B., MacLennan, S.A., McLean, N.M., Noble, S., Ovtcharova, M., Paul, A., Ramezani, J., Rioux, M., Sahy, D., Scoates, J., Szymanowski, D., Tapster, S., Tichomirowa, M., Wall, C., Wotzlaw, J.-F., Yang, C., and Yin, Q.-Z., 2024, Recommendations for the reporting and interpretation of isotope dilution U-Pb geochronological information: GSA Bulletin, <https://doi.org/10.1130/B37321.1>.

Supplemental Material

Table S1. Example data table for U-Pb CA-ID-TIMS isotopic data for a mineral low in common Pb.

Table S2. U-Pb ID-TIMS isotopic data for a single mineral grain high in common Pb.
