

Table A13. Parametric variations of materials used for each layer of the Internal Floor Typology 2.

<b>Layers of Internal Floor Typology 2</b>  	<b>Number of variations</b>
<b>Surface layer: Floor finish</b>	<b>3</b>
Linoleum	
Carpet tiles	
15 mm timber flooring with acoustic insulation	
<b>Middle layer: Framing &amp; insulation (3 depth variations)</b>	<b>9</b>
Galvanised steel cassette with 200/300/350 mm mineral wool insulation	
I-post timber framing cassette with plywood panel and 200/300/400 mm mineral wool insulation	
I-post timber framing cassette with plywood panel and 200/300/400 mm cellulose insulation	
<b>Surface layer: Finish</b>	<b>2</b>
25 mm plasterboard with paint finish	
Suspended ceiling	
<b>Total number of parametric variations (3 x 9 x 2)</b>	<b>54</b>
