

Children's Information Letter and Assent Form

Hello!

I am Jane and I am a researcher at the University of Northampton.

Jane

The people at [REDACTED] Gallery have asked me to find out what you think about the [REDACTED] project you are doing with the Gallery at school.

You can tell me what you think about the [REDACTED] project by completing a questionnaire. A questionnaire is some questions for you to answer. You do not have to do the questionnaire. If you do the questionnaire, you do not have to answer a question if you do not want to.

To let me know if you would like to do the questionnaire...

- 1. Fill in the Form below and give it to your teacher.**
- 2. Answer the Questions that you want to.**
- 3. When you have answered the questions, give the pages back to your teacher.**

Afterwards, I will write a report about the answers you and your friends give. I will not put your name in the report. I will share the report with the people at the [REDACTED], your teachers, you and some other researchers.

Thank you!
