

Pre-Screening: Informed Consent

Hey you! 🙌 We are collecting participants for a study that evaluates how a security linter/static analysis tool fairs. You will have to answer 3 questions regarding your technology/professional experience, 3 programming questions and later validate three different warnings provided by the static analyzer. In both forms, you will have to submit your prolific ID. We won't use or share any of your data with third-parties.

If you qualify for this study, we will send you a new request to participate in the second phase of the pre-screening.

* Required

1. By choosing "I agree" below you are agreeing to participate in this research study. *

Mark only one oval.

☐ I agree
