

Supplemental Figure 1.

Communication Skills Training Survey		
1.	Did you have any formal training in communication skills during your own pediatric fellowship training?	
	Yes	
	No	
	I don't know	
2.	Do your trainees participate in any formal communication skills training during their fellowship?	
	Yes	
	No	
	I don't know	
3.	Do you have a formal mechanism to remediate fellows whose communication skills do not meet expected or desired m	
	Yes	
	No	
	I don't know	
4.	In general, how important is it for trainees to participate in communication skills training during pediatric fellowship?	
	Not important	
	Slightly important	
	Fairly important	
	Important	
	Extremely important	
5.	What are the major barriers to implementing clinical skills training in your fellowship program? (select up to 3 barriers)	
	The fellows do not have enough time to participate	
	The faculty does not have enough time to develop the course	
	The faculty does not have enough time to facilitate the training sessions	
	Cost of implementing communication skills training	
	Lack of fellow interest in communication skills training	
	Lack of faculty interest in communication skills training	
	Lack of faculty expertise in communication skills training	
	Other	
	Lack of physical space to conduct the communication skills session	
	There are no barriers	
6.	How likely are you to implement communication skills training in your fellowship program in the next 3 years?	
	We already have communications skills training in our fellowship	
	Not Likely	
	Somewhat Likely	
	Very Likely	
7.	If you were to implement a communication skills training program in your institution, how likely are you set up your own program versus working with the other fellowship programs?	
	We already have a communication skills training program and we set up our own program	
	We already have a communication skills training program with other fellowship programs	
	Likely to set up our own program	
	Likely to set up a program with other fellowship programs	
8.	What do you believe is the maximum cost your program would be willing to spend to implement clinical skills training for your fellows?	
	\$0 per fellow each year	
	\$50 per fellow each year	
	\$100 per fellow each year	
	\$200 per fellow each year	
	\$500 per fellow each year	
	\$1000 per fellow each year	
	>\$1000 per fellow each year	
9.	How many total fellows do you have in your training program?	
	1-3	
	4-6	
	7-9	
	10-12	
	13-16	
	17-19	
	>19	
10.	What is your specialty?	
	General Pediatrics	
	Adolescent Medicine	
	Allergy and Immunology	
	Behavior and Development	
	Cardiology	
	Child Abuse	
	Child Psychiatry	
	Critical Care	
	Emergency Medicine	
	Endocrinology	
	Gastroenterology	
	Hematology/Oncology	
	Infectious Disease	
	Neonatology	
	Nephrology	
	Neurology	
	Pulmonary Medicine	
	Rheumatology	
	Other
