idea	Education 1. Junior high school and below 2. Technical secondary school/vocational high school/technical school 3. Ordinary high school 4. Associate degree 5. Bachelor degree 7. 985/famous university 6. 211/Key Undergraduate undergraduate 8. Master degree 9. Doctoral degree
1. Your child must do what he or she wants at all costs. What is the bottom line of educational attainment?	[_____]
2. In general, which document do you think your child should Is it enough to just rely on it? There is no need to read further?	[_____]

H15. Does your family plan to send your children to study abroad? (Single choice)

1. Never planned
2. Plan to study abroad after graduation
3. Plan to study abroad after graduating from high school
4. Plan to study abroad after graduating from junior high school
5. Plan to study abroad after graduating from primary school
6. Plan to study abroad during primary school

H16. Do you agree with the following statements: (select one answer per line)

Description	Very disagree	Not quite agree	generally	Compare agree	Very agree
1. Studying abroad is very important for my child's development.		2	3	4	5
2. Many good jobs require overseas experience	1	2	3	4	5
3. Children must have excellent foreign language skills in order to develop well in the future	1	2	3	4	5

H17. Compared with other parents in society, how do I educate my children? (Single choice)

1. Very anxious 2.
- Somewhat anxious
3. Average
4. Not too anxious
5. Not anxious at all

H18. Do the following statements match your educational concept? (Select one for each line)

Educational Concept	Very consistent	Somewhat consistent	Average	Not consistent	Very inconsistent
1. As a parent, not sending your child to extracurricular tutoring is irresponsible to your child. Any approach.	1	2	3	4	5
2. If children cannot go to a good school, it is the parents' fault.	1	2	3	4	5
3. Parents have the responsibility to collect and analyze information about further studies, make good educational plans, and Make the smartest choice for your children.	1	2	3	4	5
4. For the sake of their children's education, parents should use all their connections, even if it means pulling down 5. When children enroll in extracurricular	1	2	3	4	5
classes, as long as they follow the crowd and are similar to most of their classmates, That's it.	1	2	3	4	5
6. The competition for admission to higher education is a life-or-death struggle between families.		2	3	4	5
7. If a child fails to get into a good university, it will be difficult for him to succeed in life .		2	3	4	5
8. The competition for admission to higher education is a bottomless pit. No matter how much you invest, you cannot guarantee success. It is not worthwhile to spend a lot of money on tutoring, so parents need to be careful about the timing. Momentum, know when to stop.	1	2	3	4	5
9. If a child cannot go to a good primary school, he cannot go to a good middle school. You can't go to a good university.	1	2	3	4	5
10. As long as the pressure of competition for admission to higher education remains, reducing the burden on schools will only make parents more anxious. The burden is heavier and we have to send our children to cram schools.	1	2	3	4	5
11. If the chances of getting into a good university are slim, the child does not need to work so hard Tutoring.	1	2	3	4	5
12. Compared with families with similar conditions, our family provides more support for our children's studies. I will give more. Whether it is hardware or extracurricular classes, I will give more. We are no worse than him.	1	2	3	4	5
13. Other people 's children all take tutoring classes, so if we don't, we won't be able to compete with them.		2	3	4	5

H19. Which view do you tend to agree with among the following groups of ideas? [Interviewer's note: Choose 1 out of 2 for each group of questions]

[]	1. If your child is among the top students in academic performance, he or she should work harder to excel and participate in competitions to strive for a national ranking.
	2. If your child's grades are among the best, there is no need to spend more time on tutoring. It is better to use the time to develop his or her overall qualities.
[]	1. If a child's academic performance is average, parents should help the child strive to improve.
	2. If the child's academic performance is average, it is important to help the child develop a skill as early as possible, so that he or she can gain a foothold in society in the future.
[]	1. If a child's academic performance is poor, he or she should spend more time on studying and improve his or her grades through extracurricular tutoring.
	2. Since the child's academic performance is poor, he or she should develop certain vocational skills so that he or she can survive in society in the future.
