

# Spot the mutation!

**A**

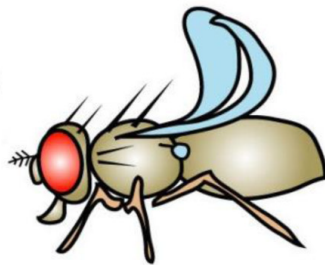

*white<sup>-/-</sup> (w)*

**E**

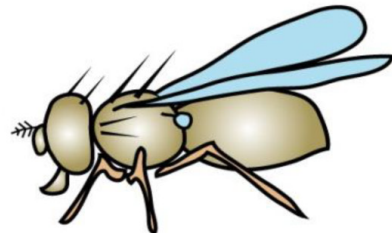

*vestigial<sup>-/-</sup> (vg)*

**B**

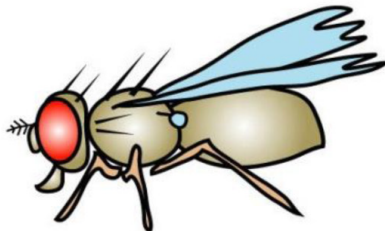

*Curly<sup>+/-</sup> (Cy)*

**F**

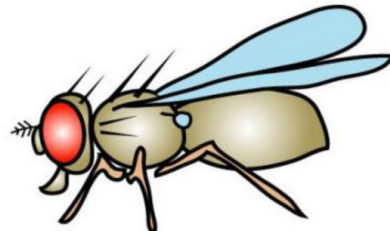

*eyeless<sup>-/-</sup> (ey)*

**C**

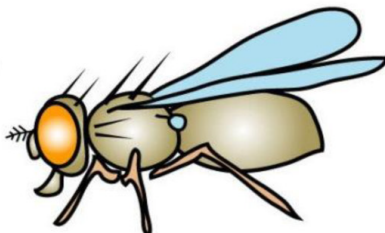

*Serrate<sup>+/-</sup> (Ser)*

**G**

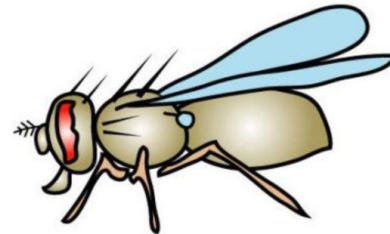

*wild-type (wt)*

**D**

*mini white (w<sup>+</sup>)*

**H**

*Irregular facets<sup>-/-</sup> (lf)*

Match these images with the flies you see! Put the letters in the right sequence into the boxes, as they are lined up under the microscope!

**Answer:** (one fly has two markers!)
