App Smashing #3: Mendeley X Lens

Eric Kunto Aribowo

Mendeley Advisor | PSPI Relawan Jurnal Indonesia

kolaborasi dengan TemanAcara yang diselenggarakan pada
Rabu, 10 Juni 2020 | 13.00-14.30 WIB
Via meet.google.com/buu-fupd-nbw

DOI: [10.6084/m9.figshare.12456767](https://doi.org/10.6084/m9.figshare.12456767)

Beberapa poin penting yang harus diperhatikan

1. Kami akan merekam agenda ini. Dengan kata lain, hak cipta ada di tangan kami. Video rekaman akan kami unggah di kanal YouTube Eric Kunto Aribowo dan website www.erickunto.com serta akan kami informasikan kemudian kepada seluruh peserta melalui email (maksimal 3x24 jam).
2. Anda dilarang melakukan perekaman layar karena termasuk pelanggaran Hak Cipta. Hak Cipta dilindungi Undang-Undang.
3. Segala bentuk aktivitas, baik narasumber maupun peserta akan direkam. Untuk mengantisipasi hal-hal yang tidak perlu ditayangkan, Anda dapat mematikan kamera.
4. Kami menyarankan agar Anda memperhatikan paparan narasumber pada saat acara berlangsung. Silakan mencoba kedua aplikasi/software ini sebelum dan sesudah acara.
5. Slide paparan akan dibagikan selepas acara.
6. Dengan bergabung di acara ini secara otomatis Anda menyetujui ketentuan-ketentuan ini.

Informasi: sertifikat elektronik dari TemanAcara akan dikirimkan melalui email maksimal 1x24 jam

Disklaimer

Agenda ini tidak memberikan penjelasan terkait fungsi-fungsi dasar Mendeley seperti membuat kutipan dan daftar pustaka, mengelola referensi, memberikan anotasi, dlsb. Materi dan demonstrasi yang ditampilkan di acara ini merupakan App Smashing “is the process of using **multiple apps** to create projects or **complete tasks**” (Greg Kulowiec, 2013).

Perangkat lunak yang digunakan:

Mendeley Desktop version 1.19.4 for Mac

Lens version 6.7.6 (web-based)

Foeckler, P., Victor H., Jan R. 2008. Mendeley, <https://www.mendeley.com/download-desktop-new/>

Apa itu Lens?

The Lens is an open global cyberinfrastructure to make the innovation system more efficient and fair, more transparent and inclusive.

The Lens is building an open platform for Innovation Cartography. Specifically, the Lens serves nearly all of the patent documents in the world as open, annotatable digital public goods that are integrated with scholarly and technical literature along with regulatory and business data. The Lens will allow document collections, aggregations, and analyses to be shared, annotated, and embedded to forge open mapping of the world of knowledge-directed innovation. Ultimately, this will restore the role of the patent system as a teaching resource to inspire and inform entrepreneurs, citizens and policy makers. Within the next two years, we expect to host over 95% of the world's patent information and link to most of the scholarly literature, creating open public innovation portfolios of individuals and institutions.

Apa saja janji dan siapa saja kolaborator Lens?

Free, Open And Secure Innovation Cartography

Our promise to you when using this website, we will always provide the best we have at no cost, to be used and shared by anyone with absolute peace of mind no one is watching.

- Free - No Charge**
With us, everyone can access and use the website at no cost. We don't do 'Freemium'. Everybody uses Lens for free. We think the ability for anyone to create new value should not be constrained by access to critical knowledge.
- Open - No Constraints**
Our core datasets are open, global and can be accessed, used and shared by anyone. We don't discriminate by who you are or where you are; we aspire to help problem solvers in any jurisdiction and any language.
- Secure - No Snooping**
Privacy matters...your Lens use is your business and yours alone. We don't share or sell any knowledge of your use of The Lens. We don't keep track of what you do (unless you ask us to). We don't advertise or let others advertise on Lens. We avoid any third party software that could expose your use to others.
- Steadfast - Always Reliable**
Since its founding as the Patent Lens in 1999, The Lens has been the longest continuously-operating open facility serving innovation knowledge for almost 20 years. The Lens has evolved to become a platform to bridge the cultures of scholarly research, invention, enterprise and industry.

Collaborating With The Best

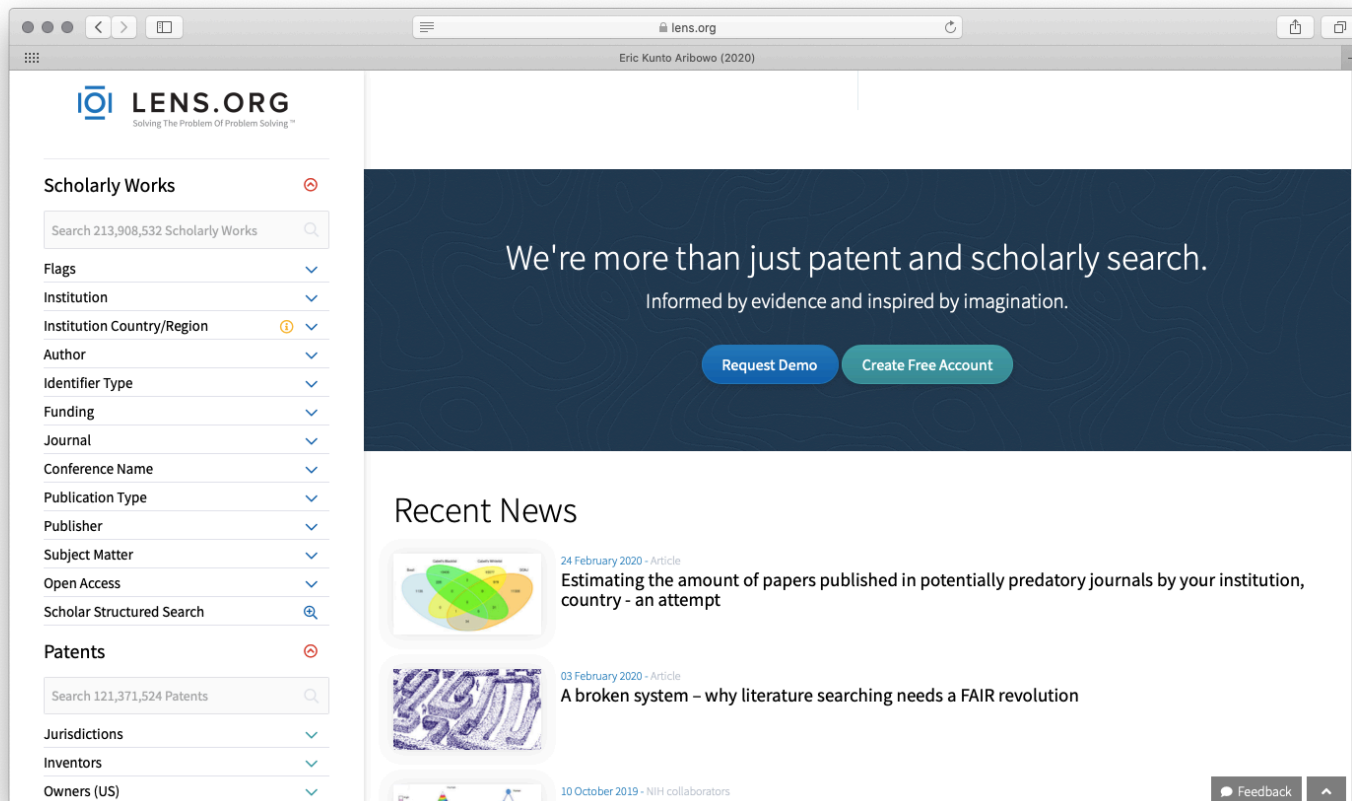

Lens collaborates with the major open access scholarly and open data initiatives, and we embed our services in major global public resources like PubMed.

Our supporters over the years include many of the great foundations that have played leading roles in harnessing science and innovation for the public good.

Data Sources & Collaborators

- PubMed
- Microsoft Academic
- Crossref
- uspto
- id ORCID
- European Patent Office
- OpenCitations
- DOAJ DIRECTORY OF OPEN ACCESS JOURNALS
- WorldCat
- PMC
- unpaywall
- GRID
- WIPO WORLD INTELLECTUAL PROPERTY
- CORE
- IP Australia PATENTS - TRADE MARKS - DESIGNS

Apa saja yang dapat ditelusur dari Lens?

Patents

- ☐ The European Patent Office's DocDB bibliographic data from 1907 - present: 81+ Million documents from nearly 100 jurisdictions.
- ☐ USPTO Applications from 2001 – present with full text and images.
- ☐ USPTO Grants from 1976 – present with full text and images.
- ☐ USPTO Assignments (14+ Million).
- ☐ European Patent Office (EP) Grants from 1980 – present with full text and images.
- ☐ WIPO PCT Applications from 1978 – present with full text and images.
- ☐ Australian Patent Full Text from IP Australia

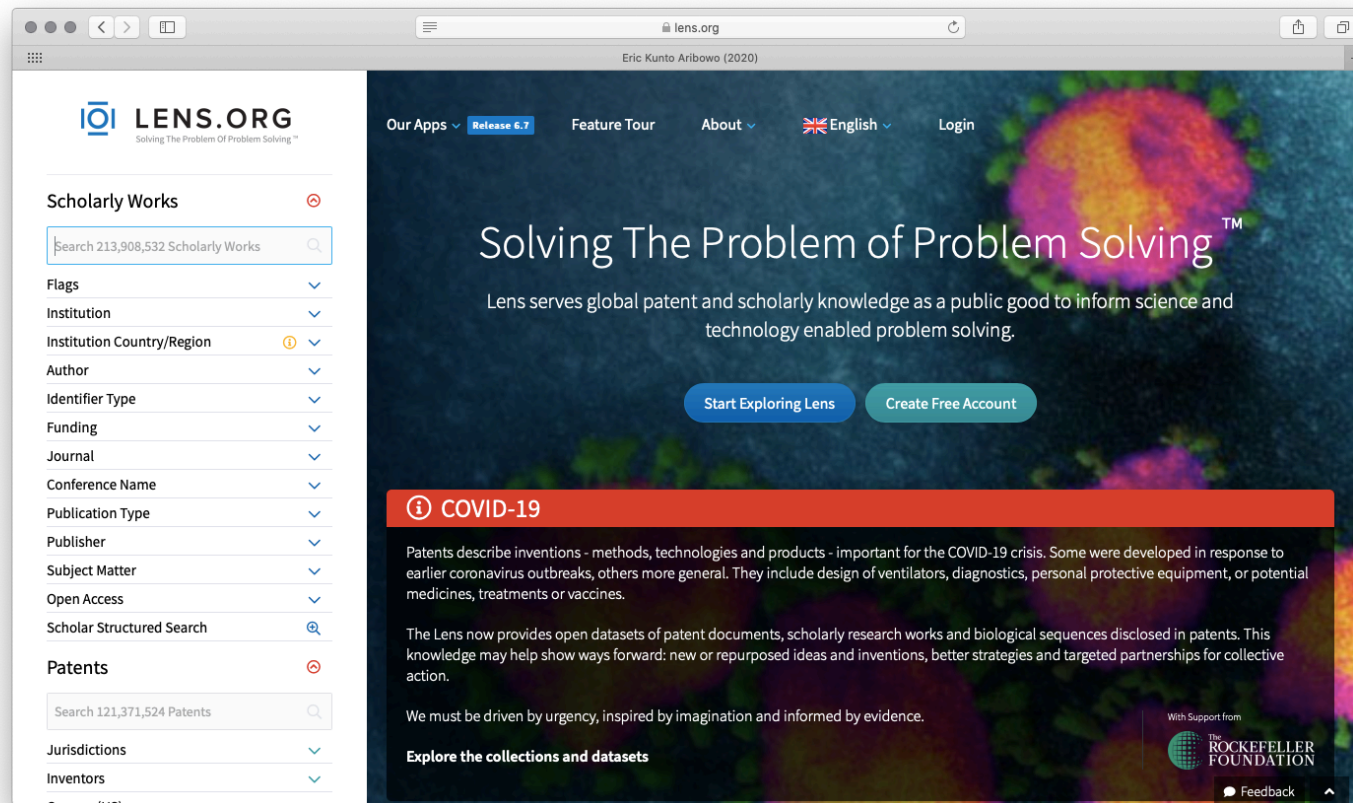

Scholarly datasets

- ☐ PubMed
- ☐ Crossref
- ☐ Microsoft Academic
- ☐ CORE
- ☐ PubMed Central

Bagaimana mendapatkan akun gratis di Lens?

Langkah-langkahnya:

1. Klik <https://www.lens.org>
2. Klik “Create Free Account”
3. Klik “REGISTER”
4. Masukkan email instansi Anda, username, dan password
5. Cek “Do you agree...”
6. Klik “REGISTER”

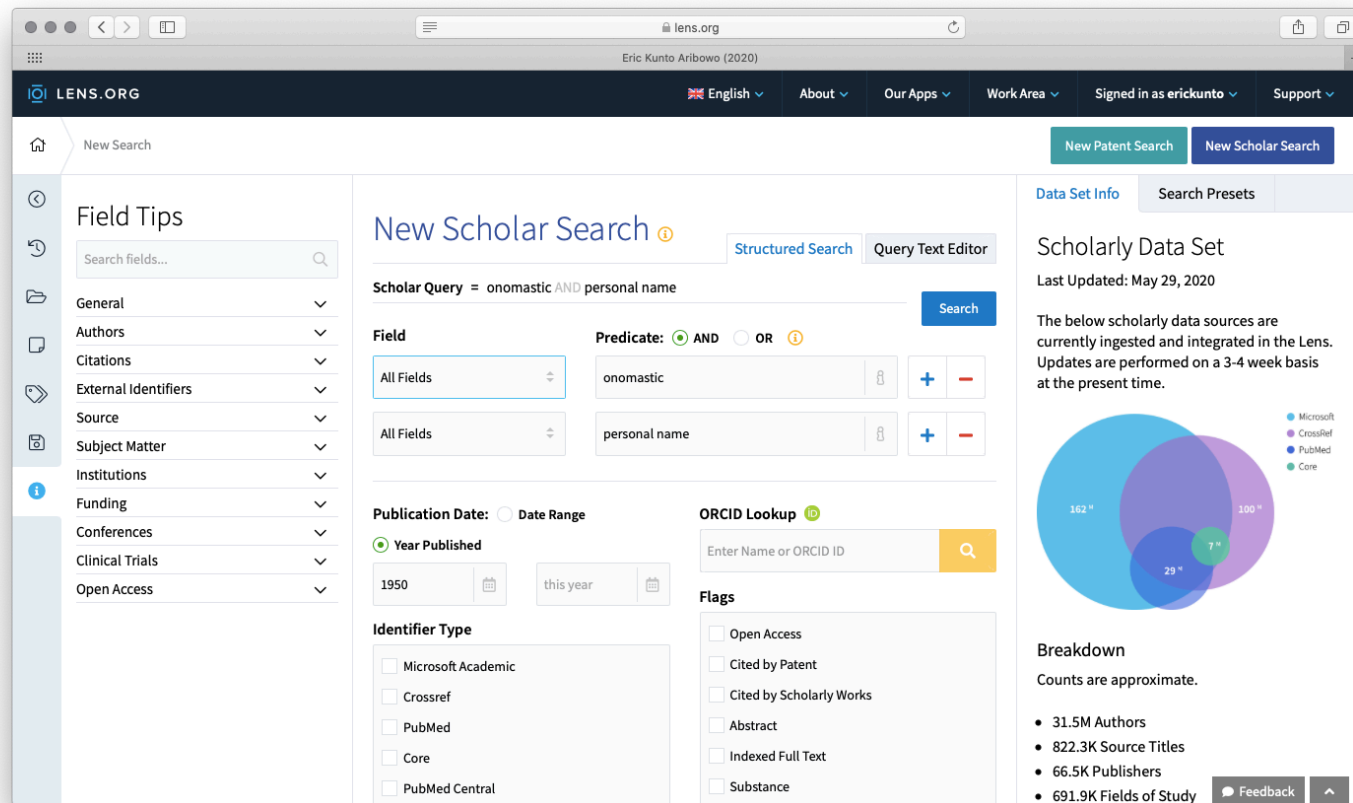

Bagaimana cara menarik data dari Lens?

Langkah-langkahnya:

1. Klik <https://www.lens.org>
2. Klik “Start Exploring Lense”
3. Klik “SEARCH”
4. Pilih dataset yang ingin dicari

Bagaimana cara menarik data dari Lens?

The screenshot shows the LENS.ORG New Scholar Search interface. The main search area is titled "New Scholar Search" and includes a "Scholar Query" field with the example query "onomastic AND personal name". Below this, there are fields for "Field" (set to "All Fields") and "Predicate" (set to "AND"). The "Publication Date" section has a "Year Published" filter set to "1950" and a "Date Range" filter set to "this year". The "ORCID Lookup" section has a search bar for "Enter Name or ORCID ID". The "Identifier Type" section has checkboxes for "Microsoft Academic", "Crossref", "PubMed", "Core", and "PubMed Central". The "Flags" section has checkboxes for "Open Access", "Cited by Patent", "Cited by Scholarly Works", "Abstract", "Indexed Full Text", and "Substance". On the right, there is a "Data Set Info" section with a "Scholarly Data Set" overview, a Venn diagram showing the overlap of data sources (Microsoft, Crossref, PubMed, Core), and a "Breakdown" section with counts: 31.5M Authors, 822.3K Source Titles, 66.5K Publishers, and 691.9K Fields of Study.

Langkah-langkahnya:

1. Klik <https://www.lens.org>
2. Klik "Start Exploring Lense"
3. Klik "SEARCH"
4. Pilih dataset yang ingin dicari
5. Masukkan kata kunci
6. Manfaatkan filter
7. Klik "SEARCH"

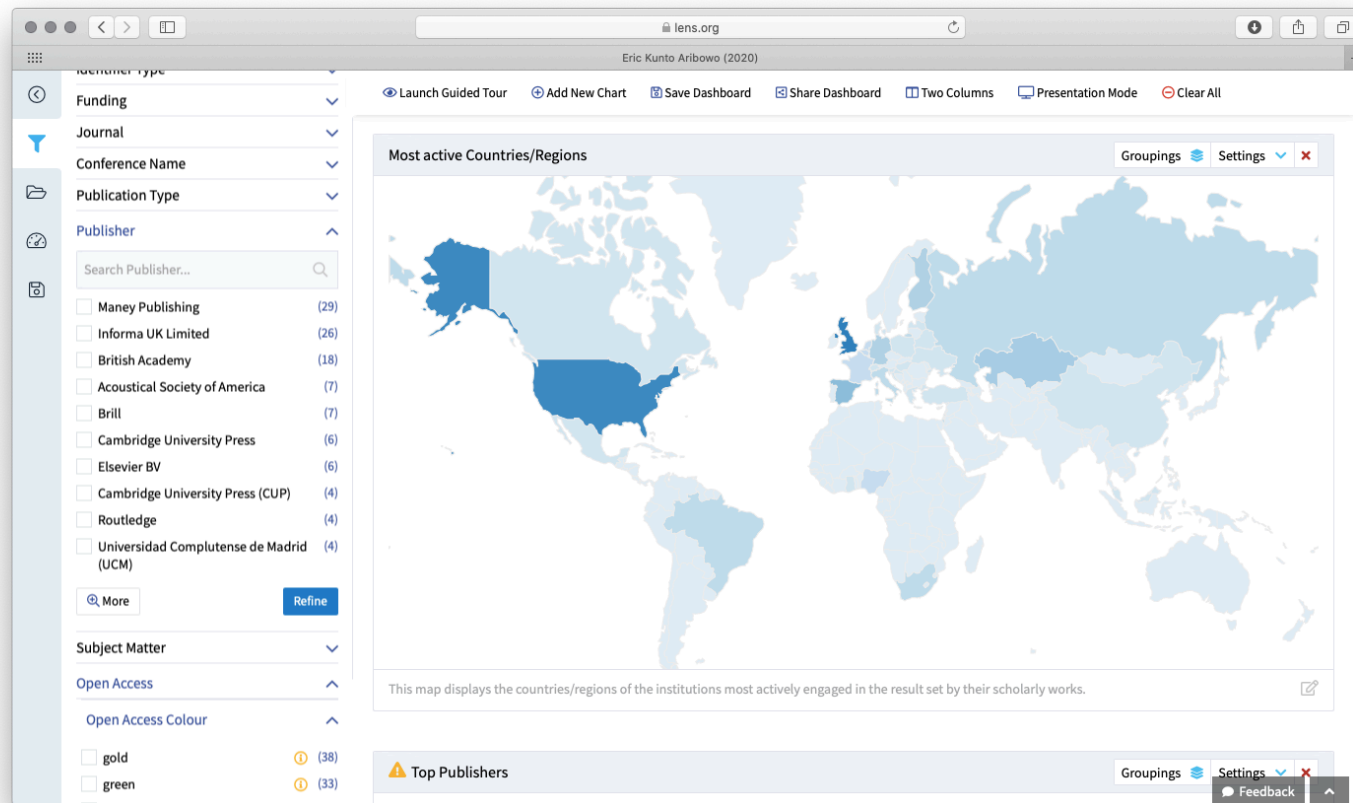

Apa saja yang bisa ditemukan dari penarikan data Lens?

The screenshot displays the LENS.ORG web application interface. At the top, the navigation bar includes the LENS.ORG logo, language selection (English), and links for About, Our Apps, Work Area, and Support. The user is signed in as 'erickunto'. The main content area shows '374 Scholarly Results' for the search query 'onomastic AND (personal name)'. A left sidebar contains a 'Filters' section with a 'Date Range' filter set to '1950 - 2020' and a list of other filter categories like Institution, Author, and Funding. The main results section is titled 'Scholar Results' and shows a summary of 'Scholarly Works (374)'. Below this, a table provides counts for various metrics: Works in Set (374), Works Cited by Patents (0), Citing Patents (0), Patent Citations (0), Works Cited by Scholarly (141), and Scholarly Citations (805). The results are displayed in a list view, showing two entries. The first entry is 'Naming practices with special reference to Xitsonga personal names : an onomastic analysis' by Famandha Reckson Baloyi, published in 2014. The second entry is 'Manual of Catalan Linguistics - 15. Onomastics: Personal Names and Place Names' by Albert Turull, published in April 2020. To the right of the results, an 'Institution Name' section shows logos and counts for the University of Cambridge (4), Al-Farabi University (3), and the Russian Academy of Sciences (2).

Filter:

1. Institusi
2. Negara/Regional
3. Penulis
4. Basisdata
5. Pemberi dana
6. Jurnal
7. Nama Konferensi
8. Tipe publikasi
9. Penerbit
10. Bidang riset
11. Open Access

Apa saja analisis yang disajikan Lens?

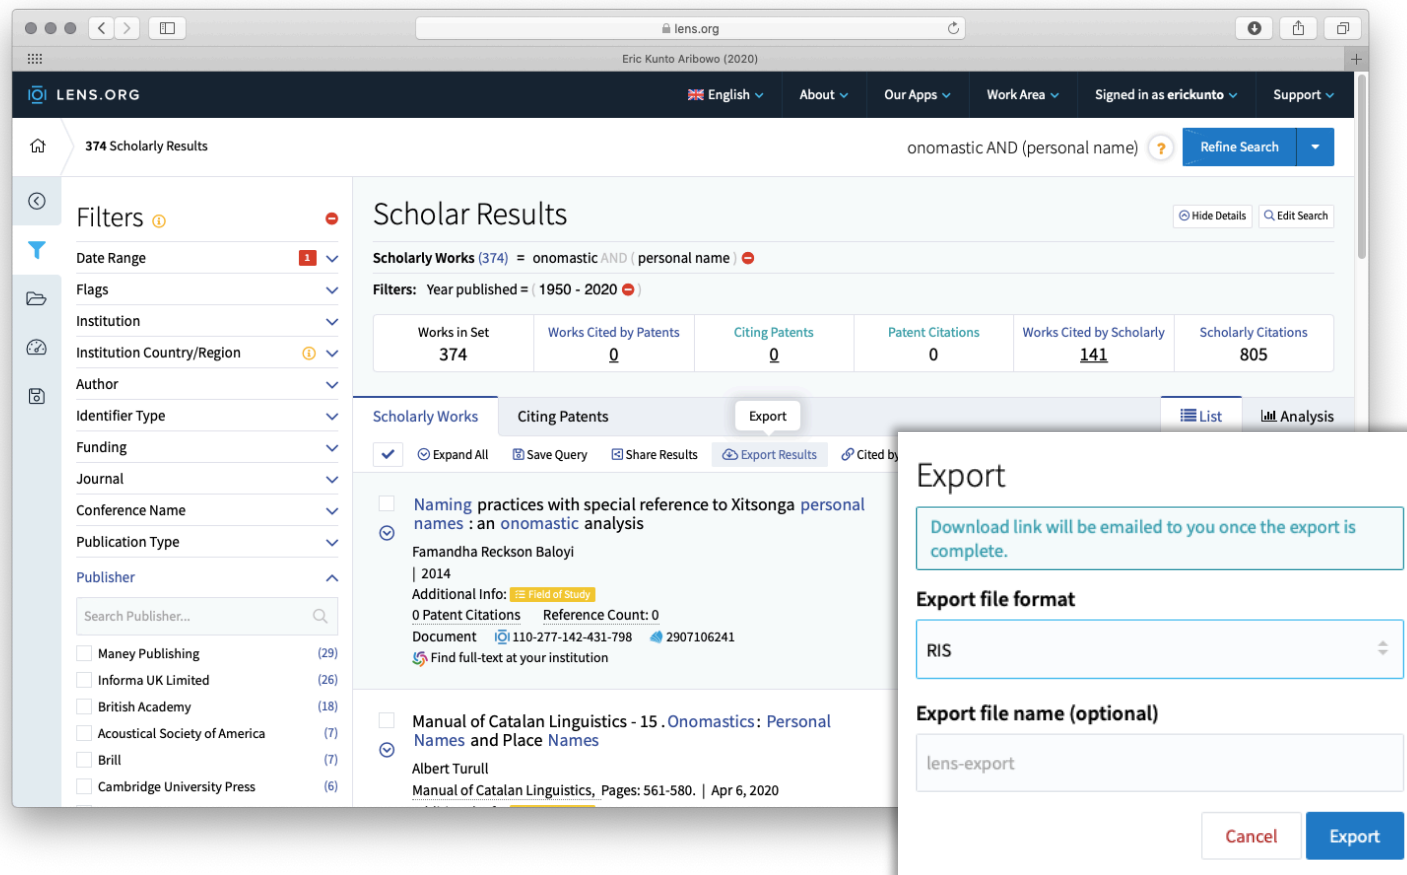

Grafik analisis:

1. Top institutions
2. Scholarly works over time
3. Top fields of study
4. Fields of study covered
5. Most active authors
6. Works cited by patents/scholarly works
7. Most active countries/regions
8. Top publisher
9. Top journals by publisher

“I'm still learning.”

-Michelangelo

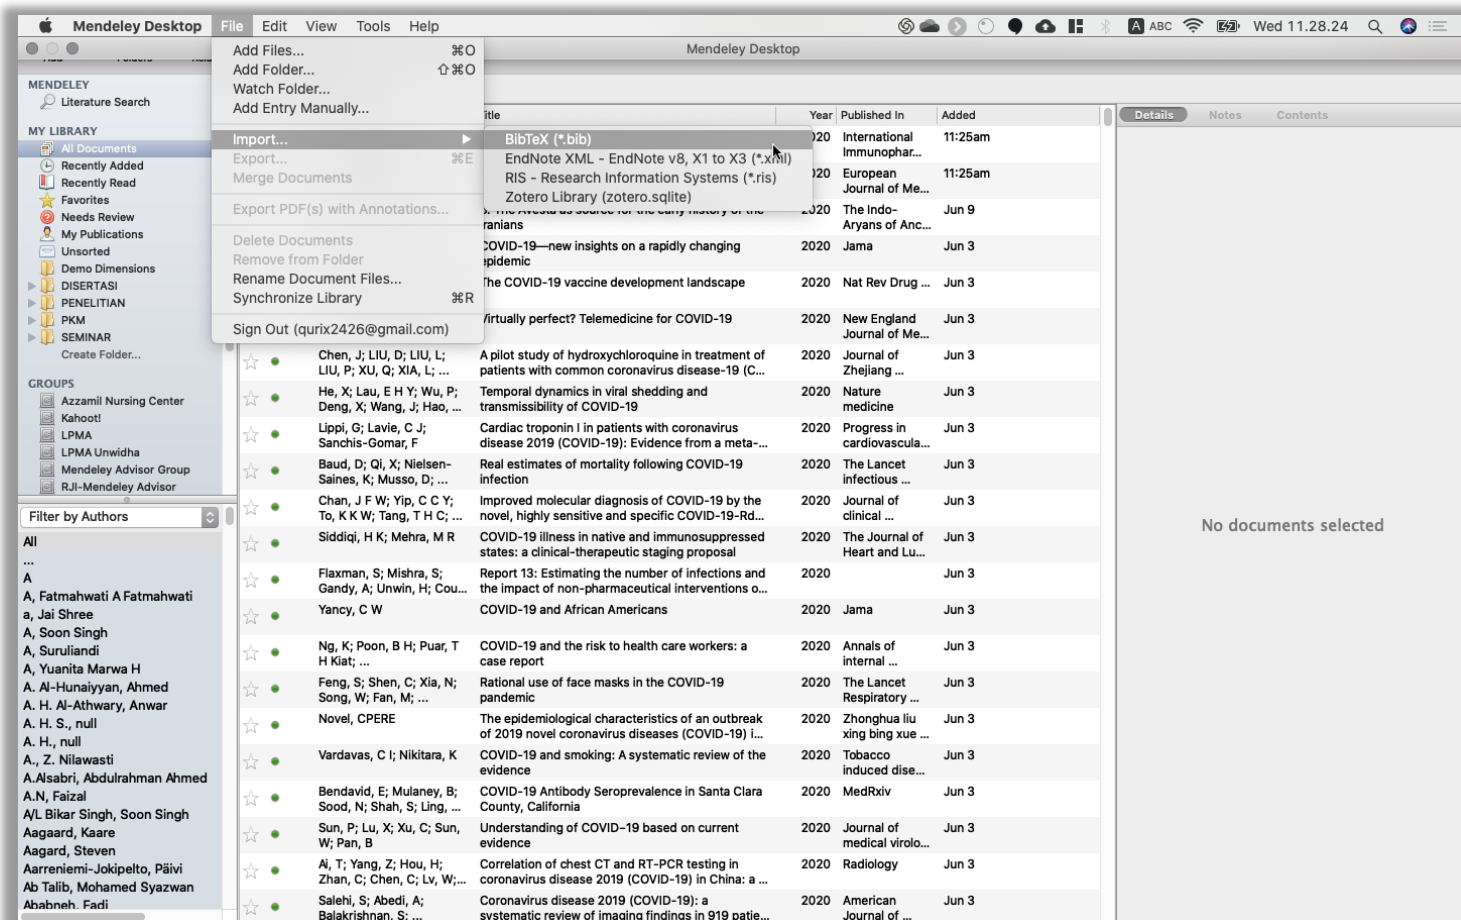

Bagaimana cara menyimpan hasil pencarian dari Lens dan mengimpor ke Mendeley Desktop?

Langkah-langkahnya:

1. Klik “**Export Results**”
2. Pilih format **RIS** atau **BibTeX**
3. Buka Mendeley Desktop
4. Pilih **File > Import** > pilih file
5. Klik **OK**

Bagaimana cara menyimpan hasil pencarian dari Lens dan mengimpor ke Mendeley Desktop?

Langkah-langkahnya:

1. Klik “**Export Results**”
2. Pilih format **RIS** atau **BibTeX**
3. Buka Mendeley Desktop
4. Pilih **File > Import > pilih file**
5. Klik **OK**

“There is no **BEST** tool in **research**, but some are more **interesting** than others.”
