

SPREADING THE **ORCID** WORD

ORCID COMMUNICATIONS WEBINAR, JUNE 2018

An abstract graphic on the left side of the slide featuring a complex network of green lines and dots, resembling a molecular structure or a data network, set against a dark background.

AGENDA

- ORCID – what and why?
 - ORCID facts and figures
 - ORCID for research organizations
 - ORCID for researchers
 - Use cases
- ORCID resources
 - Sample communications plan
 - Resource and templates
- Community resources and examples
- Q&A

ORCID's vision is a world where
all who participate in research,
scholarship, and innovation are
uniquely identified and connected
to their contributions and
affiliations across time, disciplines,
and borders.

Together, we can make our vision a reality!

WHAT IS ORCID?

- ORCID is an open, not-for-profit organization run by and for the research community
- We provide researchers with a unique identifier, an ORCID iD, that reliably and clearly connects them with their research contributions and affiliations
- Hundreds of systems have now integrated ORCID iDs – from grant application and manuscript submission to CRIS to repositories, and more!
- By pooling the know-how and influence of the international research community, we can deliver a huge step forward for the openness and reliability of research information.

ORCID FACTS AND FIGURES

- Over 4.9m registrants (June 2018)
- ~880 organizational members (June 2018)
 - 78% research institutions
 - 50% Europe, 27% US/Canada
 - 17 consortia
 - 43 countries
- Over 560 live integrations

<https://orcid.org/statistics>
<https://orcid.org/members>

ORCID CONNECTIONS

- ~ 2m iDs with external identifiers
 - Person, organization, funding, work, peer review activity
- 2.5m+ education affiliations
- 31m+ works
 - 12m+ unique DOIs
 - ~1m works added via Crossref auto-update
- ~0.5m funding activities
- ~0.25m peer review activities

<https://orcid.org/statistics>

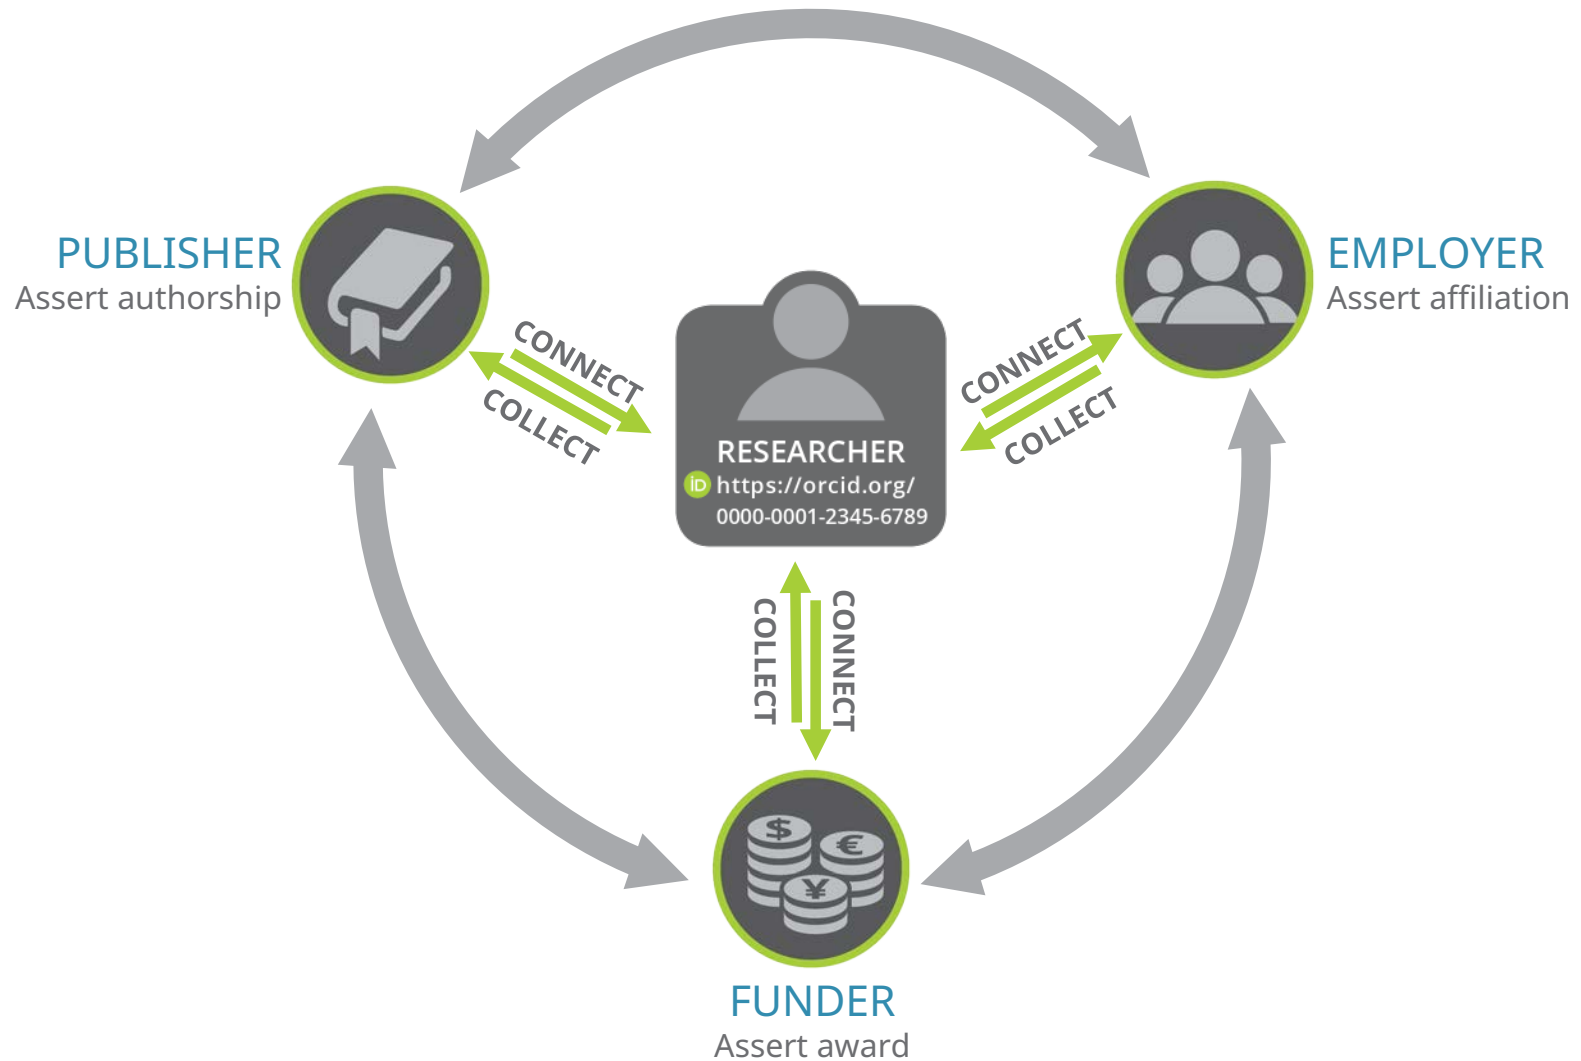

WHY ORCID? ORGANIZATIONS

1. Ownership of your organization's name and validation of connections with it
2. Maintain links with your researchers - past, present, and future
3. Benefit from faster, automated information-sharing through cross-system interoperability

INTEROPERABILITY

ENTER ONCE
REUSE OFTEN

WHY ORCID? RESEARCHERS

1. Spend more time doing research, less time managing it
2. Improve recognition and discoverability for yourself and your research activities
3. Benefit from having a trusted, self-managed record of your research activities and affiliations that you can share with organizations and individuals you trust

WHAT IS ORCID?

ORCID is a registry of unique identifiers for researchers and scholars that is open, non-proprietary, transparent, mobile, and community-based. ORCID provides a persistent digital identifier that distinguishes you from every other contributor and supports automated linkages among all your professional activities.

ORCID is about disambiguating your research from others' with the same or similar names. Without disambiguation, we will continue to manually weed our bibliographies. We have better things to do with our time.

Marc Greenberg, Professor of Slavic Languages & Literatures, University of Kansas, U.S.

To keep track of a researcher and his or her works throughout their career, it makes sense to have a unique identifier. I believe that ORCID is here to stay.

Antonio Neves, Professor, Universidade Federal do ABC (UFABC), Brazil

ORCID, an independent, not-for-profit organization designed to benefit all stakeholders, is unique in its ability to reach across disciplines, research sectors, and national boundaries. The ability to connect research and researchers enhances the scientific discovery process and improves the efficiency of research funding and collaboration. ORCID is engaging with all sectors of the research community to realize this vision.

ORCID recognizes that key information in one information is displayed trusted partners are.

ORCID is founded on allows you to link with and publishers, and Registration is fr

How can I ensure I receive credit and recognition for all of my contributions? Shouldn't there be a way to reduce time spent on administrative and reporting requirements? How can I maintain control over my own record of contributions?

Regardless of your discipline or place of work, it is critical to your reputation and career that research and scholarly organizations and funders, publishers, scholarly societies and associations, and your fellow researchers and academicians be able to quickly and unambiguously identify and attribute your work – and only your work – to you. ORCID helps you easily and reliably link your unique identity with your contributions such as datasets, articles, books.

ORCID

ORCID — это открытая, некоммерческая организация, поддерживаемая заинтересованным сообществом и предоставляющая ученому уникальный постоянный идентификатор, который можно использовать в ключевых научно-информационных процессах для обеспечения надежной связи ученого с результатами его деятельности.

Через связь с другими системами, ORCID позволяет улучшить поиск и избежать необходимости повторного ввода существующих данных. Ученые контролируют приватность информации, отображаемой в их записи ORCID, и определяют, кто и какую информацию сможет увидеть.

The screenshot displays the KAUST Library website's ORCID guide. The header features the KAUST logo and the text 'University Library where inspiration is born'. The breadcrumb trail reads 'KAUST Library / LibGuides / ORCID (Open Researcher and Contributor ID) / Home'. The main heading is 'ORCID (Open Researcher and Contributor ID) : Home', followed by a subheading 'Provides information about ORCID researcher identifiers and their use.' and a search bar labeled 'Search this Guide'.

The guide is organized into three main columns:

- Create an ORCID ID**: A box containing the text 'If you don't have an ORCID ID yet, register a unique identifier for yourself at: <http://orcid.kaust.edu.sa> (KAUST Intranet only)'.
- What is an ORCID?**: A box containing the text 'An ORCID ID is a unique Identifier for researchers. It allows research activities to be accurately attached to individuals over time, between institutions and across multiple information systems. For more details visit: [What is ORCID?](#)'.
- Why should I get one?**: A box containing the text 'Having an ORCID ID allows you to better manage your research profile and keep it up-to-date. In'.
- Questions?**: A sidebar on the right with the heading 'Email or Call:' and a list of contact information: 'Mohamed B', 'Digital Repo', '808-3605', 'Daryl Grenz', 'Digital Repo', '808-3630', and 'Eirini Mastor'.

The Role of the ORCID Consortium Lead

As the Consortium Lead, the AAF will provide support to the Consortium as outlined below. This support is only available to consortium members.

To contact support email support@aaf.edu.au

Role of the ORCID Consortium Lead

Providing administrative support to the Consortium

- the initial establishment of the licensing agreement (year one), the subsequent renewal (year two onwards).
- management of the billing cycle for the collection of fees from members and the payment of licensing fees.
- secretariat support to the governance body.

Manage and support the on boarding of Consortium members

- manage the membership process of joining the consortium as outlined in the Consortium agreement.
- act as the primary contact between ORCID and the members for membership enquiries.
- organise and conduct on boarding webinars as part of an ORCID training program for members.

Be the central technical support contact to all members

- Monday - Friday 8am-5pm AEST (exclusive of Queensland public holidays) Tier 1 ticket and issue management via the Host's Service Desk. All questions received by ORCID directly from Consortium members will be re-routed to the Consortium Host's Service Desk.
- manage the resolution of Tier 1 technical support incidents.
- manage the escalation of Tier 2 support incidents with ORCID.
- engage with ORCID to ensure that member ORCID integrations are in accordance with ORCID guidance and stated good-practice.
- act as liaison between the Australian ORCID member community and the ORCID organisation ensuring that member interests are represented and that feedback is provided via appropriate channels to fuel improvement and innovation.

Maintain consortium documentation and technical documentation repositories

- setup and manage a web interface to facilitate sharing of plans and coordination of implementation of members.
- development and maintenance of documentation, FAQ, Q&A, online resources and collaboration tools for members.
