

Figure S1. *Prdx1* expression between immune cell subset.

Figure S2. *Prdx1* deficiency increases endogenous H₂O₂ production in macrophages.

Figure S3. Ad-PRDX1 rescues PRDX1 expression in *prdx1*^{-/-} macrophages.

Figure S4. *Prdx1* deficiency exacerbates atherosclerosis in *apoe*^{-/-} mice.

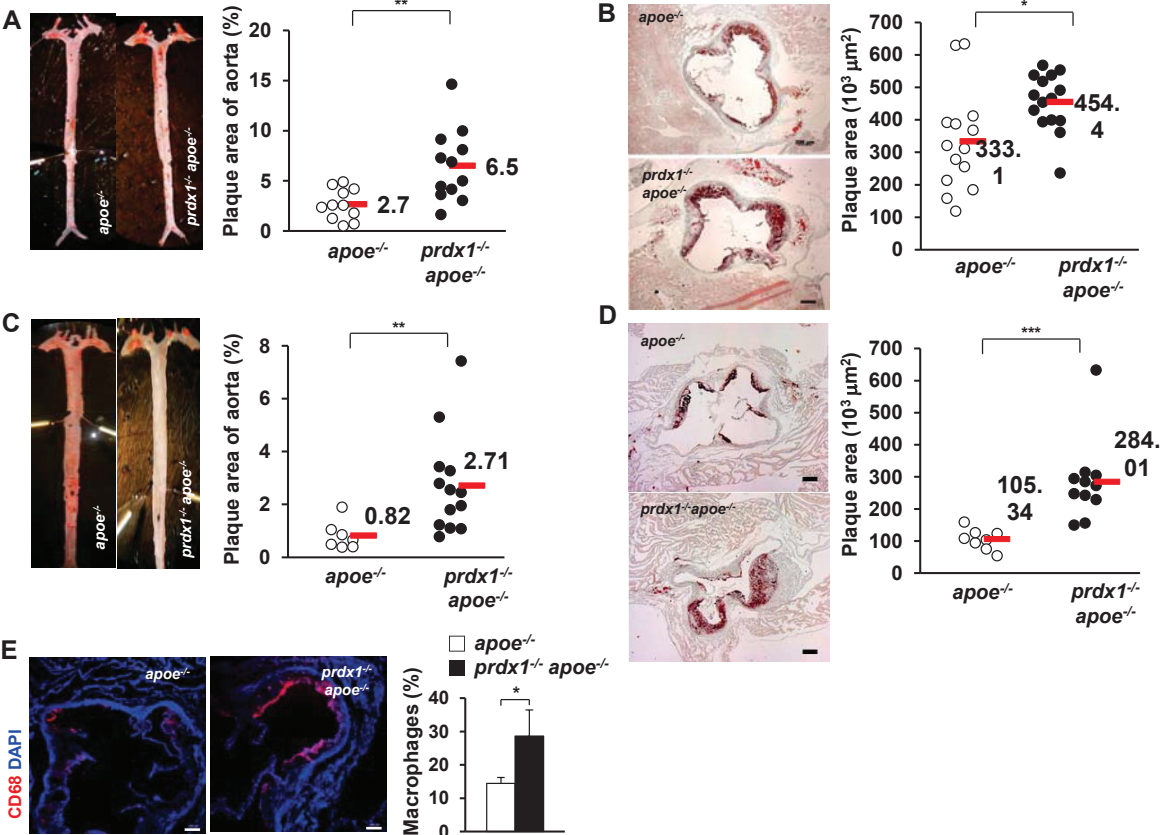

Figure S5. *Prdx1*-deficient hematopoietic cells exacerbates plaque formation in *apoe*^{-/-} mice.
