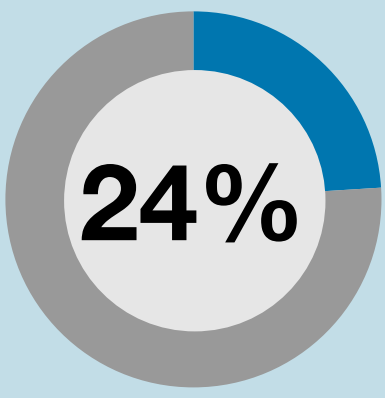
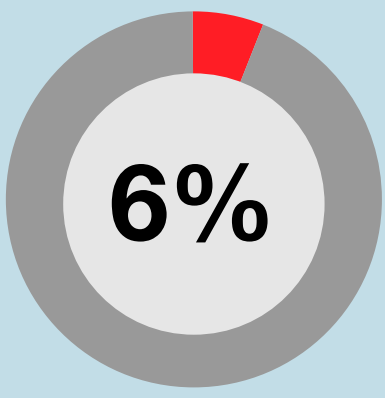
UK & CHINA

Do you think Chinese women are short? British food is healthy or Chinese women live longer? Lets investigate with science!

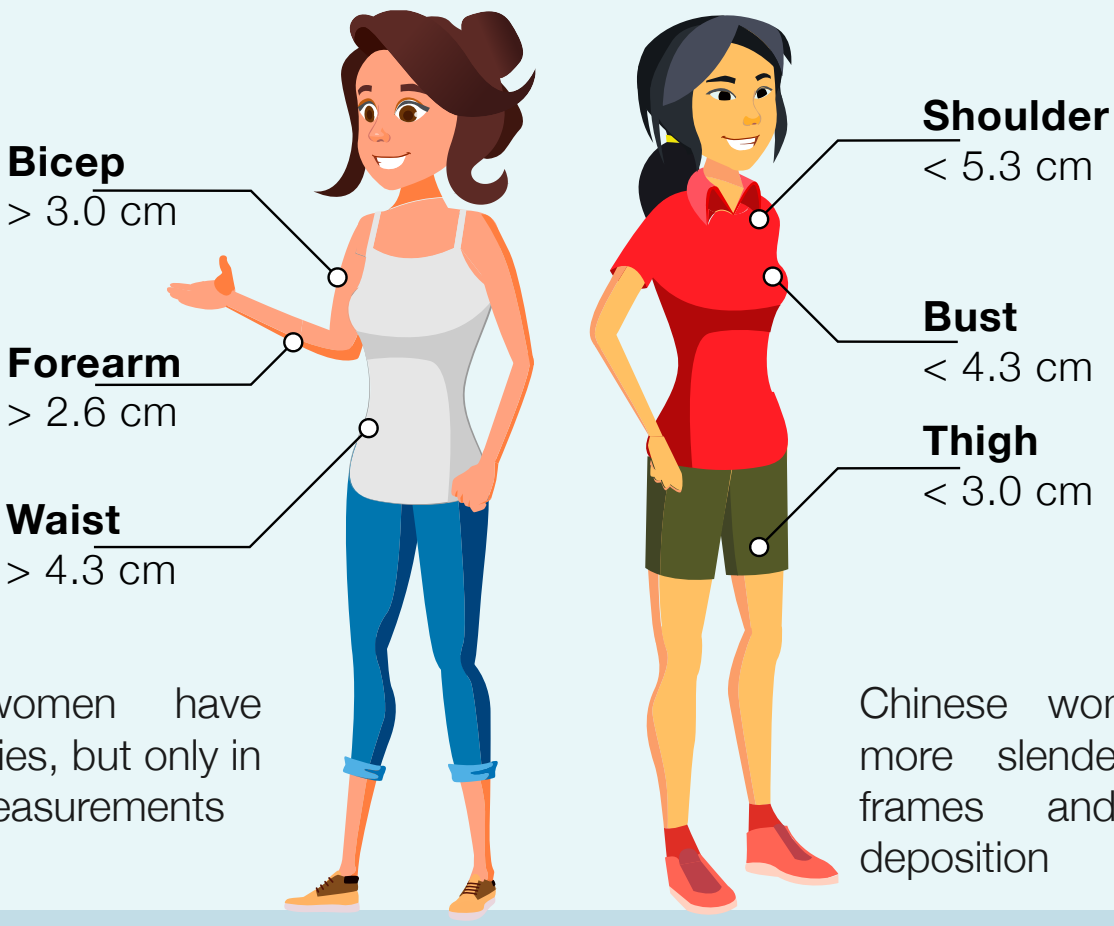
Percentage Of 20 to 30 Year Olds Overweight





BODY SIZE

Chinese and British women are the same height

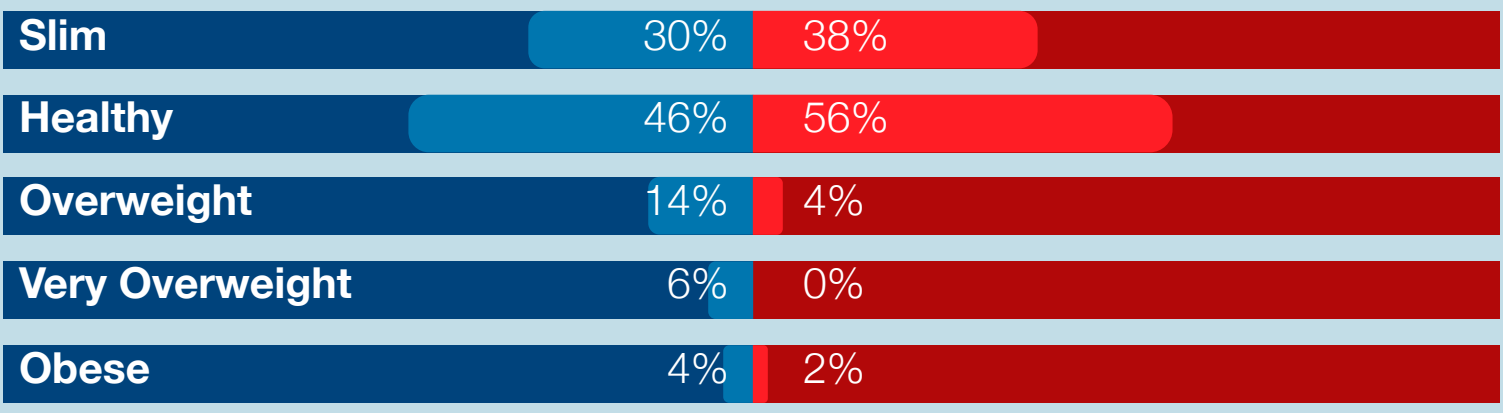


British women have larger bodies, but only in 22% of measurements

Chinese women have more slender skeletal frames and muscle deposition

HEALTH

Chinese women live healthier lives due to lower levels of body fat



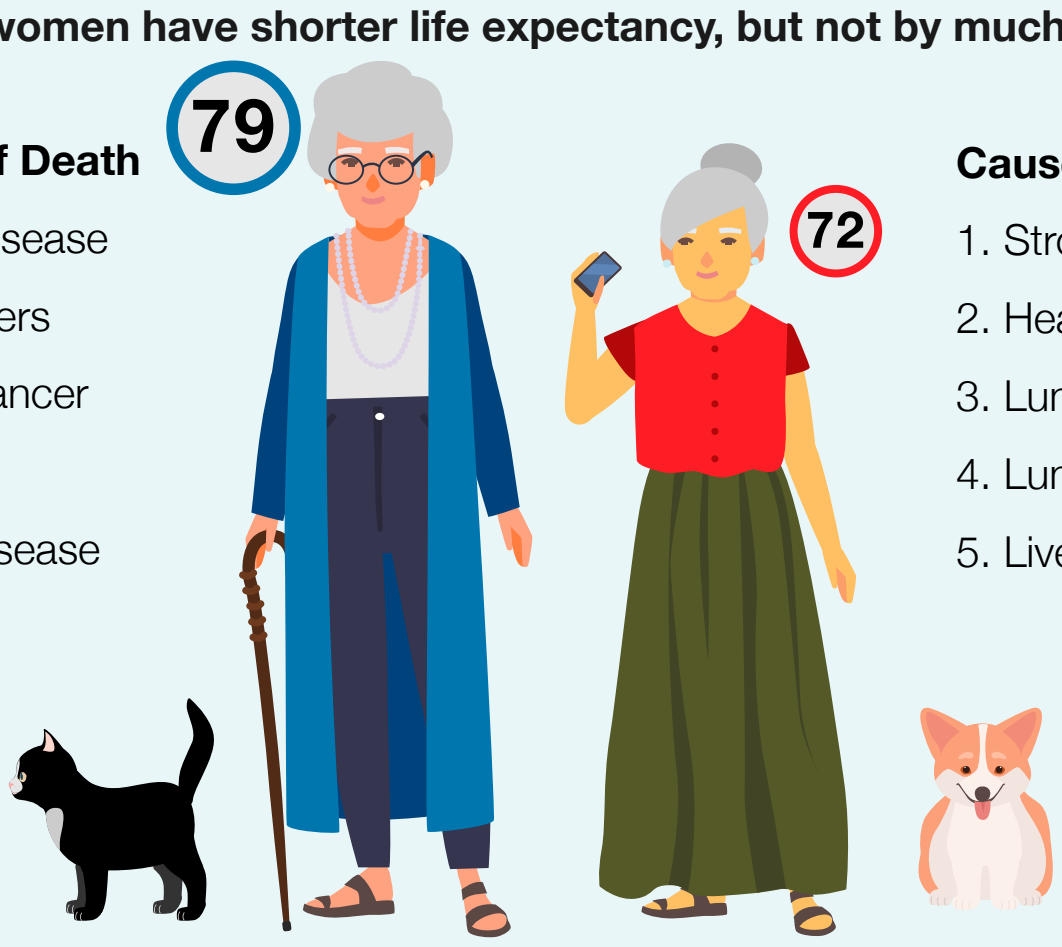
British women are 7.6 Kg heavier than the average Chinese women

LIFE EXPECTANCY

Chinese women have shorter life expectancy, but not by much...

Causes of Death

1. Heart Disease
2. Alzheimers
3. Lung Cancer
4. Stroke
5. Lung Disease



Causes of Death

1. Stroke
2. Heart Disease
3. Lung Disease
4. Lung Cancer
5. Liver Cancer
