

Data Entry Into Database- Paper

Decatur Digestive Disease Center

Endoscopy Center at Decatur Memorial Hospital

Access Database

- Standardizes data format for aggregation
- Patient identifiers stored at practice site only (e.g., MRN information not transferred to Quality Quest)

Quality Quest ID: (New) 		MRN: <input type="text"/>		QQ Colonoscopy Data Collection Tool 	
Age:	<input type="text"/>	Previous Colonoscopy:		<input type="text"/>	
Gender:		Year of last colonoscopy (yyyy): (Leave blank if answer to previous question equals 0, 2 or 4)		<input type="text"/>	
Procedure Data	<input type="text"/>	Bowel Prep Type:		<input type="text"/>	
Physician NPI number:		ASA class		<input type="text"/>	
Physician last name: (VIEW ONLY)	<input type="text"/>	Assess of bowel prep		<input type="text"/>	
Physician first name: (VIEW ONLY)	<input type="text"/>	Exam complete met		<input type="text"/>	
PItx CRC:		Photo taken:		<input type="text"/>	
PItx Adenoma:		Any Polyp Removed this colonoscopy:		<input type="text"/>	
Size (mm) of Largest previous adenoma:	<input type="text"/>	All polyp info recorded:		<input type="text"/>	
PItx Villous Adenoma:		Withdrawal time (minutes)		<input type="text"/>	
PItx Severe Dysplasia:		PI Free of Acute Complications:		<input type="text"/>	
PItx Incomplete Polyp Removal:		Follow up recommendation:		<input type="text"/>	
PItx Serrated Adenoma:		# polyps removed:		<input type="text"/>	
#FDR(s) with CRC:	<input type="text"/>	Size largest polyp removed (mm): small/diminutive = 4mm, medium = 3mm, large = 11 mm		<input type="text"/>	
#SOR(s) with CRC:	<input type="text"/>	Are any polyps Adenomatous:		<input type="text"/>	
PItx CRC: (VIEW ONLY)		Total number of confirmed adenomas this exam:		<input type="text"/>	
Age of Youngest FDR with CRC:	<input type="text"/>	Other polyp histopathology:		<input type="text"/>	
PItx or PItx of FAP, HNPCC, HPS:		Any serrated adenoma(s) this exam:		<input type="text"/>	
PItx IBD:					
FDR Adenoma:					
Age of Youngest FDR with Adenoma:	<input type="text"/>				
Notes:	<input type="text"/>
