- Provide a space where researchers can strike up conversations
- Rooms made available for breakout sessions
- Programme structure
- Our researchers found this was one of the things they liked about ResBaz 2018 at Auckland

# Diverse Environment

- PhD students, Honours and Master students, early career researchers, senior researchers and industry/professional staff involved in research
- Auckland University is currently spread across several campuses - City, Grafton, New Market, Grafton, Epsom and Tamaki.
- Majority of our attendees are from City campus - We would like for this to change in the future events

# Open Access

- Provide support for open reproducible research
- Sessions on reproducible research in genomics
- Open source tools and platforms
- Data management training sessions
- Session content made available to the attendees

# Highlights

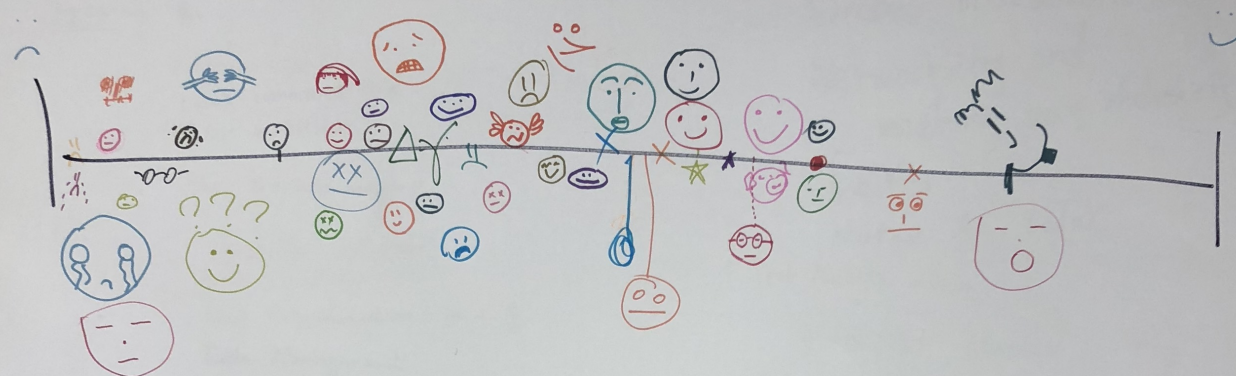

- Great speakers
- Swag shop
- Short taster sessions followed by software carpentry two weeks later
- Food
- Festival atmosphere
- Visual feedback

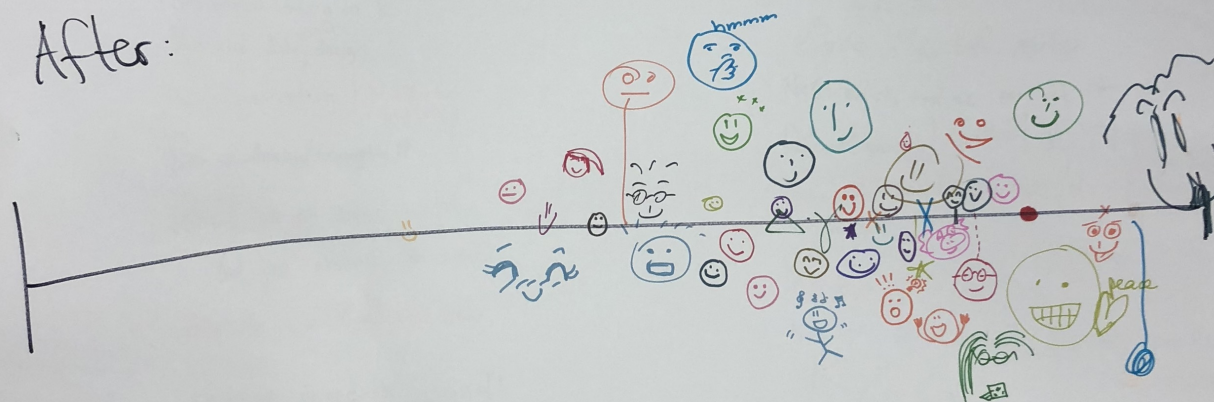

# Highlights

Confidence + Knowledge

Before:

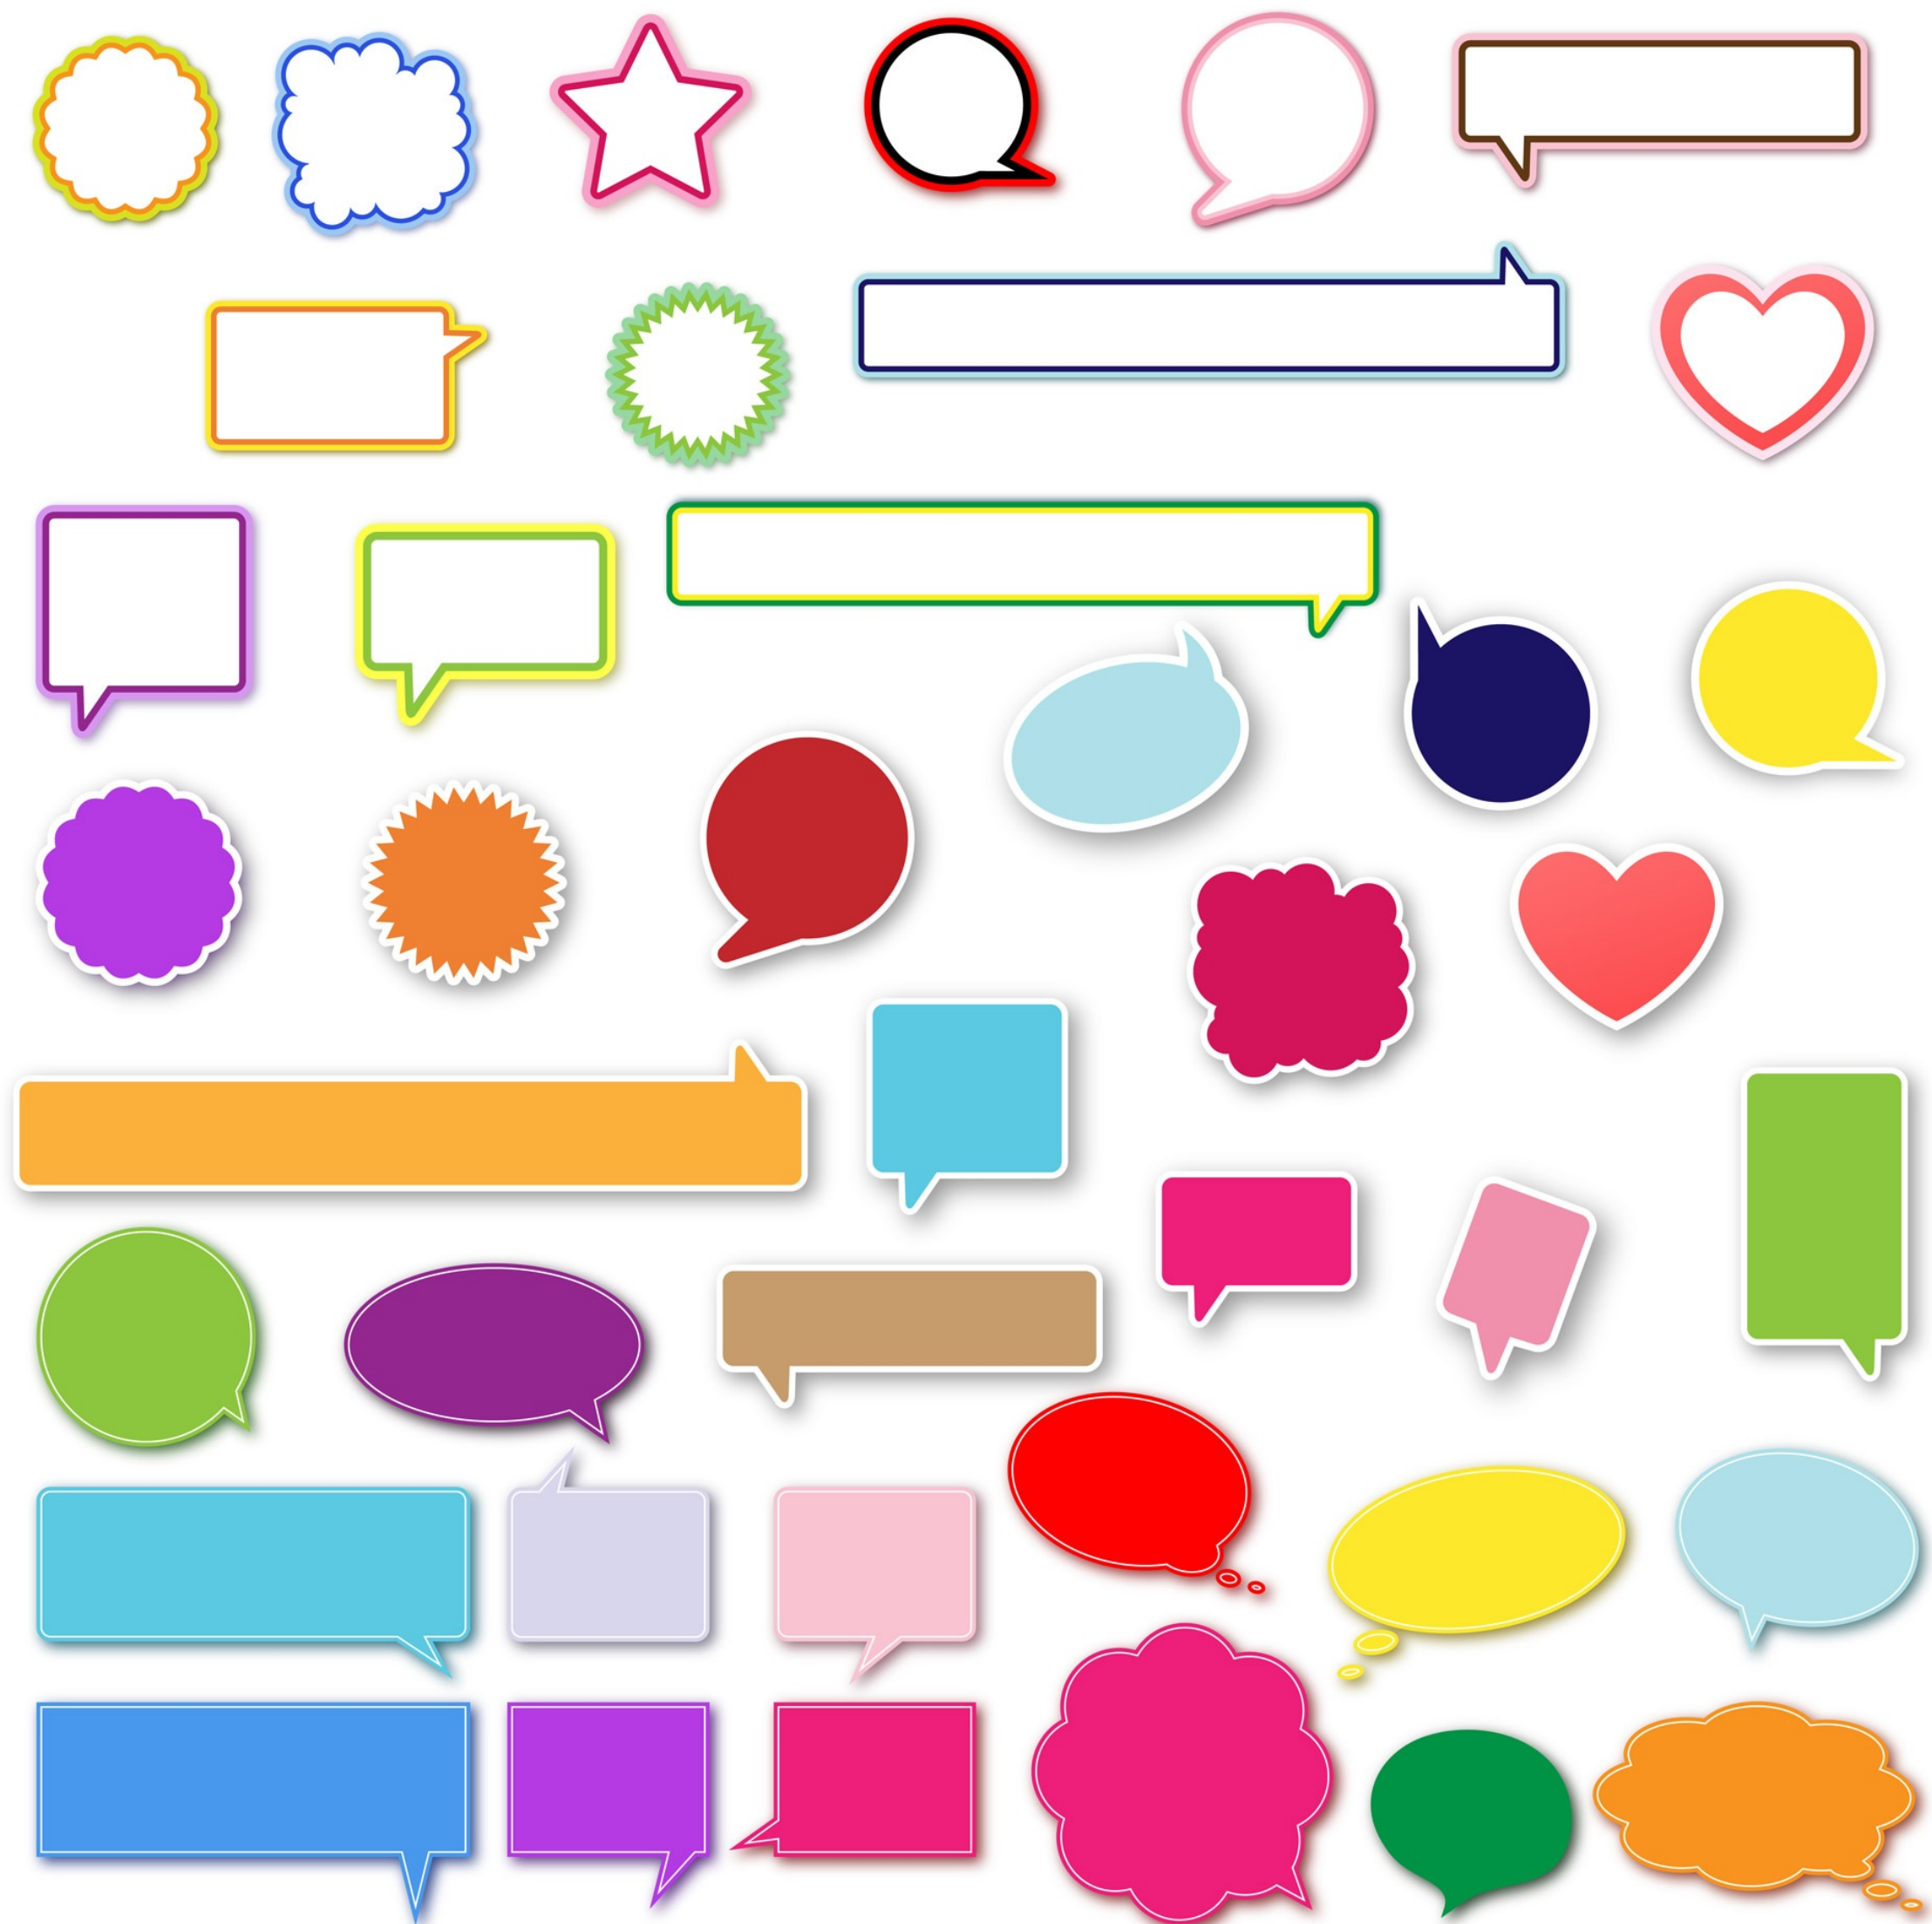

After:

# Wishlist

- Funding
- More diversity among both contributors and attendees
- More awareness of the event across campuses
- Qualitative research tools sessions
- Address the no show issue
- Able to publish session content for wider access

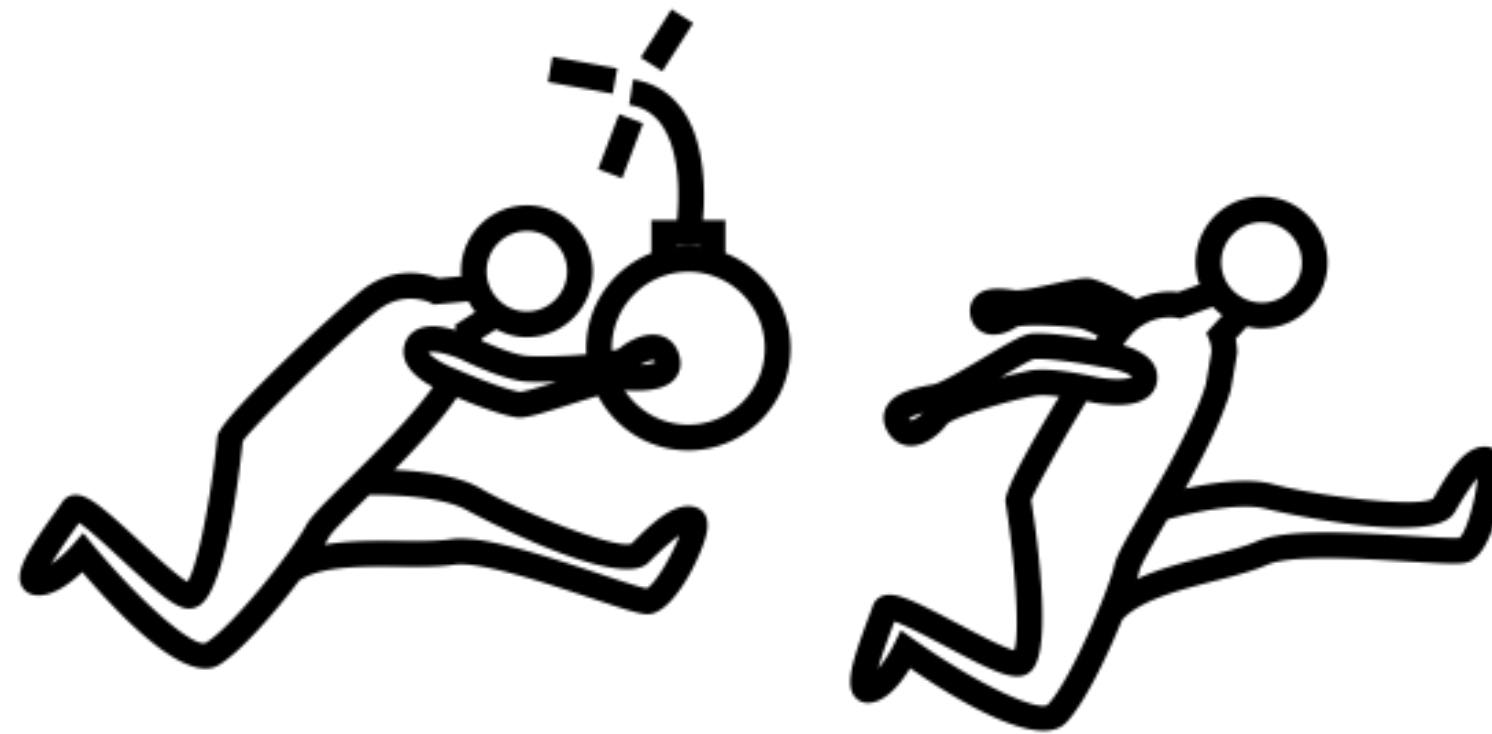

No shows ?

- Fees?

- make a poster?

- supervisor intervention?

- overbook?
