

In the article by Chang et al.: Functional Recovery of Human Cells Harboring the Mitochondrial DNA Mutation MERRF A8344G via Peptide-Mediated Mitochondrial Delivery. *Neurosignals* (DOI: 10.1159/000341981), the correct name of the fourth author should read Shou-Jen Kuo.

Furthermore, in the section *Mitochondrial Isolation and Delivery* the ratio of Pep-1 to mitochondria should correctly be given as 1.750:1 (not 1,750:1).
