

Supplementary Material

Supplementary Table 1: Dairy-related outbreaks, 2005-2016. Data from the Foodborne Disease Outbreak Surveillance System, Centers for Disease Control and Prevention plus references as indicated (Column O)

Supplementary Table 2:

Supplementary Table 2: Information on the legal availability of unpasteurized fluid milk in 50 states plus the District of Columbia for 2004-2016, displayed using the colour and letter codes in Table 2. For simplicity and consistency, the year in which a jurisdiction changed status was assigned the new status. Legal status data from state governments, National Association of State Departments of Agriculture (NASDA) unpasteurized milk surveys, and third-party websites.

Supplementary Table 3: States affected by multi-state outbreaks associated with unpasteurized fluid milk. Data from the U.S. Census Bureau population estimates and the Foodborne Disease Outbreak Surveillance System, Centers for Disease Control and Prevention.

Supplementary Table 4: State-outbreak incident rates per million persons, 2005-2016 (2009 excluded) in each jurisdiction. Data from the Foodborne Disease Outbreak Surveillance System, US Centers for Disease Control and Prevention.
