

# **Particle size distributions of organic aerosol constituents during the 2002 Yosemite Aerosol Characterization Study**

Pierre Herckes<sup>+</sup>, Guenter Engling, Sonia M. Kreidenweis  
Jeffrey L. Collett, Jr.\*

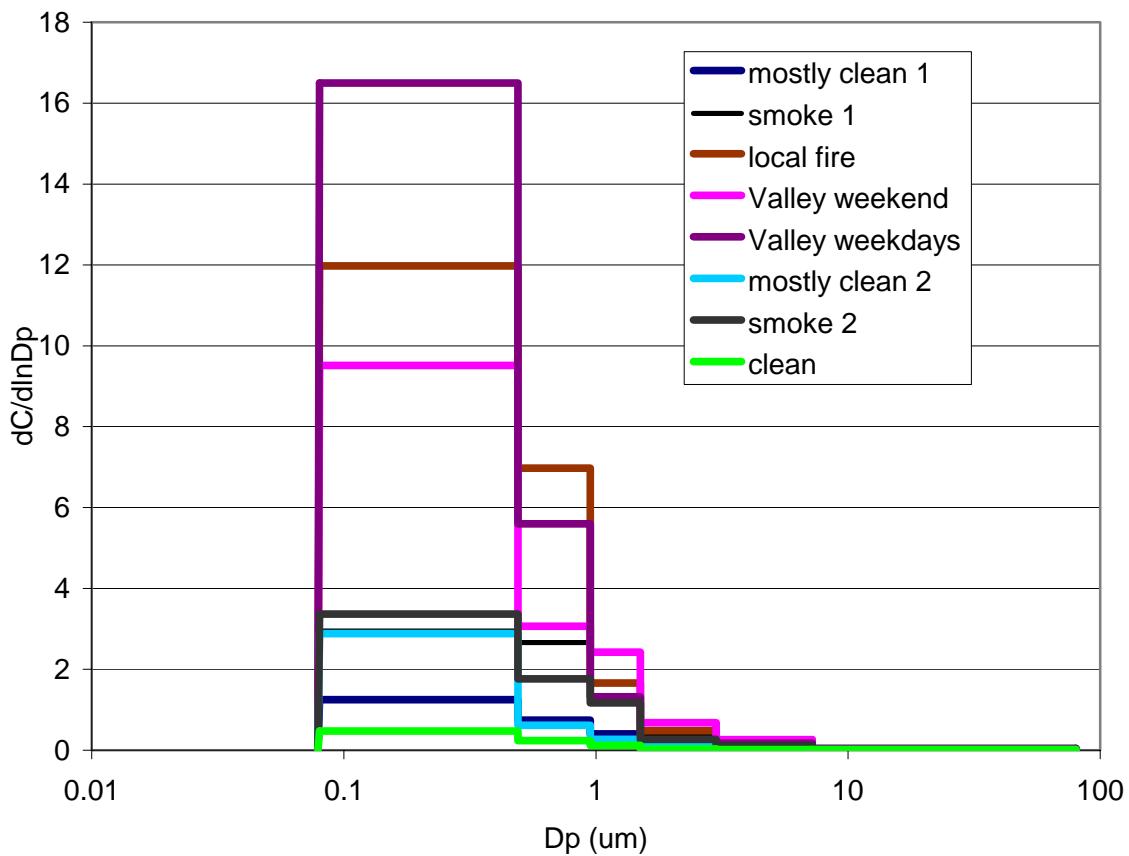

## **Supporting information**

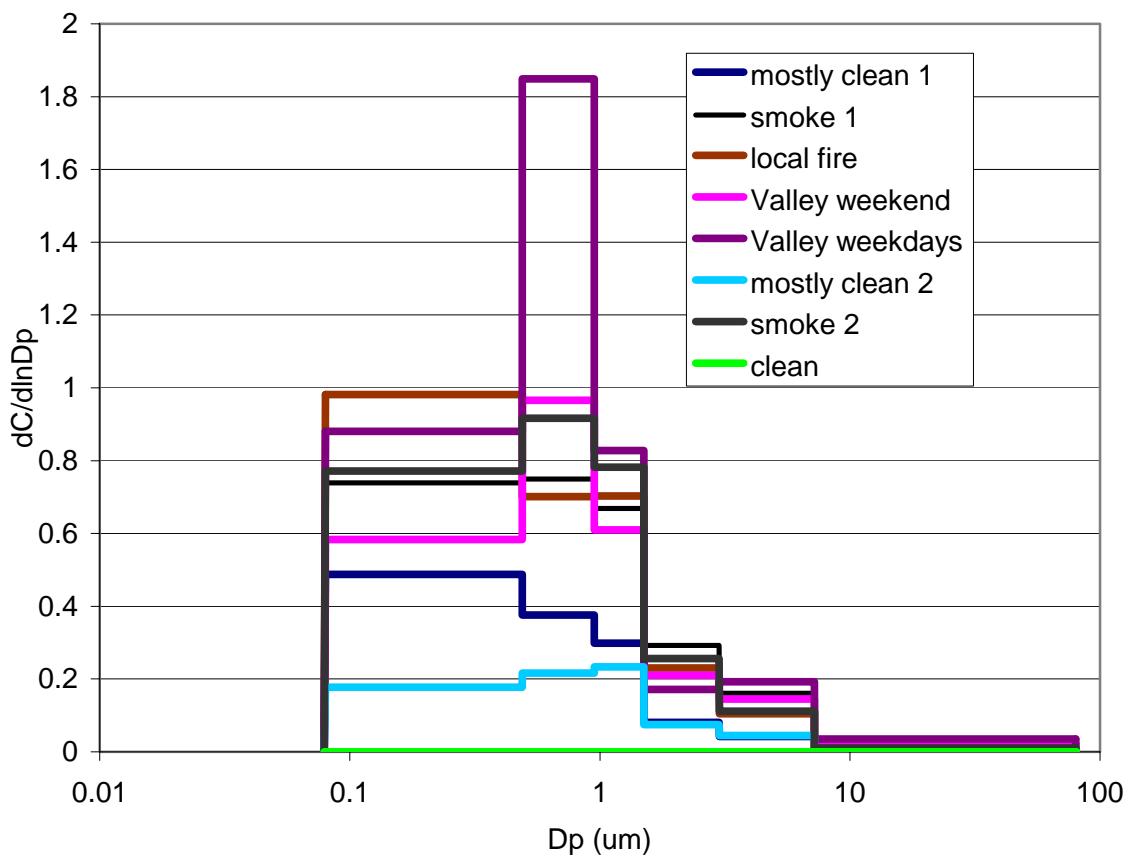

**Figure A.** Particle size distributions of acetovanillone.

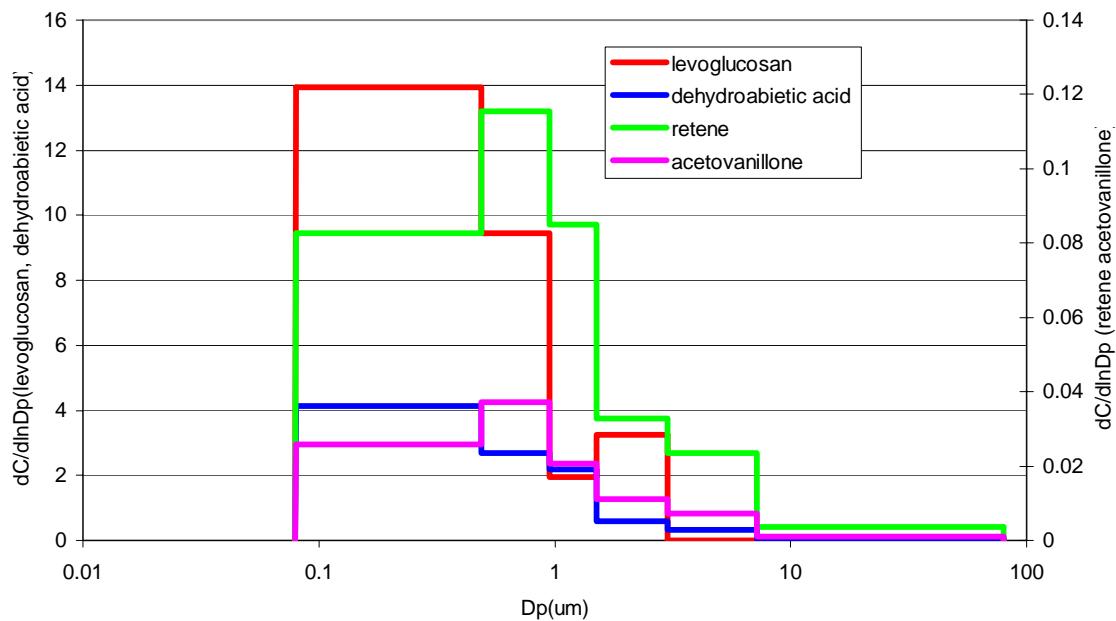

**Figure B.** Particle size distributions of dehydroabietic acid

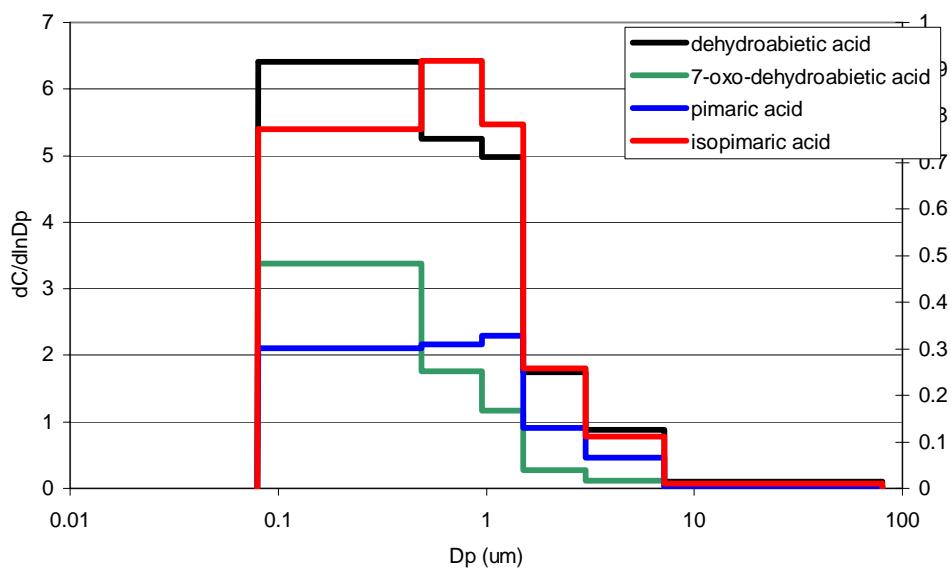

**Figure C.** Particle size distributions of 7-oxo-dehydroabietic acid observed during YACS.

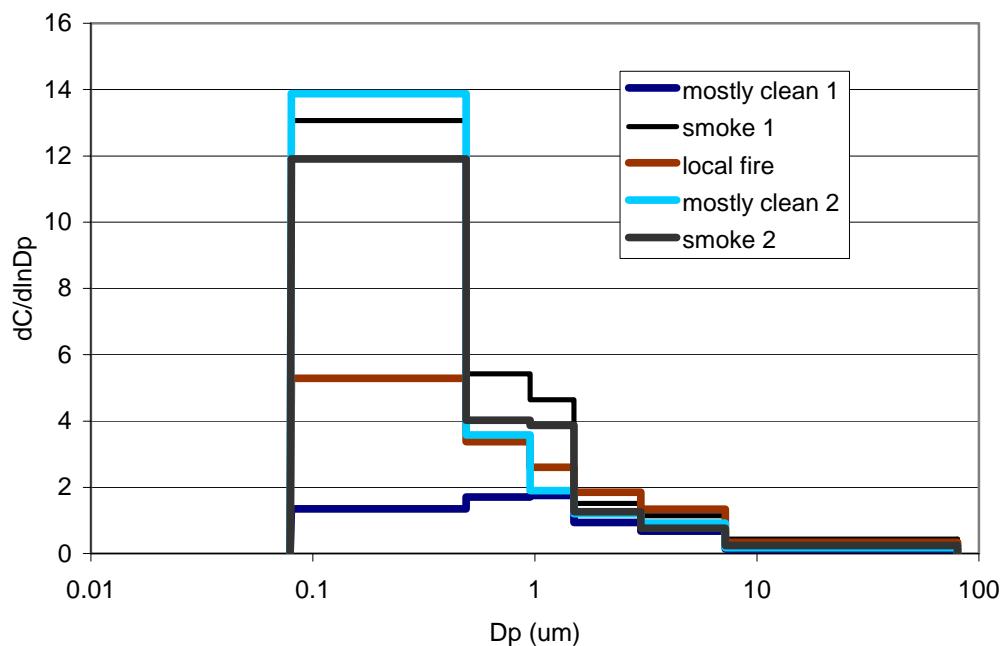

**Figure D.** Particle size distributions of isopimaric acid observed during YACS.

**Figure E** Particle size distributions of selected wood smoke markers for sample YS072501 “mostly clean 1”.

**Figure F.** Particle size distributions of resin acids for sample “smoke 2”.

**Figure G.** Particle size distribution of pinonic acid.

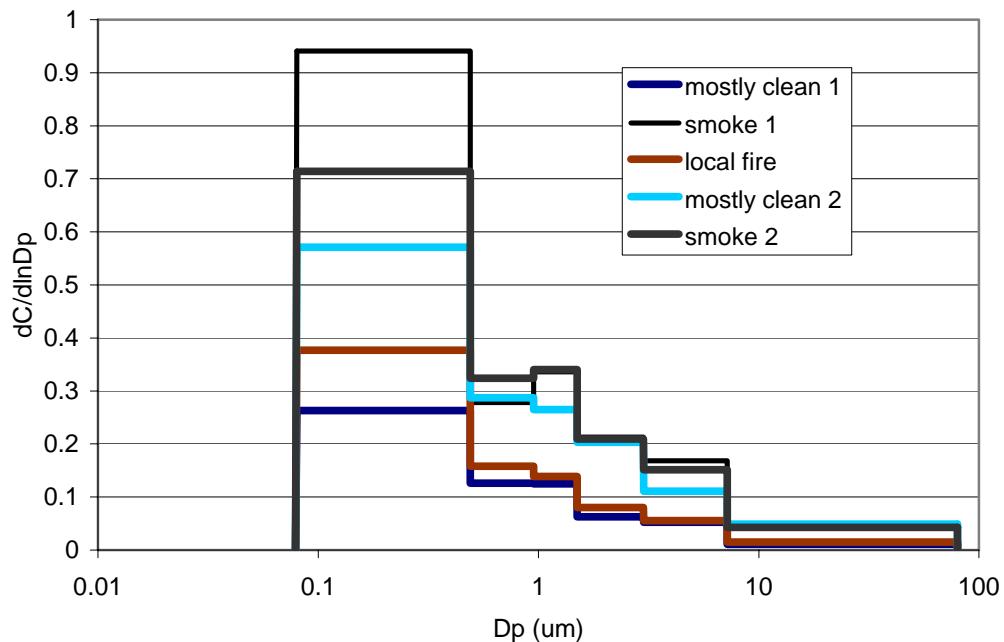

Figure H. Particle size distribution of nopione.

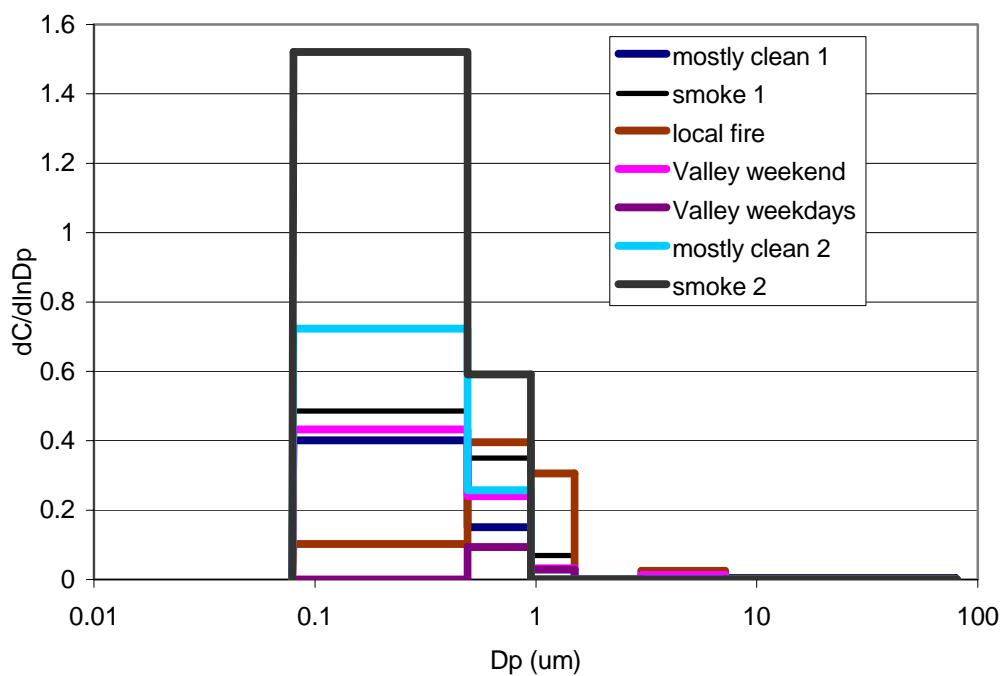

Figure I. Particle size distributions of adipic acid during YACS.
