Now you will be presented a single letter after each arithmetic task. This letter will disappear automatically after a short time. Try to remember these letters. After a few tasks, you will be asked to recall them in the correct order.

Additionally, the arithmetic tasks will now have a time limit. The time limit is based on the time you took for solving the previous arithmetic tasks. If you do not solve the arithmetic problems in time, they will count as incorrect. Therefore it is VERY important to solve the problems as quickly and as accurately as possible.
