

Personal Info

Welcome to March Metrics!

The entry fields below are laid out to match the March Metrics Official ScoreSheet layout for easier navigation (<http://marchmetrics.files.wordpress.com/2013/02/march-metrics-official-scores4.pdf>)

If you have more items to enter than the number of answer fields allow, please begin another submission. There is no limit to the number of separate entries you can make to March Metrics as you continue to build Impact and Points over the course of the competition. Please make sure to use the same name/email address for all your entries, as this is how we will collate your scores.

The only required entry fields are name and email address, so feel free to skip through to the relevant section you wish to enter data for.

Email addresses will be completely removed from the results before we share the database on figshare

March Metrics will close for score submissions by 11.59pm EST on March 31st, 2013

Thanks, and Good Luck!
