Supplementary Tables

Table 2: Summary statistics of individual difference measures, including the mean, standard deviation (SD), minimum, and maximum value. The values shown here are raw values before transformation.

	Mean	SD	Min	Max
Count Span	66.53	15.08	39.22	94.00
Dot-pattern expectancy $d$ -prime	3.33	.68	0.83	3.88
Stroop accuracy	-3.39	4.57	-16.25	2.50
AQ total score	20.11	5.86	8.00	36.00
PPVT-4	112.98	9.14	88	132
Author & Magazine Recognition task	15.13	8.33	2.50	38.00
