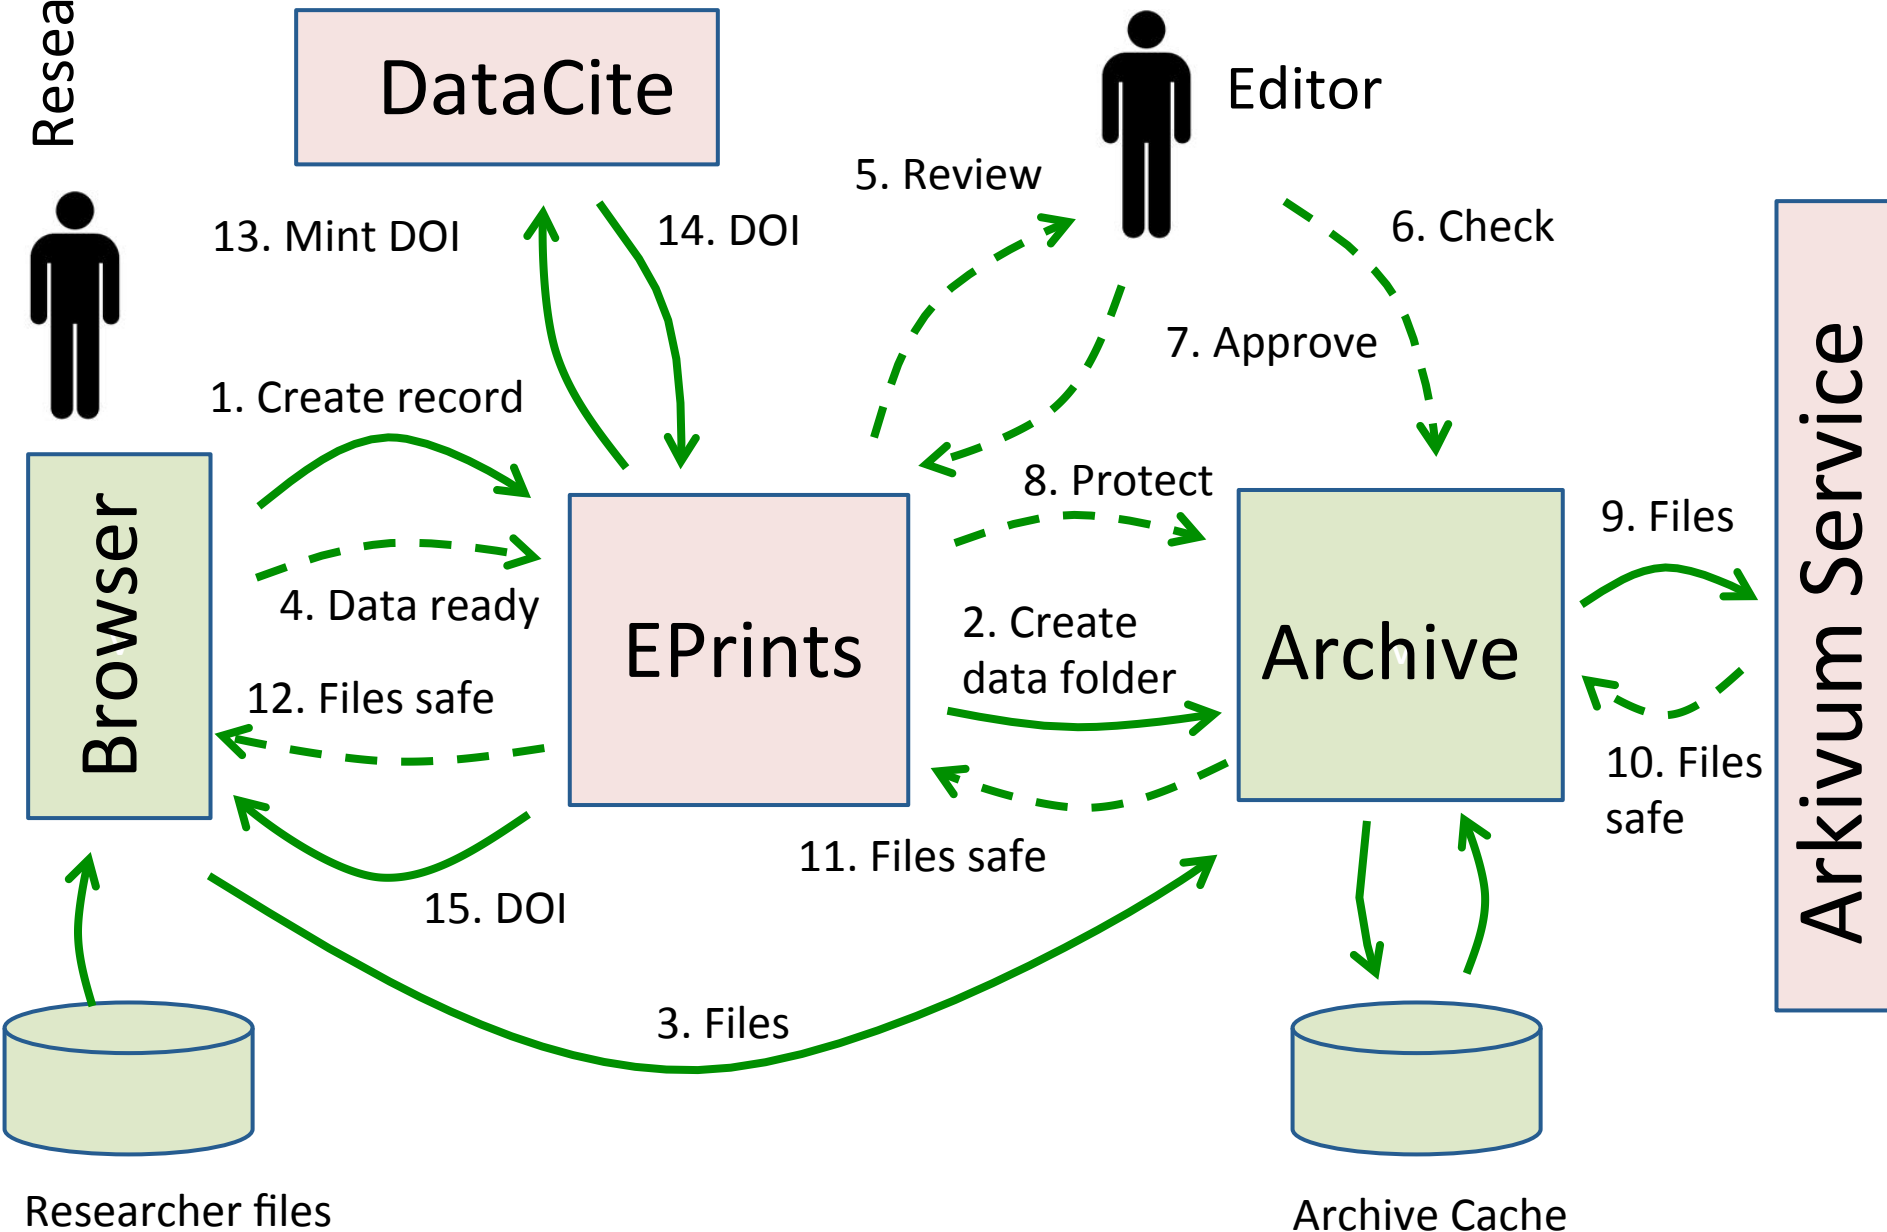

EPRINTS WORKFLOWS

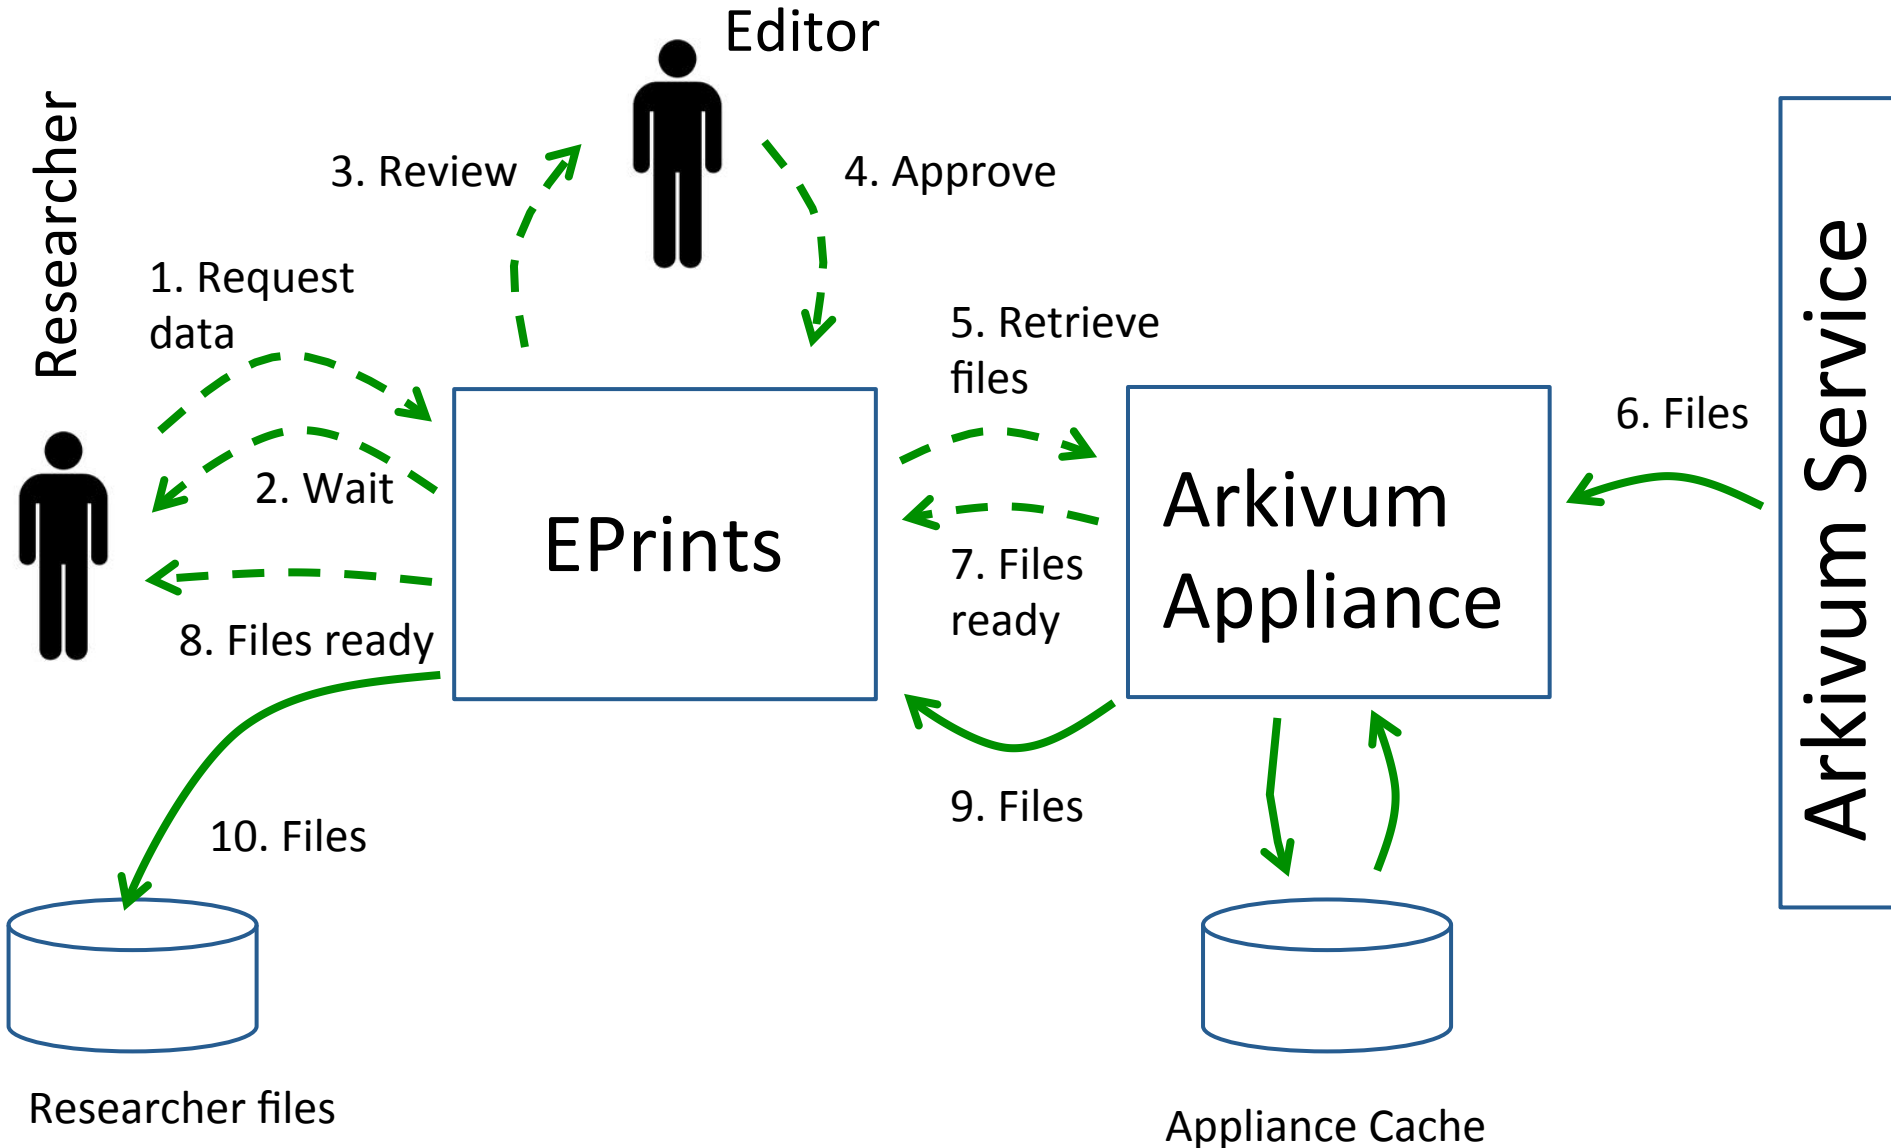

EPrints: deposit into the archive

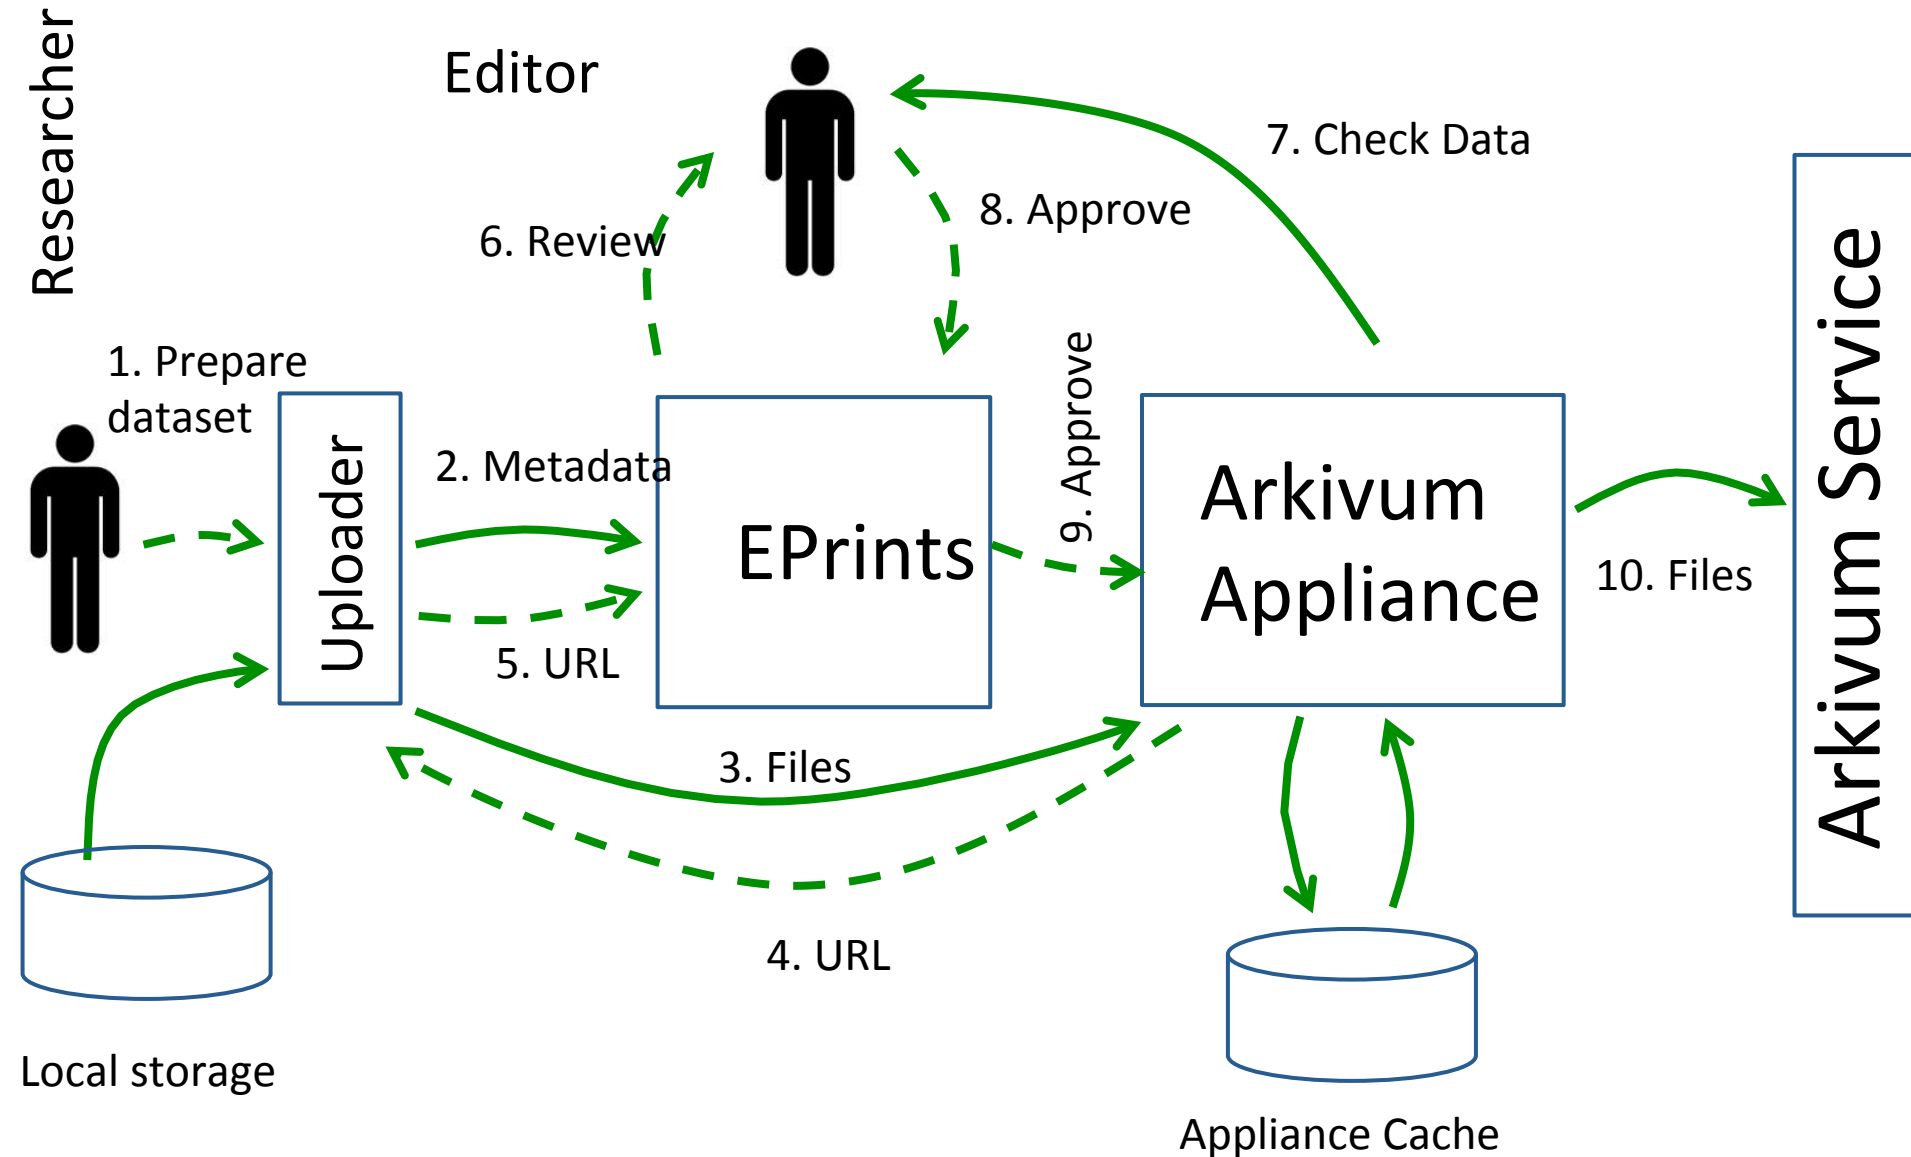

Research data deposit and archive

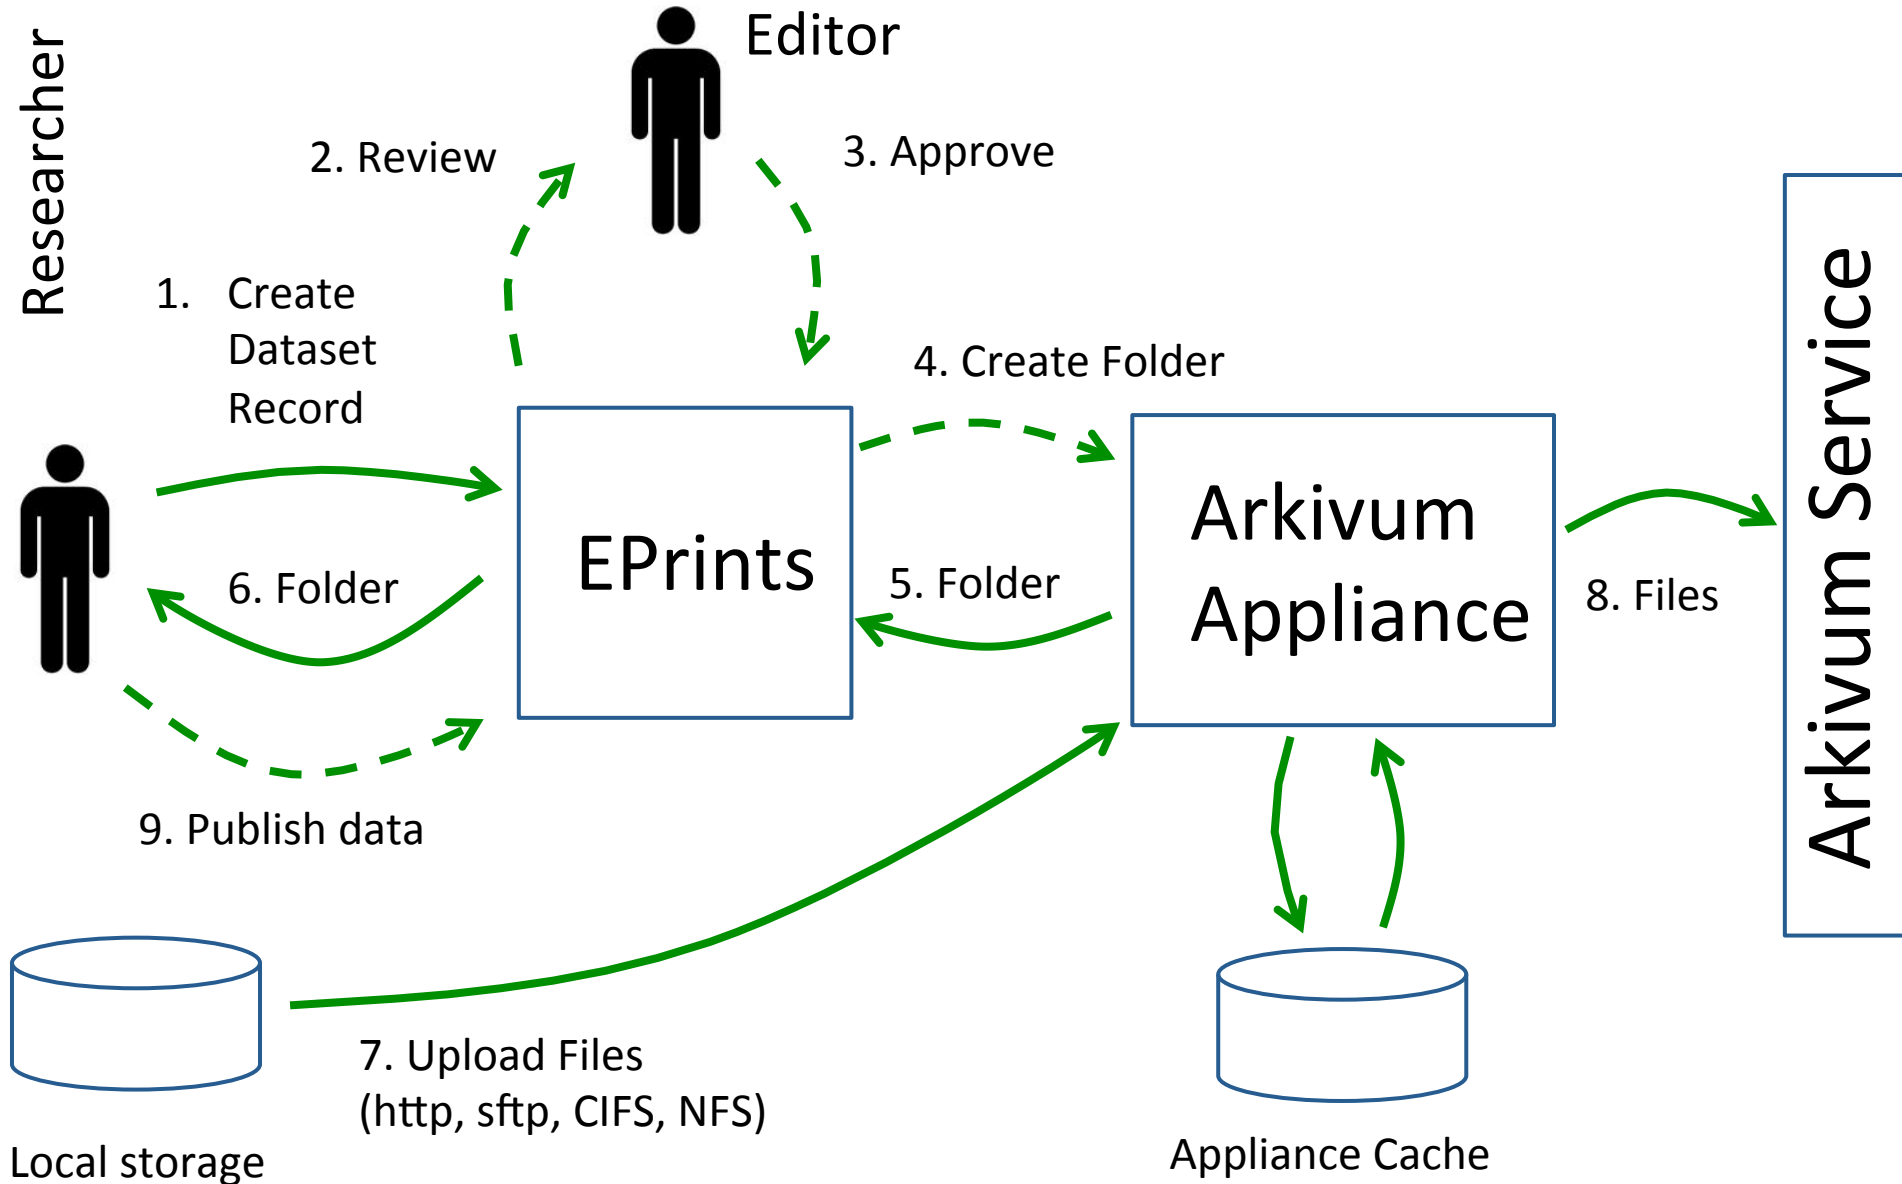

EPrints: data access

Direct archiving, large datasets

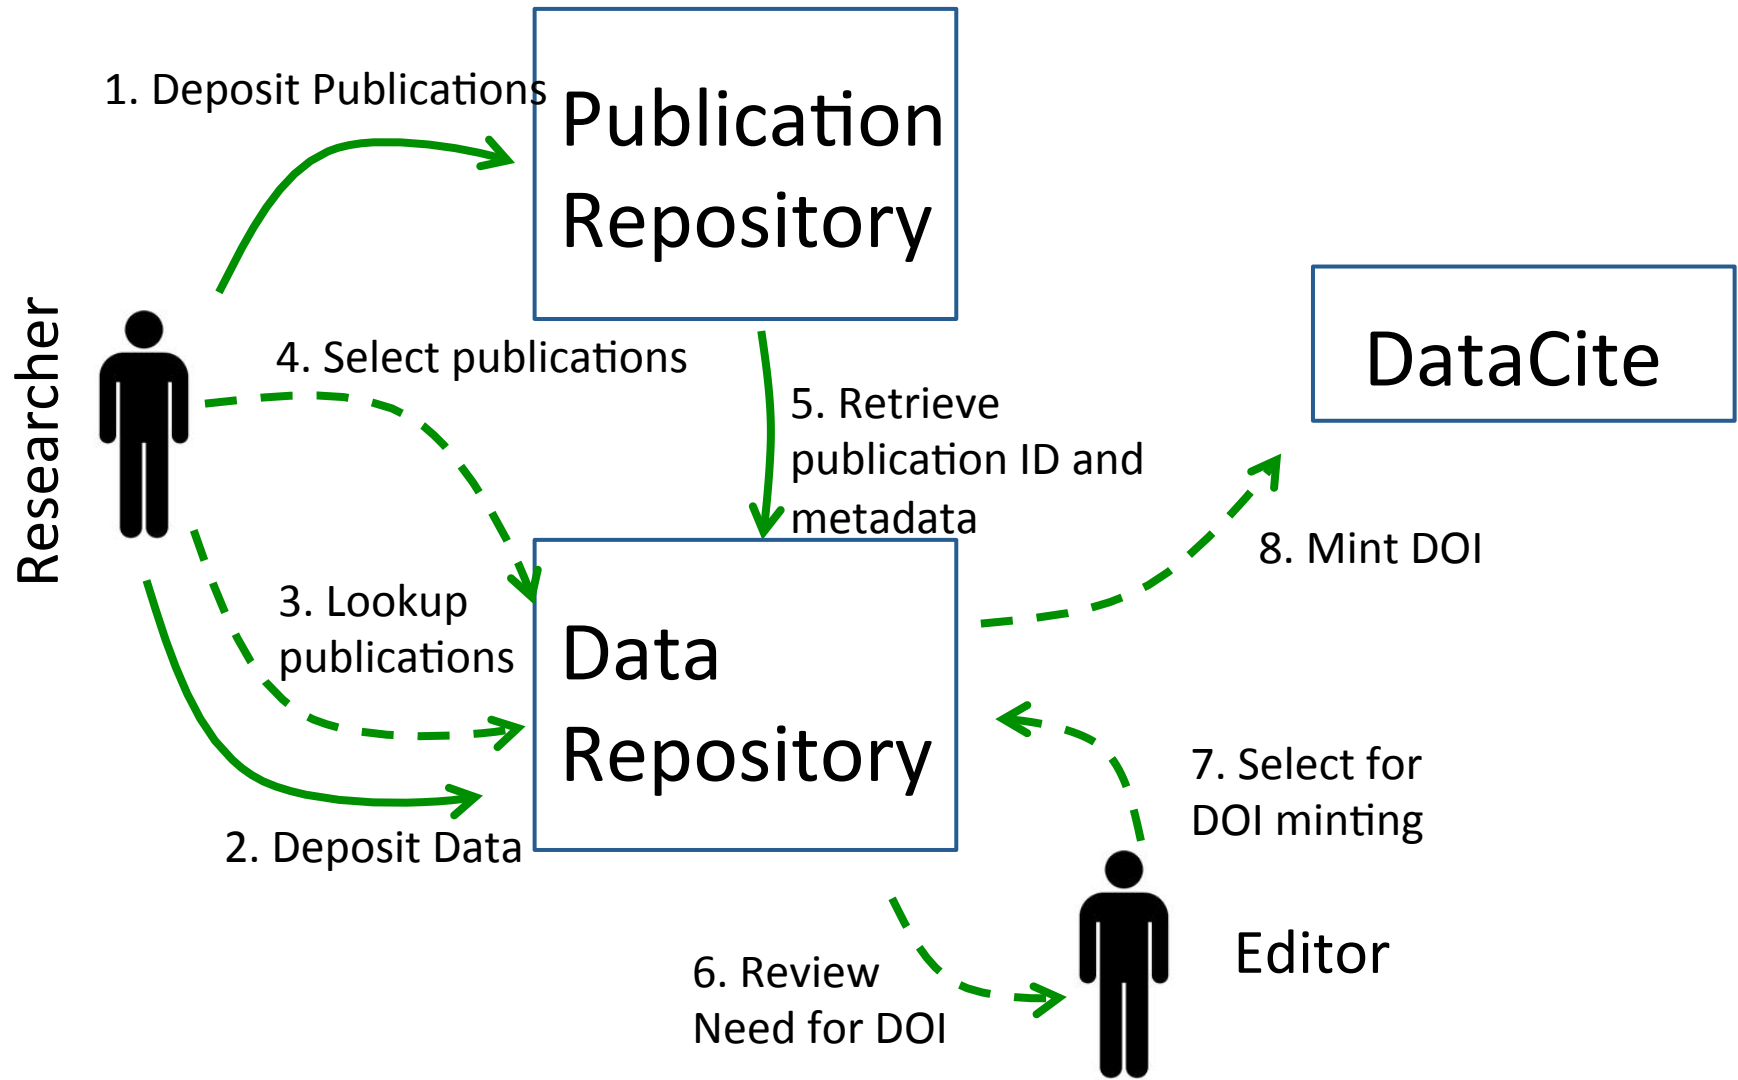

Direct archiving, multi-protocol upload

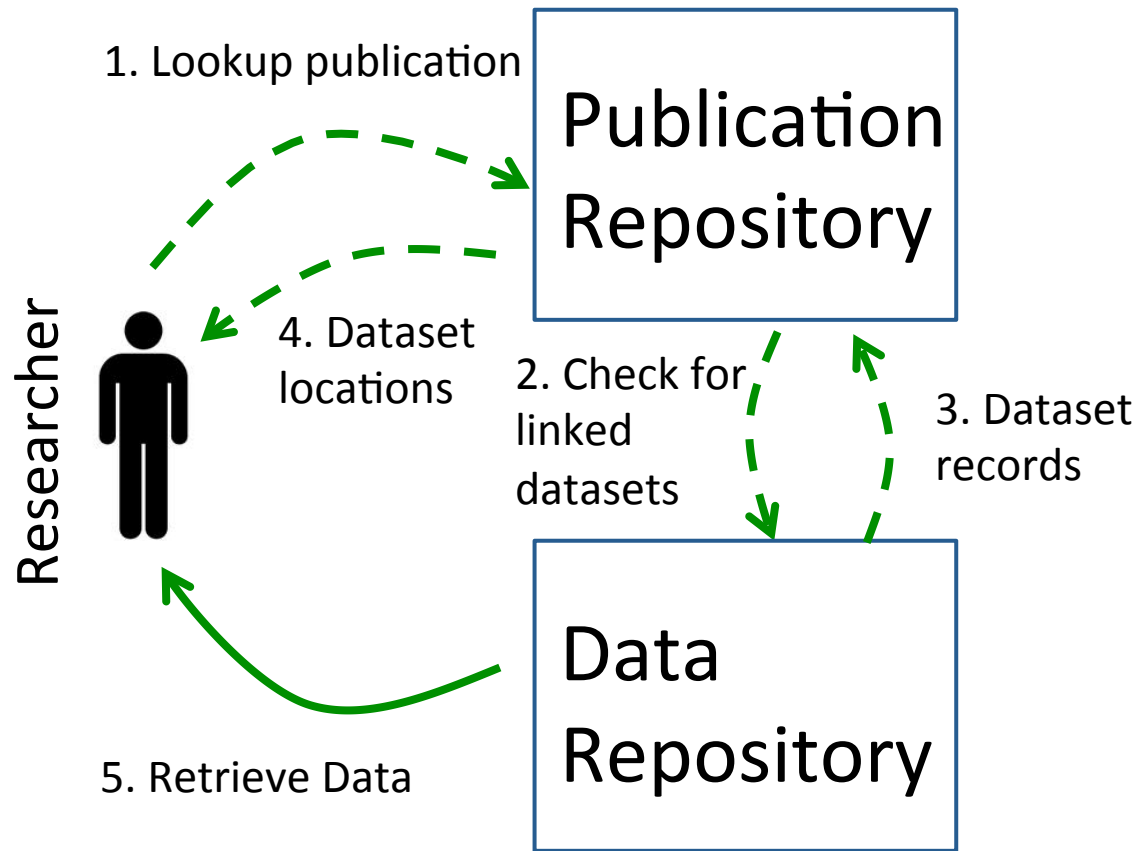

DATA REPOSITORIES

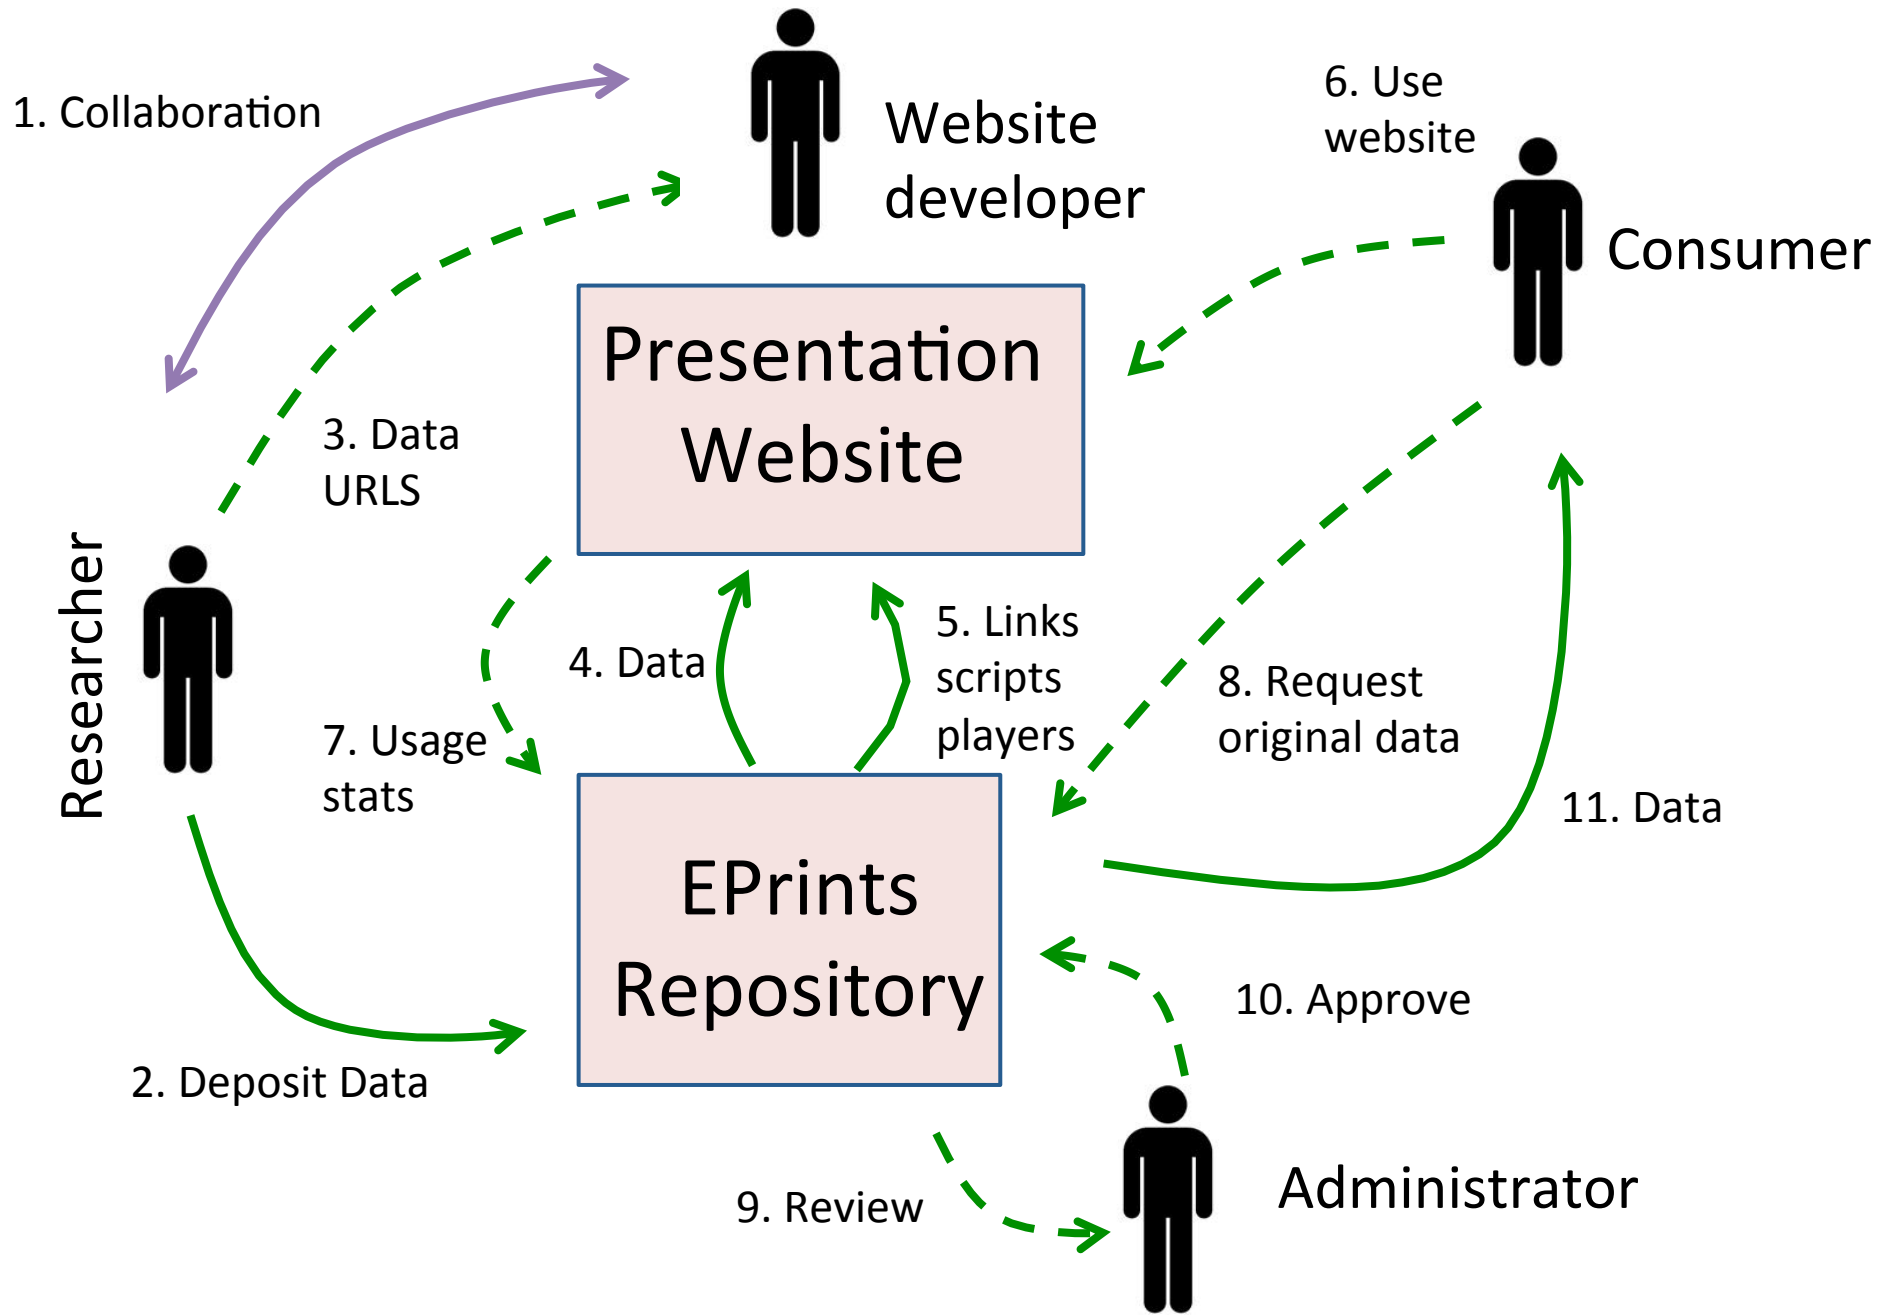

Deposit into separate Publication and Data repositories

Retrieval from separate Publication and Data repositories

Research data presentation and access

METRICS
