

Table A7. Parametric variations of materials used for each layer of the Window/rooflight Typology 1.

Layers of Window/rooflight Typology 1 	Number of variations
Frame	5
Timber window	
Timber/composite window	
Aluminium curtainwall system	
Timber/aluminium rooflight	
Aluminium roofing system	
Glazing (single glazing/double glazing/ triple glazing)	6
4mm float glass to glazing units	
6mm float glass to glazing units	
Total number of parametric variations (5 x 4)	30
