

Supplementary material 3

1 MAP OF FALSE KILLER WHALE ENCOUNTERS USED IN THIS STUDY

This supplementary material shows a map of acoustic encounters with false killer whales (*Pseudorca crassidens*) that were used in this study (Figure S3.1). Data were collected with two research vessels: *Lasker* (L) and *Sette* (S). For details see (Yano et al., 2018).

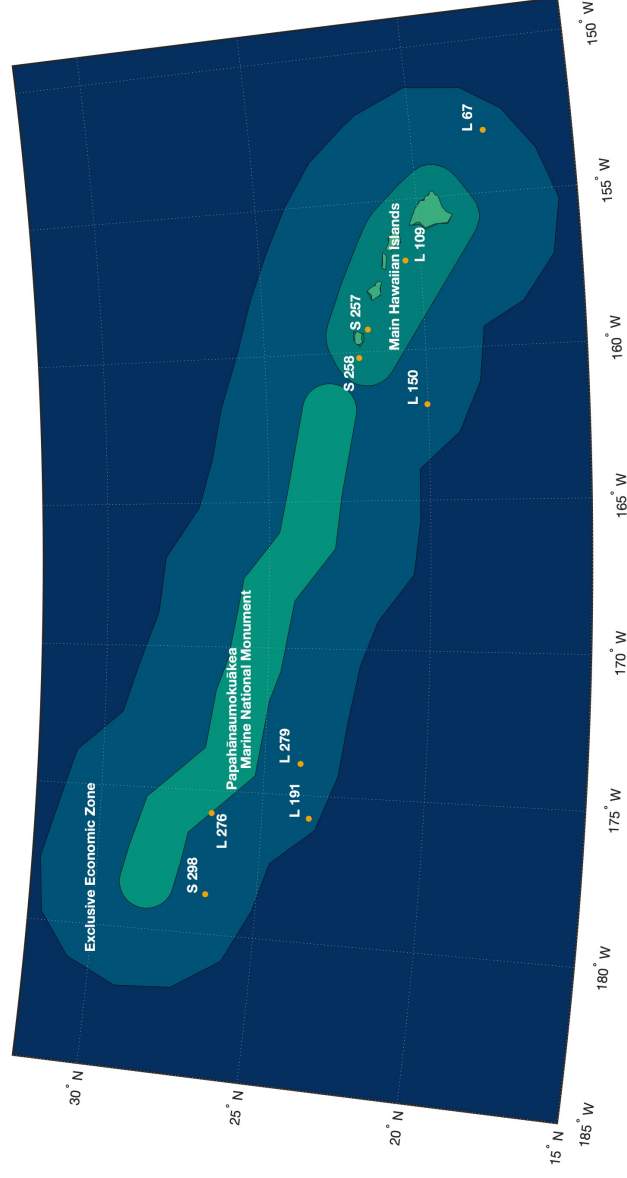

Figure S3.1. A map of acoustic encounters with false killer whales (*Pseudorca crassidens*) used in this study. The letter before the numbers corresponds to the two research vessels used to collect data: *Lasker* (L) and *Sette* (S). The numbers correspond to acoustic encounters and match the ones used in Table 1 of the manuscript.
