

Web Development Strategy Sharing

Research Study - Experience

In this survey, we are looking for your experience authoring and using strategies. Please do not report the difficulties you had about the server problems and the application crashing.

* Indicates required question

1. In what ways, if any, did you find explicit strategies to be a helpful way to learn new approaches for tackling everyday programming problems? *

2. What about the strategies did you find most helpful? *

3. What issues or challenges did you face, if any, in authoring your strategy? *

4. What issues or challenges did you face, if any, in giving feedback on others' strategies? *

5. Any other comments or feedback on the study.

6. Whats your full name? *

7. Whats the email address you signed up with HowToo? *
